DUNLIN

There were very many Dunlin recoveries and controls notified during the period, those from Iceland and Portugal are detailed, the others are simply summarized.

BX 39394	Ad	7. 5.77	Dee	x 65.27N, 22.39W, Iceland	19. 7.77
BX 59562	Ad	27. 7.75	Wash	v Tejo, Portugal	29.10.77

Other recoveries were:-

Finland (56 : 8 in second half of May, 47 in the second half of July and 1 early August) ; Poland (1), Sweden (1), Norway (1), Denmark (8), West Germany (1), Netherlands (6), and France (11).

Within Britain there were 16 long distance movements recorded during the same winter, virtually all moving from Eastern England (Wash and Humber) to the west coast. A further 90 movements were noted between different estuaries in Britain and Ireland during subsequent winters.
