NOTICE TO CONTRIBUTORS

Manuscripts can be submitted in Spanish, Portuguese, or English on any aspect of avian biology in the Neotropics. However, we do not accept submissions on new geographical records or range extensions unless those are presented in a broader biogeographical context. All papers submitted shall reflect the results of original research. Authors are not required to pay page charges for papers of 10 printed pages or less, although contribution to page costs will be appreciated. However, authors are required to pay page charges for major articles > 10 printed pages, and short communications > four printed pages (US \$50 per extra page). All authors involved in a manuscript at the date of submission must be maintained throughout the processing of the manuscript; later changes will not be accepted and will result in excluding the manuscript from the further review and editing process.

All persons interested in publishing in ORNITOLOGIA NEOTROPICAL are welcome to submit their manuscripts to Dr. André-A. Weller, Editor, Zoologisches Forschungsmuseum A. Koenig, Adenauerallee 160, 53113 Bonn, Germany (E-mail: a.weller@zfmk.de).

MANUSCRIPTS

Potential authors are invited to obtain additional detailed instructions, in English, Portuguese, or Spanish, from the editor by e-mail or from the web page <<http://www.ibiologia.unam.mx/links/neo.html>>. Manuscripts should be only submitted by e-mail and must be in Word format (i.e., text as .doc). Type all parts of the manuscript double-spaced on one side of letter size (216 x 279 mm or similar) pages, with at least 25 mm margins. Avoid footnotes. Provide a concise title and an abridged title for a running head. Avoid using tables as much as possible, using text or illustrations where possible. Put each table, figure, and their legends on extra pages after References (no extra files!). Material in the tables or graphs should not be repeated in the text. Write mathematical formulas on one line, where possible.

All major papers should have an abstract in English and another one in Spanish or Portuguese, designed to acquaint readers with the essential points in the text. It should contain no more than 300 words and should be suitable for the use of abstracting services. In addition, no more than 10 key words should be provided at the end of the abstract. Manuscripts intended to be "Short Communications" should be 6 typed pages or less, not including figures and tables. They require a title in an alternative language and key words but no abstract; otherwise they are organized the same as major articles. Use the metric system in text, figures, and tables. Designate clock time in the 24-h system (e.g., 06:30 or 20:00 h). Use the European system of calendar notation (e.g., 4 December 1987). Use long dashes "Alt+0150" for numerical and time intervals (e.g., 8–20; 2005–2009; March–April 2011). For English manuscripts, use American comma and spelling rules.

All illustrative material should be arranged in the form of figures, each with an arabic number. Graphs, maps, and drawings should be designed for reduction by at least one-half. Include a key to symbols in the illustration unless the symbols can be described in the legend. Photographs must be sharp and of good contrast showing details in important areas. Prints from monochrome (black-and-white) film are preferred. Photographs and paintings can be published in color at authors' costs (US \$50 per page).

Make sure that all citations in the text are listed in the end of the paper, and that all papers listed have been cited. In-text citations of publications by two author should be as, e.g., "Areta & Bodrati", three or more authors should be as, e.g., "Buckley *et al.*". Check for correct journal abbreviations. For book citations, add publisher, city, and federal state or country. Use long dashes "Alt+0150" for page numbers in references (e.g., 35–49). Consult a recent issue of ORNITOLOGIA NEOTROPICAL for details of citations.

Proof corrections will be made without charge but authors' revision of proofs, not due to page-setting errors, will be charged to the author at US \$5 per revision line. Return proofs and typescript of major papers within one week after receipt, and proofs of short communications within three days. No reprint will be available but authors will receive a pdf file of their paper and will be allowed to make copies. ORNITOLOGIA NEOTROPICAL is printed on 100% recycled acid-free paper.

MEMBERSHIP AND PAYMENT

Any person interested in ornithology may become a member of the Neotropical Ornithological Society upon payment of dues. Members of all classes receive ORNITOLOGIA NEOTROPICAL quarterly. Membership dues per calendar year are: Students inside Latin America/Caribbean (please include proof) - US \$30; Students outside Latin America - \$35; Residents of Latin America/Caribbean \$42; Residents outside Latin America \$55; 4-year membership (4 x rate above); Libraries/Institutions - \$150; Life members - \$1,000 (can be paid in four \$250 installments over one year).

ORNITOLOGIA NEOTROPICAL of the current year is sent by third class mail. All payments must be to the Treasurer in US currency using one of the following options:

1. You may write a **check** made out to "Neotropical Ornithological Society" and mail this to the NOS Treasurer at the address below.
2. You may use a **credit card to pay online** using the **Justgive** website (www.JustGive.org; see instructions at bottom of page) or **PayPal** (<http://www.ibiologia.unam.mx/links/neo/pay.html>; go to Page Charges line).
3. Payments made from within the USA can also be made as **direct deposit** into the NOS bank account:

Organization: Neotropical Ornithological Society
Bank: Bank of America
Bank Account: 4350 2690 0319
SWIFT Code: BOFAUS3N
Bank Address: 235 Maple Avenue West, Vienna, VA 22180, USA
Bank Phone: (703) 319-2670

We are no longer able to accept credit card information over e-mail for security reasons. For questions about payment please contact the treasurer Daniel Lebbin (nostreasurer@gmail.com).

ORNITOLOGIA NEOTROPICAL (USPS 0019841, ISSN 1075-4377) is a refereed journal published quarterly. Periodical postage is paid at East Lansing, MI 48823, USA and additional mailing services. POSTMASTER: Send address changes to the Treasurer, address below. Printed at San Antonio, Texas, USA by Prestige Printing and published by the Neotropical Ornithological Society, c/o Daniel Lebbin, Neotropical Ornithological Society, P.O. Box 185, The Plains, VA 20198-0185, USA.
