1:00-1:30 Travel to Patuxent by private automobile (Double up wherever possible - if you need a ride, see Frank McCamey)

1:30-5:00 Patuxent Wildlife Research Refuge and the Migratory Bird Populations Station

Special Feature Tours for Banders

- Group A. Bird Banding Laboratory
- Group B. Research Library and Population Study Exhibits
- Group C. Blackbird Investigations Program
- Group D. Rare and Endangered Species Study

Each group will start with the feature indicated. Stay with your group and move in rotation to the next feature. Each group will have a leader who knows where to go and what to do. The group can spend 40 minutes at each feature and take 10 minutes for travel to the next.

5:00-6:00 Return to Center of Adult Education

6:30 Banquet

8:00 Entertainment Program

Sunday April 9

9:30

10:00

10:30

Tours of the Patuxent Wildlife Research Refuge, about one hour long. These will be field excursions by automobile caravan, each group with a guide provided by the Migratory Bird Populations Station.

Three successive tours will leave each hour to visit the following demonstrations:

- I. Wildlife Habitat Research
- II. Farm Pond Development and Management
- III. Mist Netting Sites

The place of assembly for the tours will be announced.

9:00-12:00 OPEN HOUSE: The Bird Banding Laboratory, the Research Library and Exhibits will be open for liesurely examination and pursuit of special, individual interests.

NOTE: All persons attending the annual meeting must register. When you register, you will receive a name tag which will be your admission to all sessions. You will also receive a colored identification card - for the Saturday afternoon session you must have this card which indicates the group you will join. You may change groups by trading cards with someone else, but it is important to keep the groups about equal in size.
