

## BANDING PLIERS

These pliers have proved invaluable in Operation Recovery use as well as for home station every-day banding. Ask any bander who has used them or has seen them in use.

These KENNARD type pliers have holes bored in flat-nosed pliers that fit standard band sizes to avoid lapped bands and make it quite easy to get a perfect fit. A band opener on the plier enables the user to open the band evenly with one operation. A spring provides tension to keep the opened band in the plier while handling the bird.

One plier will handle band sizes 0, 1, 1B and 1A (price \$6.00) and the other plier will handle sizes 2 and 3 (price \$5.00) - prices include postage within the U.S. Send your order to the originator and manufacturer: Roger N. MacDonald, 850 Main St., Lynnfield Center, Mass.
