# BULLETIN

OF THE

## Nuttall Ornithological Club:

A QUARTERLY JOURNAL OF ORNITHOLOGY.

SEVENTH YEAR OF PUBLICATION.

This BULLETIN is the only periodical publication in America devoted to

### GENERAL ORNITHOLOGY.

All the leading ornithologists of this country, and nearly all others who are actively interested in the progress of the science, are regular contributors to its pages.

Though intended primarily as the medium of communication between working ornithologists, and consequently maintaining a high technical character, it aims to be entertaining as well as instructive, and contains a fair proportion of sufficiently popular matter to suit all those who are interested in Birds. It will be mainly devoted, as heretofore, to the Ornithology of North America. Being a general

### MAGAZINE OF ORNITHOLOGY,

its review department promptly gives critical notices, not only of all American works and papers, but of the more important publications relating to Ornithology at large; while its department of General Notes is rich in the experiences of the working ornithologists of this country.

As heretofore, the Editorial Supervision is in charge of

MR. J. A. ALLEN,
