BIRDS: WERLPYING DOCUMENTATION OF AN EXTRAORDINARY SIGHT RECORD.

3. Location 4. Date:	1. Opecies		2.	. humber:
6. Description of size, shaps and color-pattern (describe in great detail all parts of plumage, and back and feet coloration, in addition, to the diagnostic characteristic but include only what actually was seen in the field): 7. Description of voice, if heard: 8. Description of behavior: 9. Habitat - general: specific: 10. Similarly appearing species which are eliminated by questions 6, 7 & 8, Zxplain: 11. Distance (how measured)? 12. Optical equipment: 13. Light (sky, light on bird, position of sun in relation to bird and you): 14. Previous experience with this species and similarly appearing species: 15. Other observers: 16. Did the others agree with your identification? 17. Other observers who independently identified this bird: 18. Books, illustrations and advice consulted, and how did these influence this description? 9. How long after observing this ''rd did you first write this description? Address: Gignsture	3. Location_	·		
primage, and beak and feet coloration, in addition, to the diagnostic characteriscic but include only what actually was seen in the field): 7. Description of voice, if heard: 8. Description of behavior: 9. Habitat - general:	4. Date:	5.	Time Bird seen:	to
8. Description of behavior: 9. Habitat - general: apecific: 10. Similarly appearing species which are aliminated by questions 6, 7 & 8, Explain: 11. Distance (how measured)? 12. Optical equipment: 13. Light (sky, light on bird, position of sun in relation to bird and you): 14. Previous experience with this species and similarly appearing species: 15. Other observers: 16. Did the others agree with your identification? 17. Other observers who independently identified this bird: 18. Books, illustrations and advice consulted, and how did these influence this description? 9. How long after observing this hird did you first write this description? Address:	binmage, and beak	and lest coloration, i	a addition, to the o	rest detail all parts of the Hagnostic characteristics,
9. Habitat - general: apecific: 10. Similarly appearing species which are eliminated by questions 6, 7 & 8, Explain: 11. Distance (how measured)? 12. Optical equipment: 13. Light (sky, light on bird, position of sun in relation to bird and you): 14. Previous experience with this species and similarly appearing species: 15. Other observers: 16. Did the others agree with your identification? 17. Other observers who independently identified this bird: 18. Books, illustrations and advice consulted, and how did these influence this description? 9. How long after observing this **rd did you first write this description? Address:				
11. Distance (how measured)? 12. Optical equipment: 13. Light (sky, light on bird, position of sun in relation to bird and you); 14. Previous experience with this species and similarly appearing species: 15. Other observers: 16. Did the others agree with your identification? 17. Other observers who independently identified this bird: 18. Books, illustrations and advice consulted, and how did these influence this description? 19. Now long after observing this ''rd did you first write this description? Address:	9. Habitat - general:			
13. Light (sky, light on bird, position of sun in relation to bird and you): 14. Previous experience with this species and similarly appearing species: 15. Other observers: 16. Did the others agree with your identification? 17. Other observers who independently identified this bird: 18. Books, illustrations and advice consulted, and how did these influence this description? 9. Now long after observing this fird did you first write this description? Address:	10. Similarly appearing	species which are el	lminated by question	s 6, 7 & 8, Explain:
14. Previous experience with this species and similarly appearing species: 15. Other observers: 16. Did the others agree with your identification? 17. Other observers who independently identified this bird: 18. Books, illustrations and advice consulted, and how did these influence this description? 9. Now long after observing this 'rd did you first write this description? Address:	ll. Distance (how measu	red)?	1:	2. Optical equipment:
15. Other observers: 16. Did the others agree with your identification? 17. Other observers who independently identified this bird: 18. Books, illustrations and advice consulted, and how did these influence this description? 9. How long after observing this fird did you first write this description? Address:	13. Light (sky, light on	n bird, position of su	n in relation to bir	d and you);
16. Did the others agree with your identification? 17. Other observers who independently identified this bird: 18. Books, illustrations and advice consulted, and how did these influence this description? 9. Now long after observing this ''rd did you first write this description? Address:	14. Previous experience	with this species and	similarly appearing	pecies;
17. Other observers who independently identified this bird: 18. Books, illustrations and advice consulted, and how did thuse influence this description. 9. Now long after observing this fird did you first write this description? Address:	15. Other observers:			
8. Books, illustrations and advice consulted, and how did these influence this description? 9. Now long after observing this 'rd did you first write this description? Address:	16. Did the others agree	with your identifica	tion?	
9. Now long after observing this ''rd did you first write this description? Address: Gignsture	7. Other observers who	independently identi	fied this bird:	
Gignsture Address:	8. Books, illustrations	and advice consulted	, and how did these	influence this description:
Gignature Address:				
	9. How long after obser	ving this fird did you	first write this d	escription?
