NOTICE TO CONTRIBUTORS

Manuscripts can be submitted in Spanish, Portuguese, or English on any aspect of avian biology in the Neotropics. However, we do not accept submissions on new geographical records or range extensions unless those are presented in a broader biogeographical context. All papers submitted shall reflect the results of original research. Authors are not required to pay page charges for papers not exceeding 10 printed pages, although contribution to page costs will be appreciated. However, authors are required to pay page charges for major articles > 10 printed pages, and short communications > four printed pages. If authors wish to submit work that exceeds these limits, they shall be notified of page charges at the time of submission (US $50 per page). Photographs and graphs must be sharp and of good contrast showing unless the symbols can be described in the legend. Photographs and graphs should be designed for reduction by at least one-half. Include a key to symbols in the illustration and another one in Spanish or Portuguese, designed to acquaint readers with the essential points in the text. It should contain no more than 300 words and should be no more than 10 key words should be provided at the end of the abstract. Manuscripts intended to be “Short Communications” should be 6 typed pages or less, not including figures and tables. They require a title in an abridged title for a running head. Avoid using tables as graphical records or range extensions unless those are

MANUSCRIPTS

Potential authors are invited to obtain additional detailed instructions in English, Portuguese, or Spanish, from the editor or online (http://www.ibiologia.unam.mx/links/neo.html).

Manuscripts should be only submitted by e-mail and must be in Word format (i.e., text as .doc). Type all parts of the manuscript double-spaced on one side of letter size (216 x 279 mm or similar) pages, with at least 25 mm margins. Avoid footnotes. Provide a concise title and an abridged title for a running head. Avoid using tables as graphical records or range extensions unless those are

Make sure that all citations in the text are listed in the end of the paper, and that all papers listed have been cited. In-text citations of publications by two author should be as, e.g., “Buckley et al.”. Check for correct journal abbreviations. For book citations, add publisher, city, and federal state or country. Use long dashes “Alt+0150” for page numbers in references (e.g., 35–49). Consult a recent issue of ORNITOLOGIA NEOTROPICAL for details of citations.

Proof corrections will be made without charge but authors’ revision of proofs, not due to page-setting errors, will be charged to the author at US $5 per revision line. Return proofs and authors involved in a manuscript at the date of submission must be maintained throughout the processing of the manuscript; later changes will be not accepted and will result in excluding the manuscript from the further review and editing process.

Please provide names of 4-5 independent referees when submitting your manuscript.

All persons interested in publishing in ORNITOLOGIA NEOTROPICAL are welcome to submit their manuscripts to Dr. André-A. Weller, Editor, Zoologisches Forschungsmuseum A. Koenig, Adenauerallee 160, 53113 Bonn, Germany (E-mail: a.weller@zfmk.de).
