

EBBA Presents

A Better Trap Line for 1949

ONE-CELL TRIP-STEP TRAP

Redesigned with less visibility and more strength. All metal construction with a galvanized floor and a sliding door. Our most popular model for feeding shelf or on the ground. Size 6 x 6 x 8.

ONE-CELL TOP-OPENING TRAP

A good bush trap to be set in shubbery or on a tree. Less visibility, stronger spring and all metal construction. Size 6 x 6 x 8.

Each of these traps \$2.00 postpaid within 200 miles of New York City. Other banders add 25 cents per trap for postage and packing. Canadian banders add \$1.00 per trap. All traps available in 1/2 and 1/4 wire mesh. Please specify and print name & address.

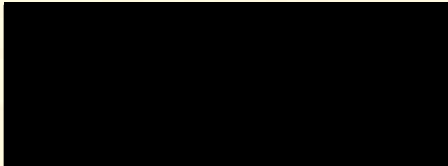

GATHERING CAGE

A safe all metal gathering cage with 100 uses. Size 4 x 5 x 8 inches with sliding door. \$1.00 postpaid in U.S.A.

Larger traps of top-opening type available. For full information write to:

GEOFFREY GILL, 24 Overlook Drive, Huntington, L.I., N.Y.
