

LIST OF BANDERS REPORTING BIRDS BANDED IN EASTERN REGION - 1969

Eastern Region = Canadian provinces from Ontario eastward; and eastern seaboard states from Maine to Florida.

Ind = Total individuals banded in eastern region.

Sp = Total species banded in eastern region.

State = State(s) or province in which birds were banded; underlined state indicates 75% or more of total were banded there.

Seven banders residing in EBBA territory, and five NWR's, reported no birds banded in 1969.

1969 Banding Summary(continued). The following banders submitted reports of birds banded outside the eastern region. Information on their reports was forwarded to the IBBA or WBBA compiler as appropriate.

EBBA BANDING SUMMARY - 1969  
By Robert L. Pyle

The EBBA Banding Summary for 1969, carried on the preceding pages and in the previous issue of EBBA News, is based on a 25% larger response than was last year's summary, but the patterns of banding activity in the two years are remarkably similar. Comparative figures for 1968 and 1969 are given in the following table. The table also includes some descriptive statistics on the number of banders' reports received, since the significance of the patterns revealed in the summary totals depends heavily on the extend to which the reporting banders represent all banding activity in the eastern region.

	1968	1969	Change 1968 to 1969
Total banders reporting	222	279	+ 26%
Active banders reporting	214	267	+ 25%
Total birds banded	258,732	316,475	+ 22%
Average number banded (per active bander)	1,209	1,185	- 2%
Median number banded	688	575	- 16%
Number of banders reporting less than 100 bandings	24	41	+ 70%
Total (Total per Bander)			
Number of active Banders reporting:	1968	1969	
for 1968 only	- 47	32,589(692)	--
for 1968 and 1969-	167	226,143(1365)	242,408(1452)
for 1969 only	- 100	--	74,067(741)
			+ 7%
