CORRESPONDENCE.

The Extra-illustrated Edition of 'Baird, Brewer and Ridgway.'

EDITORS OF 'THE AUK':

Dear Sirs:—The Academy of Natural Sciences of Philadelphia recently became the possessor of a copy of Baird, Brewer, and Ridgway's 'A History of North American Birds. Land Birds,' which differed from the one already in its library by having in addition to the sixty-four plates of bird-heads, thirty-six plates, each containing a full-length figure.
