Introduction

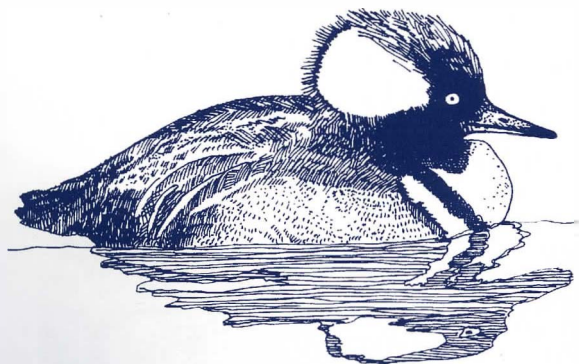

This goose, designed by J.N. "Ding" Darling, has become a symbol of the National Wildlife Refuge System.

Patuxent Research Refuge was established by President Roosevelt in 1936 as the nation's first and only National Wildlife Refuge devoted to support wildlife research. Patuxent's mission is "to help protect and conserve the nation's wildlife and habitat through research on critical environmental problems and issues." Its 12,750 acres of forests, meadows and wetlands provide habitat for many species of wildlife within the suburban corridor between Washington, D.C. and Baltimore, Maryland.

This bird list includes 270 species that have been observed on the Patuxent Research Refuge. Species names and order of listing are in accordance with the Seventh Edition of the American Ornithologists' Union Checklist of North American Birds.

The Patuxent Research Refuge offers rewarding opportunities for bird observation throughout the year. Late April through mid-May is the best time to observe migrating warblers. Waterfowl numbers are highest on the refuge during winter, but the greatest variety of waterfowl species are present in mid-March and mid-October.

Male Hooded Merganser

Season

sp = Spring (March–May)

S = Summer (June–August)

F = Fall (September–November)

W = Winter (December–February)

Relative Abundance

a = abundant (a species that is numerous)

c = common (a species that is frequently seen or heard in suitable habitat)

u = uncommon (present, but not certain to be seen)

o = occasional (seen only a few times during a season)

r = rare (rarely seen or heard)

x = a few documented observations

• = confirmed or probable nesting on the Refuge

Italics indicate threatened/endangered species.

Historical Sightings

Species not recorded in the 1990s.

Wood Stork	Long-eared Owl
Greater White-fronted Goose	Red-cockaded Woodpecker
Greater Scaup	Loggerhead Shrike
White-winged Scoter	Bewick's Wren
Black Scoter	Sedge Wren
King Rail	Bachman's Sparrow
Purple Gallinule	Lark Sparrow
Black-bellied Plover	Harris's Sparrow
Sanderling	Lapland Longspur
White-rumped Sandpiper	Yellow-headed Blackbird
Dunlin	Pine Grosbeak
Short-billed Dowitcher	Red Crossbill
Long-billed Dowitcher	White-winged Crossbill
Red-necked Phalarope
