NEW RELEASE FOR THE WORLD WORKING GROUP ON BIRDS OF PREY

The ICBP World Working Group on Birds of Prey published its first Bulletin in February. This comprises 240 pages covering a wide range of current topics including population censuses, conservation programmes, problems of protection, international smuggling, reports of conferences, etc. from many different countries.

Whilst primarily intended to serve as a means of communication between members of the Working Group, this Bulletin is available to anyone interested in birds of prey and copies can be obtained at \$7.00 or £ 4.00 post free from the Working Group (Herbertstr. 14, D-1000 Berlin 33, Fed. Rep. of Germany) or from ICBP (c/o British Museum (Natural History), Cromwell Road, London, S.W.7, England). It is hoped to publish further issues biannually.
