

Want to be an author? Publish in *Ontario Birds*

- Have you observed unusual behaviours of birds?
- Have you been monitoring a local hotspot for several years?
- Have you investigated the haunts and habits of your favorite species?
- Have you got a keen interest in the status of a particular species or group?

If the answer to any of these questions is yes, the editors of *Ontario Birds* would like to invite you to

submit your formal studies and behavioural and casual observations of note on birds in Ontario to *Ontario Birds*. *Ontario Birds* is the journal of the Ontario Field Ornithologists and is published three times per year: April, August and December. Guidelines for publishing and back issues are posted on the OFO web page (www.ofo.ca). Consult a recent copy of *Ontario Birds* for style and format.

The editors are always available to assist in the preparation of notes and articles, and to assist in literature searches and suggest methods of data analysis, if needed. All submitted material is reviewed by the editors in a collaborative, back and forth manner. We also encourage the submission of good quality photographs and graphic portrayal of observational information and field data with written submissions.

Please consult the editors for further information.

Design/Production: Judie Shore

The aim of *Ontario Birds* is to provide a vehicle for documentation of the birds of Ontario. We encourage the submission of full length articles and short notes on the status, distribution, identification, and behaviour of birds in Ontario, as well as location guides to significant Ontario birdwatching areas, and similar material of interest on Ontario birds.

Submit material for publication by e-mail attachment (or CD or DVD) to either:
chip.weseloh@canada.ca
kenabra@sympatico.ca
risleych@gmail.com

Please follow the style of this issue of *Ontario Birds*. All submissions are subject to review and editing and may be submitted to peer review beyond that of the editors. For photographic material used in *Ontario Birds*, the copyright remains in the possession of the photographers.

Ontario Field Ornithologists

Ontario Field Ornithologists (OFO) is dedicated to the study of birdlife in Ontario

OFO was formed in 1982 to unify the ever-growing numbers of field ornithologists (birders/birdwatchers) across the province, and to provide a forum for the exchange of ideas and information among its members.

The Ontario Field Ornithologists officially oversees the activities of the Ontario Bird Records Committee (OBRC); publishes a newsletter (*OFO News*) and this journal (*Ontario Birds*); operates a bird sightings listserv (ONTBIRDS), coordinated by Mark Cranford; hosts field trips throughout Ontario; and holds an Annual Convention and Banquet in the autumn. Current information on all OFO activities is on the OFO website (www.ofo.ca), coordinated by Doug Woods. Comments or questions can be directed to OFO by e-mail (of@ofo.ca).

All persons interested in bird study, regardless of their level of expertise, are invited to become members of the Ontario Field Ornithologists. Membership rates can be found on the OFO website. All members receive *Ontario Birds* and *OFO News*.
