

T R A P S    Emphasis lately has been upon mist nets, but traps are still useful and of interest to most banders, if not all. Following are several trap suggestions and ideas we have received recently.

SIMPLE, EFFECTIVE, CHEAP LIVE MOUSE TRAP

By Emil J. Berger, Jr.

The sketch shows a very simple, cheap, effective live mouse trap which I have been using to obtain mice for baiting hawk traps. The sketch is meant to be self-explanatory. This trap is not my invention; I know nothing of its origin, but pass the idea along for anyone who can use it.

Raw Material: One Quart Can
