

American Birds is the one journal that keeps you up-to-date on the ever-changing birdlife of Canada, the United States, and Latin America

"A must for bird-finding..." Olin Sewall Pettingill Jr.

"I devour it eagerly..." Roger Tory Peterson

"I use it constantly..." George Miksch Sutton

"An invaluable mine of information..." Chandler S. Robbins

"American Birds is a necessity for bird-lovers..." S. Dillon Ripley

Identification: Illustrated, detailed articles by experts on the fine points of difficult identifications.

Feature articles on the birdlife of the Americas.

The Changing Seasons: A unique continent-wide panorama for each of the four seasons. The what, where, when, how many, and by whom of U.S. and Canadian birding. Reported by more than 5000 observers, summarized by 23 regional editors, analyzed for trends and patterns in an expert review.

Christmas Bird Count: World's biggest birding project.

Special features: Photographic essays. Book and record reviews. Photo contest. "The Blue List" of declining species. University profiles.

Plus: Short papers. Work in Progress. Mini-essays. Photographs. News. Communications. And more.
