

# MARINE ORNITHOLOGY

*Marine Ornithology* is published by the Pacific Seabird Group, on behalf of the African, Australasian, Dutch, Japanese and UK Seabird Groups. The journal provides an international outlet for publications relating to marine birds, extending its reach and accessibility by appearing free on the World Wide Web in a form that can be downloaded and printed in the same style as the hardcopy document. The print version is available for both individual and institutional subscribers.

Remittances for all institutional and all other individual subscriptions to the print version of *Marine Ornithology* should be sent in US dollars or the equivalent (institutional US\$80, individual US\$40) to: Tony Gaston, 174 Dufferin Road - Unit 11, Ottawa, Ontario K1M 2A6, Canada. E-mail: [marine.ornithology@ec.gc.ca](mailto:marine.ornithology@ec.gc.ca).

Individual subscription rates for residents of World Bank classified "low income" and "middle income" countries, are set at half the rate for those in wealthier countries (individual \$20). (for country classifications, see <http://web.worldbank.org/WBSITE/EXTERNAL/DATASTATISTICS>).

*Marine Ornithology* publishes papers relating to the biology and conservation of birds associated with the marine environment—behaviour, biogeography, ecology, evolution, genetics, physiology and systematics. Papers are especially invited on topics relating to the special adaptations of marine birds, the relationship between seabirds and oceanography and seabird-fisheries interactions. Papers will be accepted on their merits as either pure science (advancement of knowledge), or conservation (advancement of seabird conservation), including issues relating to public policy and legislation. Normal academic publishing policy is followed with respect to authorship, originality, and sole publication. Everything that appears in the printed journal also appears on the website.

Submissions may be any of the following:

**Review articles:** major papers reviewing an area of marine bird science or conservation that achieve a new synthesis of existing information;

**Papers:** reports of research results or conservation action exceeding 2000 words in length;

**Short communications:** reports shorter than 2000 words;

**Status reports:** comprehensive reviews of seabird population status for species and geographical regions;

**Forum articles:** short papers commenting on material carried by the journal, reporting new hypotheses relating to marine bird science or conservation, or reporting biological or physical processes relevant to marine birds but hitherto little known or ignored by marine ornithologists.

General queries relating to *Marine Ornithology* should be directed to:

**Tony Gaston, Managing Editor**

174 Dufferin Road, Unit 11,  
Ottawa, Ontario K1M 2A6  
Canada  
([marine.ornithology@ec.gc.ca](mailto:marine.ornithology@ec.gc.ca))

All material for publication, except book reviews and Forum articles, should be submitted to:

**North American, Asian and North Pacific studies:**

Scott Hatch, Editor  
U.S. Geological Survey, Alaska Science Center  
1011 East Tudor Road, Anchorage  
Alaska 99503  
USA  
([shatch@usgs.gov](mailto:shatch@usgs.gov))

**Southern Hemisphere and African studies:**

Peter Dann, Editor  
Phillip Island Nature Park  
P. O. Box 97, Cowes  
Phillip Island, Victoria, 3922  
Australia  
([pdann@penguins.org.au](mailto:pdann@penguins.org.au))

**European studies:**

Rob Barrett, Editor  
Zoology Department, Tromsø University Museum  
University of Tromsø  
NO-9037 Tromsø  
Norway  
([robb@tmu.uit.no](mailto:robb@tmu.uit.no))

**Forum pieces for all regions:**

John Cooper, Forum Editor  
Animal Demography Unit,  
Department of Zoology, University of Cape Town,  
Rondebosch, 7701,  
South Africa.  
([John.Cooper@uct.ac.za](mailto:John.Cooper@uct.ac.za))

**Reviews, and books, monographs and proceedings for review:**

Alan Burger, Review Editor  
740 Kane Valley Road  
PO Box 2539  
Merritt, BC V1K 1B8  
Canada
