

Pileated Woodpeckers are often seen at the Ipswich River Sanctuary.  
Print by Rocio Moromisato, aged 11, Newton, Massachusetts.

#### ATTENTION CB OWNERS

With the growing popularity of Citizens Band Radios (CB's) many birders in the "hot spot" areas have an automatic communications link whereby they can exchange local sightings right on the spot, provided a common channel for use in these areas were publicized. John Fuller of Norfolk suggests Channel 11 as a call channel for use by birders to exchange reports. 10-4.
