

## EBBA's LIFE MEMBERS

Aaron M. Bagg  
 T.A. Beckett, III  
 Miss Dorothy L. Bordner  
 David S. Christie  
 Mrs. Herbert M. Church, Jr.  
 Albert E. Clattenburg, Jr.  
 Jay Richard Cohen  
 Mrs. Richard D. Cole  
 Mrs. Stanley S. Dickerson  
 Frank P. Frazier, Sr.  
 Dr. Robert T. Gammell  
 Mrs. John A. Gillespie  
 David Junkin  
 Dr. John M. Kimmick  
 Mrs. Roy Larsen

Mrs. Eugene T. McDonald  
 Miss Grace C. Meleney  
 Mrs. Edward Mendinhall  
 Clare Nicolls  
 Mrs. Chandler Robbins II  
 Chandler S. Robbins  
 Miss Katy Friel Sanders  
 Ken Slater  
 Dr. Sally Hoyt Spofford  
 Mrs. Dayton Stoner  
 Mrs. J.H. Wade  
 Arthur J. Wiseman  
 Prof. Merrill Wood  
 Dr. C. Brooke Worth

If your name is not among the above Life Members of EBBA, now may be a good time to consider putting it there. The advantages are several: (1) You will save yourself the bother of paying dues annually; (2) You will be benefiting your organization by helping to create an endowment fund; and (3) You may save money - for example, if you are now 30 years of age and presently pay \$4.00 annual dues, a Life Membership will save \$60.00 with a life expectancy of 70 years; and if you are now 40 years of age and have been paying Sustaining Membership dues of \$7.50, the savings would then amount to \$125.00.

Mrs. S.S. Dickerson, Treasurer - 1490 Long Road, Somerville, N.J. 08876

## COLOR-BANDED ROYAL TERNS

Royal Terns from coastal Virginia have recently been color banded as part of a study by P.A. and F.G. Buckley on variation in chick down color. A total of ten different colors have been used (including a light blue, purple and dark blue); three at a time plus one Fish & Wildlife Service band, have been placed on each bird, in unique combinations. Anyone observing such a banded bird is asked to send a postcard to Dr. P.A. Buckley, Department of Biology, Old Dominion College, Norfolk, Virginia 23508, with the following information: date, location, and observer's name, plus the band-colors and their positions (upper/lower, right or left leg). Your assistance in this project will be greatly appreciated.
