BIRD OBSERVER NEEDS TYPISTS

BIRD OBSERVER NEEDS TYPISTS to produce camera-ready copy for this journal. (Such typing must be done on an IBM Correcting Selectric 12-pitch typewriter; so if you own or have access to such a machine, that would be a distinct plus.) If you are a GOOD OR EXPERT TYPIST - with or without a typewriter - and would like to join the BIRD OBSERVER staff, please call the editor at 641-2205 (anytime).

WANTED: Computer Equipment

BIRD OBSERVER would like to go to word processing and database management. We are in need of several computer systems. If you have good used computer equipment that you would like to donate, please contact: Computer Committee, Bird Observer, 462 Trapelo Road, Belmont, MA 02178. Bird Observer is a nonprofit, tax-exempt corporation with an unpaid volunteer staff. All donations are tax deductible.
