LIST OF PLATES

1. Fisher: George Bird Grinnell, portrait.
2. Fisher: George Bird Grinnell, in camp with the Blackfeet; Home in Audubon Park.
3. Bennett and Hendrickson: Elbow Lake in 1907 and in 1937.
4. Gilbert: Casts of air-sac system of the Pigeon.
5. Bellrose: American Egret nesting on Illinois River; Williams: Black-necked Stilt nesting in South Carolina.
6. Van Rossem: *Accipiter striatus suttoni* (colored).
7. Mousley: Wilson's Snipe, heavily marked eggs and young.
8. Allen: John C. Phillips, portrait.
9. Walkinshaw: Nest of Yellow Rail, Munuskong Bay, Michigan; Yellow Rail, a wing-tipped male.
10. Devitt: Haunts of Yellow Rail; Nest and eggs of Yellow Rail in Ontario.
11. Deusing: Nesting of Pied-billed Grebe.
12. Deusing: Nesting of Pied-billed Grebe.

CORRIGENDA

- pages 122 and 123, through an erroneous report, Jack M. Dudley and John L. Ridgway were recorded as having died; fortunately the former is active and well, and the latter has merely retired to well-earned leisure.
- page 225, line 19, omit the word 'former'; the Massachusetts Conservation Council is an active and effective organization.
- page 319, line 1, for 'Aadrian' read Adriaan.
- page 331, line 31, for 'Max' read Malcolm.
- page 345, line 2, for 'Dr.' read Mr.
- page 358, line 4 from bottom, for 'Rachy' read Racey.
- page 362, in the obituary of Stuart T. Danforth, the date of birth, September 23, 1900, was omitted.

THE AUK

A Quarterly Journal of Ornithology

ORGAN OF THE AMERICAN ORNITHOLOGISTS' UNION

Manuscripts should be typewritten if possible. As an aid in bibliography, titles should be brief. References to literature, if few, may be inserted in parenthesis at the appropriate places in the text, or listed at the end of the paper rather than in footnotes. Roman numerals and extensive tables are to be avoided. Line drawings intended for text illustrations should be in India ink; half-tones cannot be printed in the text since the paper is unsuitable. Longer articles should have a brief summary at the end. Except on request, no proofs of 'General Notes' or short communications will be submitted to authors.

Twenty-five copies of leading articles are furnished to authors free of charge. Reprints from 'General Notes,' 'Correspondence,' etc., must be ordered from the editor when the manuscript is submitted.

All articles and communications intended for publication and all books and publications intended for review should be sent to the Editor,

DR. GLOVER M. ALLEN

*Museum of Comparative Zoology
Cambridge, Mass.*

Subscriptions, requests for back numbers of 'The Auk,' as well as for other publications of the Union, changes of address and remittances should be sent to the Treasurer and Business Manager,

RUDYERD BOULTON

*Field Museum of Natural History
Chicago, Illinois*

OFFICERS OF THE AMERICAN ORNITHOLOGISTS' UNION

President: HERBERT FRIEDMANN, U. S. National Museum, Washington, D. C.

Vice-Presidents: JAMES P. CHAPIN, American Museum of Natural History, New York, New York; JAMES L. PETERS, Museum of Comparative Zoology, Cambridge, Massachusetts.

Secretary: DR. LAWRENCE E. HICKS, Ohio Wildlife Research Station, Ohio State University, Columbus, Ohio.

Treasurer and Business Manager: RUDYERD BOULTON, Field Museum of Natural History, Chicago, Illinois

THE following resolution was passed at the annual meeting in Berkeley, California, in June: "Resolved that the Council authorize the Editor to announce in the October issue of 'The Auk' that claims for replacement of missing or defective copies of 'The Auk' will not be honored unless received by the Business Manager within six months of publication of the particular number involved. After six months have elapsed and no notice has been received by the Treasurer, members will pay the regular published sale price for copies of 'The Auk.' "

This resolution is to go into effect beginning with this issue of 'The Auk.'

ATTENTION is called to the fact that the Treasurer must follow the By-Laws and the rulings of the Council that members who are a year in arrears for dues are automatically dropped from the roll of membership. The A.O.U. will be glad to reinstate any member upon payment of back dues.

The mailing of 'The Auk' on January 1 would be greatly expedited if dues of members are paid by December 15. Subsequent mailings are a source of annoyance and inconvenience to members and of needless expense to the Union.
