THE NEOTROPICAL ORNITHOLOGICAL SOCIETY (Founded 4 December 1987)

President: Jorge L. Pérez-Emán, Instituto de Zoología y Ecología Tropical, Universidad Central de Venezuela, Apartado Postal 47058, Caracas 1041-A, Venezuela (E-mail: jorge.perez@ciens.ucv.ve).

President-elect: Juan Ignacio Areta, CIICYTTP-CONICET, Materi y España, Diamante (3105), Entre Ríos, Argentina (E-mail: esporofila@yahoo.com.ar).

Editor: André-A. Weller, Zoologisches Forschungsmuseum A. Koenig, Adenauerallee 160, 53113 Bonn, Germany (E-mail: a.weller@zfmk.de).

Treasurer: Daniel Lebbin, Neotropical Ornithological Society, P.O. Box 185, The Plains, VA 20198-0185, USA (E-mail: nostreasurer@gmail.com); membership, financial matters.

Secretary: Jennifer Cahill, Centro de Biodiversidad y Genetica, Universidad Mayor de San Simón, Calle Sucre y Parque La Torre, Casilla 538, Cochabamba, Bolivia (E-mail: jcahill@fcyt.umss.edu.bo).

Board Members-at-Large: Daniel Cadena (Colombia), Cristián Estades (Chile), Eduardo E. Itrigo-Elias (México), Marcos Raposo (Brazil), Pedro Seherer Neto (Brazil), and Ursula Valdez (Peru).

Membership Secretary: Jack Clinton Eitniear, c/o Center for the Study of Tropical Birds, Inc., 218 Conway Drive, San Antonio, TX 78209-1716, USA (E-mail: jce@cstbinc.org); missing issues, back issues.

Past Presidents: Mario A. Ramos, Washington, DC, USA; François Vuilleumier, New York, NY, USA; Patricía Escalante, México, D.F., México; Joseph M. Wunderle, Luquillo, PR, USA.

Patrons: Robert G. Goelet, New York, NY, USA; Luc Hoffmann, Le Sambuc, France.

Book reviews: John G. Blake, Department of Wildlife Ecology and Conservation, 117 Newins-Ziegler Hall, PO Box 110430, University of Florida, Gainesville, FL 32611, USA (E-mail: john.blake@ufl.edu).

Obituaries: James W. Wiley, Maryland Cooperative Fish & Wildlife Research Unit, University of Maryland Eastern Shore, 1120 Trigg Hall, Princess Anne, MD 21853, USA.

Exchange of Ornitología Neotropical with other journals: Tom Webber, Florida Museum of Natural History, Gainesville, FL 32611, USA (E-mail: twebber@fmnh.ufl.edu).

Sebastian K. Herzog, Bolivia  Angela Schmitz, Germany  Joseph M. Wunderle, USA

Art for the cover page representing the Thorn-tailed Rayadito is by François Vuilleumier.
NOTICE TO CONTRIBUTORS

Manuscripts can be submitted in Spanish, Portuguese, or English on any aspect of avian biology in the Neotropics. However, we do not accept submissions on new geographical records or range extensions unless those are presented in a broad, biogeographical context. All papers submitted shall reflect the results of original research. Authors are not required to pay page charges for papers < 10 printed pages, although contribution to page costs will be appreciated. However, authors are required to pay page charges for major articles > 10 printed pages, and short communications > four printed pages (US $50 per extra page). All authors involved in the processing of the manuscript; later changes will not be accepted and will result in excluding the manuscript from the further review and editing process. Please provide names of 4–5 independent referees when submitting your manuscript.

All persons interested in publishing in ORNITOLOGIA NEOTROPICAL are welcome to submit their manuscripts. Potential authors are invited to obtain additional detailed instructions in English, Portuguese, or Spanish, from the editor or online (http://www.ibiologia.unam.mx/links/neo.html).

Manuscripts should be only submitted by e-mail and must be in Word format (i.e., text as .doc). Type all parts of the manuscript double-spaced on one side of letter size (216 x 279 mm or similar), pages, with at least 25 mm margins. Avoid footnotes. Provide a concise title and an abridged title for a running head. Avoid using tables as much as possible. Put each table, figure, and their legends on extra pages (no extra file!). Material in the tables or graphs should not be repeated in the text. Write mathematical formulas on one line, where possible.

All major papers should have an abstract in English and another one in Spanish or Portuguese, designed to acquaint readers with the essential points in the text. It should contain no more than 300 words and should be suitable for the use of abstracting services. In addition, no more than 10 key words should be provided at the end of the abstract. Manuscripts intended to be “Short Communications” should be 6 printed pages or less, not including figures and tables. They require a title in an alternative language and key words but no abstract; otherwise, they are organized the same as major articles. Use the metric system in text, figures, and tables. Designate clock time in the 24-h system (e.g., 06:30 or 20:00 h). Use the European system of calendar notation (e.g., 4 December 1987). Use long dashes “Alt+0150” for all numerical and time intervals (e.g., 8–20; 2005–2009; March–April 2011). For English manuscripts, use American comma and spelling rules. All illustrative material should be arranged in the form of figures, each with an Arabic number. Graphs, maps, and drawings should be designed for reduction by at least one-half. Include a key to symbols in the illustration unless the symbols can be described in the legend. Photographs must be sharp and of good contrast showing details in important areas. (black-and-white) film are preferred. Photographs and paintings can be published in color at authors’ costs (US $50 per page).

Make sure that all citations in the text are listed in the end of the paper, and that all papers listed have been cited. In-text citations of publications by two authors should be as, e.g., “Buckley & Bodrati”, three or more authors should be as, e.g., “Buckley et al.”. Check for correct journal abbreviations. For book citations, add publisher, city, and federal state or country. Use long dashes “Alt+0150” for page numbers in references (e.g., 35–49). Consult a recent issue of ORNITOLOGIA NEOTROPICAL for details of citations.

Proof corrections will be made without charge but authors’ revision of proofs, not due to page-setting errors, will be charged to the author at US $5 per revision line. Return proofs and authors involved in a manuscript at the date of submission must be maintained throughout the processing of the manuscript; later changes will not be accepted and will result in excluding the manuscript from the further review and editing process.

Please provide names of 4–5 independent referees when submitting your manuscript.

Any person interested in ornithology may become a member of the Neotropical Ornithological Society. Membership dues per calendar year are: Students inside Latin America - $35; Residents of Latin American/Caribbean $42; Residents outside Latin America $55; 4-year membership (4 x rate above); Libraries/Institutions - $150; Life members - $1,000 (can be paid in four $250 installments over one year). ORNITOLOGIA NEOTROPICAL of the current year is sent by third class mail. All payments must be to the Treasurer in US currency using one of the following options:

1. You may write a check made out to “Neotropical Ornithological Society” and mail this to the NOS Treasurer at the address below.
2. You may use a credit card to pay online using the Justgive website (www.JustGive.org; see instructions at bottom of page) or PayPal (http://www.ibiologia.unam.mx/links/neo/pay.html; go to Page Charges line).
3. Payments made from within the USA can also be made as direct deposit into the NOS bank account:

   Organization: Neotropical Ornithological Society
   Bank: Bank of America
   Bank Account: 4530 2090 0319
   SWIFT Code: BOFAUS3N
   Bank Address: 235 Maple Avenue West, Vienna, VA 22180, USA
   Bank Phone: (703) 319-2670

   We are no longer able to accept credit card information over e-mail for security reasons. For questions about payments please contact the treasurer Daniel Lebbin (noss treasurer@gmail.com).

ORNITOLOGIA NEOTROPICAL (USPS 019841, ISSN 1075-4377) is a refereed journal published quarterly. Periodical postage is paid at East Lansing, MI 48823, USA and additional mailing services. POSTMASTER: Send address changes to the Treasurer, address below. Printed at San Antonio, Texas, USA by Prestige Printing and published by the Neotropical Ornithological Society c/o Daniel Lebbin, Neotropical Ornithological Society, PO. Box 185, The Plains, VA 20198-0185, USA.
DISTINCT SUMMER BIRD ASSEMBLAGES IN TWO FRAGMENTS OF *POLYLEPIS* FORESTS IN THE SOUTHERN YUNGAS OF ARGENTINA. Laura M. Bellis, Luis Rivera, Marcos Landi, & Natalia Politi.

CARACTERÍSTICAS DE LA VEGETACIÓN EN SITIOS DE ANIDACIÓN DEL ÁGUILA ARPIA (*HARPIA HARPYJA*) EN DARIÉN, PANAMÁ. José de J. Vargas González, F. Hernán Vargas, Darisnel Carpio, & Christopher J. W. McClure.

SHORT COMMUNICATIONS

PREY COMPOSITION OF PEREGRINE FALCONS (*FALCO PEREGRINUS CAS-SINI*) PREYING UPON A MIXED-SPECIES SEABIRD COLONY IN ARGENTINE PATAGONIA. Germán O. García, María Susana Bó, & Pablo Yorio.

NON-RANDOM ORIENTATION IN WOODPECKER CAVITY ENTRANCES IN A TROPICAL RAIN FOREST. Daniel Rico & Luis Sandoval.
