## INFORMATION FOR CONTRIBUTORS

Florida Field Naturalist is a refereed journal emphasizing biological field studies and observations of vertebrates, especially birds, in or near Florida and the nearby West Indies. We welcome submission of original manuscripts containing new information from these areas. We encourage electronic submission of manuscripts. Please consult recent issues of the journal and the FOS website (<http://www.fosbirds.org/content/ffn-article-submission-guidelines>) for style, noting especially that manuscripts should:

- (1) be double-spaced throughout, including tables and figure captions;
- (2) include the scientific name at the first mention of each species;
- (3) include capitalized standard English names for all birds, but lower case for English names of other organisms;
- (4) use metric units for all measurements;
- (5) use the form "7 June 2003" for all dates;
- (6) use the 24-hour clock for all indications of time (e.g., 0800, 1400);
- (7) use the following abbreviations: s (second), min (minute), h (hour);
- (8) use active voice where at all possible.

Submit manuscripts, and books for review, to the Editor, Scott Robinson. Monograph-length manuscripts may be submitted for consideration to Jerome A. Jackson, Editor of Special Publications. Field observations should be sent to the compiler of the Field Observations Committee, Brian Ahern ([barredantshrike@gmail.com](mailto:barredantshrike@gmail.com); see Field Observations, this issue).
