Annual Banding Summary (Continued from page 32)

Banders residing in the eastern region who did not band in the region in 1970 are strongly urged to return a form, or send a postcard indicating this.

The compiler is seeking assistance this year to help with compiling the Summary statistics. The plan is to farm out the reports for a state to a volunteer who would compile species totals for that state. The work is fun (in small quantities), but requires a meticulous attention to numerical detail. Anyone interested in helping with the 1970 Summary is asked to contact: Robert L. Pyle, 3205 Pickwick Lane, Chevy Chase, Maryland 20015.
