

BIRD CALENDAR 1952 28th YEAR

Bulletin No. 3, October 7

Bulletin No. 3 covers the months of June, July, and August. One hundred and sixteen species are included in this list, of which only one, the Barn Owl, is new for the year. The total number of species recorded during 1932 by the Cleveland Bird Club now stands at two hundred and three.

The following people contributed records for this Bulletin:

John W. Aldrich	Francis Gilliland
Robert L. Baird	S. Charles Kendeigh
B. T. Barnes	Arthur B. Williams
Adele Gaede	

The total number of trips after birds taken by these observers is 32 in June, 39 in July, and 25 in August.

Censuses of nests or breeding pairs of birds were taken by observers in three different localities. The Baldwin Bird Research Laboratory recorded the following number of nests of fifteen acres immediately surrounding houses, barns, sheds, gardens, etc., at Gates Mills:

<u>Name</u>	<u>Number of Nests</u>
Robin	53
Song Sparrow	15
House Wren	15
Catbird	12
Chipping Sparrow	8
Cedar Waxwing	4
Wood Thrush	3
Phoebe	2
Baltimore Oriole	2
Bluebird	2
Brown Thrasher	1
Blue Jay	1
Yellow-throated Vireo	1
Mourning Dove	1
Crested Flycatcher	1
Chimney Swift	1

Total: 16 species, 122 nests (about 8 nests per acre)

Mr. A. B. Williams has tabulated the number of nesting pairs of birds on a sixty-five acre tract in Beech-Hard Maple-Hemlock woods at the North Chagrin Reservation of the Cleveland Metropolitan Parks. The following table is the result of repeated observations during June, July, and August, 1932:

<u>Name</u>	<u>Number of Pairs</u>
Red-eyed Vireo	25
Wood Thrush	17
Hooded Warbler	15
Redstart	12
Oven-bird	11
Tufted Titmouse	7
Chickadee	6
Wood Pewee	5
Cardinal	5
Scarlet Tanager	3
Acadian Flycatcher	3
White-breasted Nuthatch	3
Yellow-throated Vireo	3
Black-throated Green Warbler	3
Red-eyed Towhee	3
Cerulean Warbler	2
Louisiana Water-thrush	1
Robin	1
Phoebe	1
Crested Flycatcher	1
Downy Woodpecker	1
Hairy Woodpecker	1
Pileated Woodpecker	1
Barred Owl	1

Total: 24 species, 134 pairs (about 2 pairs per acre)

In the Aurora Pond region, Mr. John Aldrich has determined the number of nesting pairs of birds within a few acres of marsh habitat, as follows:

<u>Name</u>	<u>Number of Pairs</u>
Swamp Sparrow	17
Long-billed Marsh Wren	12
Virginia Rail	5
Yellow Warbler	4
Short-billed Marsh Wren	3
Red-winged Blackbird	3
Florida Gallinule	3
Alder Flycatcher	3
Kingbird	2
Tree Swallow	2
Least Bittern	1
Marsh Hawk	1

Total: 12 species, 56 pairs.

In other portions of the Marsh there were also breeding 2 pairs of Wood Ducks, 1 pair of Black Ducks, 1 pair of Mallards, and 1 pair of Blue-winged Teal.

Great Blue Heron – J.A., A.B.W., F.G.

June 19 (2); June 26 (11); July 2; 6 (2); 18; 23; 28; 30; Aug. 23

Green Heron – A.B.W., F.G., A.G.

June 20; 25; 28; July 7; 30 (3); Aug. 20; 22

American Bittern – J.A., F.G.

June 7; 19 (4); July 2; 16; 23; Aug. 6

Least Bittern – J.A.

June 2; 7; 23

Mallard – J.A. July 10 (2)Black Duck – J.A. June 16Blue-winged Teal – J.A.

June 4; 9

Wood Duck – J.A.

July 10; Aug. 20 (4)

Turkey Vulture – J.A., R.L.B., B.T.B., F.G.

June 19 (3); 26 (2); 28; July 8; 12; Aug. 28

Sharp-shinned Hawk – J.A., A.B.W., F.G.

June 13; July 28 (2); Aug. 1; 26

Red-tailed Hawk – J.A., F.G.

June 26; July 23; Aug. 22; 30

Red-shouldered Hawk – J.A.

Aug. 22

Bald Eagle – J.A., R.L.B.

June 8 (2); July 5; 12 (3)

Marsh Hawk – J.A., R.L.B., F.G.

June 4 (2); 7; 9; 13; 19; 23; 26; July 12; 26; Aug. 19

Sparrow Hawk – R.L.B., F.G.

July 23 (2); Aug. 12; 27

Ruffed Grouse – J.A., A.B.W., B.T.B.

June 26; 28; July 10; 17; Aug. 11

Bob-white – J.A., R.L.B., B.T.B., F.G.

June 17; 26; 28 (2); July common; Aug. 1

Ring-necked Pheasant – B.T.B.

June 17 (female with 5 young); 24; 26; Aug. 27 (4)

Virginia Rail – J.A.

June 4; 7; 8; July 28; 30; Aug. 3; 4 (2); 5 (2); 7; 23

Sora – J.A., A.G.

July 30 (2); Aug. 6; 20 (2); 23

Florida Gallinule – J.A.

June 7; 8; Aug. 5

Killdeer – J.A., B.T.B.

June 4; 5 (6); 17; 20; July 4 (2)

Ruddy Turnstone – A.G.

Aug. 19

Woodcock – J.A., A.B.W., R.L.B., B.T.B., F.G.

June 5; 23; 24 (6); 26; 28; July 12; 17 (2); 18 (3); 19; Aug. 15; 17; 18; 21 (2); 23; 25 (2); 26; 29

Upland Plover – F.G.

June 19

Wilson Snipe – J.A.

June 10

Spotted Sandpiper – A.B.W.; R.L.B.; B.T.B.; F.G.

June 25 (2); 27; July 12 (common); 17; 22; Aug. 18 (2)

Sanderling – A.G.

Aug. 19 (16)

- Black Tern – J.A.
July 17
- Yellow-billed Cuckoo – J.A.
June 2; 10
- Black-billed Cuckoo – J.A.
June 14; July 27; Aug. 20
- 203 Barn Owl – R.L.B.
Aug. 14 (Adult bird taken from nest that had seven eggs).
- Screech Owl – J.A., F.G.
June 16; July 30; Aug. 19 (2)
- Great Horned Owl – B.T.B.
June 24; July 31
- Barred Owl – J.A., A.B.W., R.L.B., B.T.B.
June 20; 27; July 7 (2); 12; 16; 17; Aug. 22
- Saw-whet Owl – J.A.
June 16; 30
- Chimney Swift – J.A., A.B.W.
July 18; 28; Aug. 22
- Ruby-throated Hummingbird – J.A., R.L.B., B.T.B., F.G.
June 18; 26 (3); July 8; 15; 17; 20; Aug. 6 (2); 20 (2); 23 (4); 28
- Belted Kingfisher – B.T.B., F.G.
June 18; Aug. 6
- Flicker – J.A., B.T.B., F.G.
June 4 (2); 5; 15; 17; 19 (3); 24; July 17; 18 (2); 19 (4); 20 (3);
22 (3); 4 (2); 28 (8); 30 (6); 31 (2); Aug. 6 (3); 28
- Pileated Woodpecker – J.A., A.B.W., B.T.B.
June 6; 13 (2); 19; 20; 26; 28; July 17 (2); 21 (2); Aug. 8; 15;
22; 29 (2)
- Red-headed Woodpecker – B.T.B., F.G.
June 5; July 2 (10)
- Yellow-bellied Sapsucker – J.A.
July 19 (Pymatuning Swamp)
- Hairy Woodpecker – J.A., A.B.W., R.L.B., B.T.B.
June 6; 10; 19 (2); 24 (4); 26; 27 (3); 29 (2); July 10; 13; 16;
17; 18; 22; 25; 30; Aug. 6 (2); 18; 22 (2); 27
- Downy Woodpecker – J.A., A.B.W., B.T.B.
June 4; 10; 19 (4); 20 (2); 24 (3, 3); 26 (1, 2); 28 (2); 29 (2); July
7; 8 (2); 13; 17; 18; 19; 22 (2); 25 (2); 30; 31; Aug. 1; 6 (3); 8;
15; 21; 22 (3); 25 (3); 27; 28; 30 (4)
- Kingbird – J.A., B.T.B., F.G.
June 4; 10; 11; 13; 10; 23 (2); 26; 28; July 13; 23; Aug. 20; 23
(8)
- Crested Flycatcher – J.A., A.B.W., B.T.B.
June 6; 8; 13 (2); 19; 20; July 17; 18; 21; 25; Aug. 8
- Phoebe – J.A., A.B.W., B.T.B., F.G.
June 6 (2); 13 (2); 14; 18; 20 (2); 25; July 18; Aug. 1; 8; 21; 22;
30
- Yellow-bellied Flycatcher – J.A.
July 19
- Acadian Flycatcher – J.A., A.B.W.
June 6 (4); 13 (2); 20 (2); 24 (2); 27 (3); 29 (2); 30; July 4 (2);
13; 18 (2); 25; Aug. 1 (2); 8 (4); 22; 30 (5)
- Alder Flycatcher – J.A.
June 4; 6; 7; 9; 28; Aug. 23

Least Flycatcher – S.C.K.

Aug. 24

Wood Pewee – J.A., A.B.W., B.T.B.

June 4; 5; 6 (4); 10 (2); 13 (2, 5); 17; 18; 19 (1, 1); 20 (5); 24 (4, 3); 26 (1, 2); 27; 28; 29; July 4 (2); 8; 11 (4); 16; 17 (1, 3); 18 (2, 1); 20; 25 (4); 30; 31 (2); Aug. 1 (6); 6 (2); 8 (8); 11; 15 (5); 22 (1, 5); 25 (2); 27 (2); 28 (2); 30 (5)

Prairie Horned Lark – F.G.

June 19; July 3

Tree Swallow – J.A.

June 4; 7 (2); 8; 23 (3); 28

Bank Swallow – J.A.

July 16 (10); Aug. 20 (flock)

Barn Swallow – J.A., B.T.B., F.G.

June 20 (9); 26 (2); 27 (4); 28; July 16 (50); Aug. 20 (flock); 23 (flock)

Cliff Swallow – J.A.

Aug. 20 (flock)

Purple Martin – J.A., A.B.W., F.G., S.C.K.

June 25 (12); 26 (30); Aug. 8 (2); 14 (3000, more or less, coming to roost on telephone wires on Edgewater Drive, Lakewood, observed at about 7:30 p.m.); 20 (flock); 22 (2)

Blue Jay – J.A., A.B.W., B.T.B.

June 18 (2); 19 (1, 2); 24; 26 (1, 4); July 15 (2); 16 (2); 17; 18 (2); 19 (2); 28; 30 (3); 31 (2); Aug. 6 (9); 23; 27 (7)

Crow – J.A., A.B.W., B.T.B., F.G.

June 6; 10 (2); 13; 20; 26 (6); 27 (3); July 8 (5); 15 (7); 16; 17 (2); 18 (2); 21 (3); Aug. 28 (4)

Black-capped Chickadee – J.A., A.B.W., B.T.B., F.G.

June 10; 13; 19 (1, 1); 20; 24 (1, 6); 26 (1, 2, 1); 27 (2); July 8; 11 (2); 13; 15 (2); 17 (2, 10); 18 (2, 2); 19 (9); 20 (2); 22 (2); 24 (6); 25 (1, 3); 30 (2); 31 (4); Aug. 1 (6); 6 (3); 8 (3); 11; 15 (10); 21; 22 (6); 23; 25 (10); 27 (3); 28 (5)

Tufted Titmouse – J.A., A.B.W., B.T.B.

June 6 (4); 10; 13 (3); 20 (4); 24 (2, 3); 29 (2); 30 (2); July 4 (5); 8; 11; 15 (2); 18 (3, 2); 19 (4); 24 (6); 25 (4); 31 (3); Aug. 1 (9); 6 (3); 8 (2); 11; 15 (9); 22 (10); 23; 25 (5); 27 (2); 30 (4)

White-breasted Nuthatch – J.A., A.B.W., B.T.B.

June 19 (1, 2); 24 (3); 26 (1, 1); 29; July 11 (3); 13 (family); 16; 17 (1, 1); 18 (3, 1); 19; 22; 24; 25 (5); 30; Aug. 1 (4); 6 (2); 8 (2); 15 (7); 21; 22 (6); 25 (3); 27 (4); 28; 30 (3)

House Wren – J.A., A.B.W., B.T.B., F.G.

June 18; 19 (2, 4); 24; 25 (3); 26 (1, 1); 28; July 8; 15; 16; 18 (2); 22; 24; 30 (2); 31 (3); Aug. 22; 27 (2)

Carolina Wren – J.A.

July 13; Aug. 12

Long-billed Marsh Wren – J.A., F.G.

June 2 to Aug. 23 (Almost daily observation of breeding colony)

Short-billed Marsh Wren – J.A.

June 14; July 8 (12); 13 (12); 23 (3); 27 (3); 28 (3); Aug. 3 (3); 4 (3); 5 (3); 20 (3); 23 (3)

Catbird – J.A., B.T.B., F.G.

June 7; 19 (1, 1); 24 (3); 26 (1, 1); July 7; 8 (2); 15 (2); 16; 187 (1, 2); 18; 20 (4); 21; 30 (2); 31; Aug. 6; 27 (6); 28 (5)

Brown Thrasher – R.L.B., B.T.B.

June 4 (nest with 4 young); 19 (2); 26; July 16; 17; 20; 31; Aug. 6; 17; 18

Robin – J.A., A.B.W., B.T.B., F.G.

June 2; 16; 19; 20 (2); 24; 25 (35); 26; July 3; 8; 13; 15 (9); 16 (2); 17 (5); 18 (4); 19 (6); 20 (15); 21 (4); 22 (11); 24 (2); 28 (2); 30 (17); 31 (10); Aug. 1 (4); 2; 6 (13); 15; 21; 22 (2); 27 (5); 28 (7); A "robin roost" of several thousand birds was established in late August near the corner of Stratford Road and Monmouth road, Cleveland Heights. The roost is in large oaks and elms in the residence section.

Wood Thrush – J.A., A.B.W., B.T.B.

June 4; 6 (6); 13 (11); 16; 19 (2); 20 (7); 24 (6, 5); 16 (2); 27 (5); 29 (3); 30 (1); July 4 (10); 8; 11 (2); 16; 17 (4); 18 (3, 3); 21; 25 (1, 1); 28; Aug. 15 (2); 22

Wilson Thrush – J.A.

June 19; 26; 28 (Records obtained at Aurora Pond, probably 2 breeding pairs present)

Bluebird – J.A., B.T.B., F.G.

June 4 (2); 5; 12 (2); 13; 17 (4); 19; 20; 23; 27; 28 (6); July 8 (2)

Cedar Waxwing – J.A., B.T.B., F.G.

June 25 (2); 26 (1, 2); 27; 28; July 8; 30 (2); Aug. 25 (10); 27; 28 (3)

Migrant Shrike – R.L.B., F.G.

July 2

Yellow-throated Vireo – J.A., A.B.W., B.T.B.

June 4; 10; 24; 27 (3); July 11; 13; Aug. 23; 28

Red-eyed Vireo – J.A., A.B.W., B.T.B., F.G.

June 4 (2); 5 (2); 6 (13); 10 (2); 13 (15); 19; 20 (16); 24 (11, 1); 26; 27 (8); 29 (9); 30 (7); July 4 (10); 8 (2); 11 (16); 13 (1); 17 (1, 4); 18 (2, 1) 19; 21 (2); 23; 25 (15); 30; Aug. 1 (10); 6 (3); 8 (6); 15 (9); 22 (11); 25 (10); 27; 28 (4)

Black and White Warbler – A.B.W.; B.T.B.

Aug. 15 (2); 22; 27; 28

Blue-winged Warbler – J.A., B.T.B.

June 9; 12; 20; 24 (2); 26; July 9 (2); 16 (4); 19 (3); 24 (3); 30 (3); Aug. 27 (2); 28

Tennessee Warbler – J.A.

Aug. 25

Yellow Warbler – J.A., B.T.B., F.G.

June 4; 5; 7 (3); 10 (8); 19 (1, 1); 23; 26; July 6; 8; 10

Magnolia Warbler – J.A.

July 19 (Pymatuning Swamp); Aug. 25

Black-throated Green Warbler – A.B.W.

June 6 (3); 13 (3); 20 (3); 24 (3); 27; 29 (3); 30; July 4 (3); 11 (3); 18 (3); 25 (2); Aug. 8

Cerulean Warbler – J.A., A.B.W.

June 24; 27; July 18; Aug. 22; 25 (2)

Blackburnian Warbler – A.B.W.

Aug. 30 (2)

Chestnut-sided Warbler – A.B.W., B.T.B.

June 26; Aug. 22; 28 (2)

Oven-bird – J.A., A.B.W., B.T.B.

June 4; 6 (5); 7; 10 (2); 11 (2); 13 (3); 20 (5); 24 (5); 26 (1, 3); 27; 28; 29 (2); 30 (3); July 5 (4); 8; 13; 16; 17 (2); 18 (2, 3); 24 (2); 30; Aug. 8 (2); 22 (2); 24; 30 (3)

Northern Water-thrush – J.A.

June 4; 7; 10; 14; 26; 28 (All records except June 14 obtained at Aurora Pond, on June 14 at Bradley Pond. Probably 3 pairs of breeding birds were present at Aurora Pond and another 3 pairs at Bradley Pond. These constitute, as far as is known, the only breeding records of this species for the state.)

Louisiana Water-thrush – A.B.W.

June 24

Northern Yellow-throat – J.A., B.T.B., F.G.

June 5; 7 (3); 10 (6); 14; 17; 19 (6, 2); 21; 26 (2, 1); 28 (3); July 8; 13 (2); 17 (1, 1); 18; 19 (2); 20 (2); 22 (3); 24; 30; 31 (2); Aug. 5; 6; 20; 21 (2); 23; 25 (2); 28 (2)

Hooded Warbler – A.B.W.; B.T.B.

June 6 (11); 13 (98); 19; 20 (7); 24 (8); 26; 27 (4); 29 (5); 30; July 4 (7); 11 (10); 17 (2); 18 (13, 1); 21; 22 (2); 25 (4); 31; Aug. 1 (5); 8 (3); 15 (4); 22 (3); 30 (16)

Canada Warbler – J.A., A.G.

Aug 19; 25

Redstart – J.A., A.B.W., B.T.B., F.G.

June 4; 6 (12); 7; 10; 13 (5); 19; 20 (10); 24 (7); 27 (3); 29 (6); 30 (2); July 4 (2); 13; 18 (2); 19 (4); 23 (3); 25; Aug. 1 (6); 8 (2); 15 (2); 22 (2)

Bobolink – J.A., B.T.B., F.G.

June 13; 14; 20; 28 (3); July 16; Aug. 20 (4); 23 (50)

Meadowlark – J.A., B.T.B., F.G.

June 4; 5 (3); 13 (2); 17 (2); 18; 20 (2); 27 (2); 28 (4); July 16

Red-winged Blackbird – J.A., F.G.

June 2 to July 13 (breeding colony under observation); June 25 (20); Aug. 20 (20); 23 (200)

Orchard Oriole – F.G.

June 17

Baltimore Oriole – B.T.B.; F.G.

June 20 (2); 24; 26

Bronzed Grackle – J.A., R.L.B., F.G.

June 25 (6); 26; July 4 (For the first time in many years no flocking of this species has occurred at Oberlin. Last year flocks began to appear on July 4 and increased in numbers until October, but this year absolutely none have been observed as late as September.)

Cowbird – B.T.B., F.G.

June 19; 20 (2); 24 (2); 25 (18); 26 (2); July 17 (2); 20 (3)

Scarlet Tanager – J.A., A.B.W., B.T.B., F.G.

June 4; 6 (3); 10 (2); 11; 12; 13 (3); 17; 18; 19 (1, 2); 20 (3); 24 (5, 4); 26 (1, 3); 27 (2); 29 (4); 30; July 4 (3); 11 (2); 13; 15 (2); 16; 17 (1, 3); 18 (2, 5); 19; 20 (4); 22 (5); 23 (2, 1); 25 (6); 30; 31; Aug. 1 (4); 6 (2); 25; 27 (2); 30 (3)

Cardinal – J.A., A.B.W., B.T.B., F.G.

June 6 (2); 10; 19; 24 (3); 26 (3); 27 (2); 29 (2); 30 (2); July 4 (2); 6 (2); 8; 11; 13; 18 (2); 19; 20; 24 (4); 30; Aug. 1 (5); 6; 8 (3); 15 (3); 22 (3); 23; 28; 30 (4)

Rose-breasted Grosbeak – J.A., A.B.W., B.T.B.

June 12; 19; 20; 24; 25; 26 (7); July 8 (3); 15; 16 (4); 17 (5); 20 (3); 30; Aug. 6

Indigo Bunting – B.T.B.

June 4; 5; 12; 17; 19 (2); 26; July 16; 17; 19; 20; 21; 22; 24; 30; Aug. 6; 18; 27; 28 (4)

Purple Finch – S.C.K.

July 9; 11 (Have been observed at Gates Mills every summer since 1925 when a nest with 4 eggs was found.)

Goldfinch – J.A., R.L.B., B.T.B., F.G.

June 7; 17 (7); 18 (6); 19 (2); 23; 25 (4); 26 (2, 10); 27; July 8; 15; 18 (3); 19; 31; Aug. 6 (2); 20; 21 (2); 25; 27 (6); 28 (3)

Towhee – J.A., A.B.W., B.T.B., F.G.

June 6; 19 (4); 13; 19 (1, 1); 20; 24 (1, 2); 26 (8); 27 (2); 29 (3); 30; July 4; 8; 13; 15 (2); 16; 17 (7); 18 (1, 3); 20 (3); 22 (3); 23 (2); 25; 30; 31; Aug. 6 (2); 21; 22; 27 (3); 28 (4)
