James A. Zamos	N.J.	94	8	4

Of the 196 reports received, 240,358 birds of 277 species were banded in EBBA territory during 1966. Additional reports from outside EBBA territory were also received but are not included in the totals. Also not included in the species totals were a few exotic species that some banders reported.

Due to a prolonged illness, this will be my last column for EBBA. I would like to thank all the banders who sent me their reports during the past 5 years. Special thanks also, for the many notes and comments that were received.

Mrs. Neil M. Knorr, 58 Steamboat Landing Rd., South Amboy, N.J. 08879
