THE AUK

A Quarterly Journal of Ornithology

ORGAN OF THE AMERICAN ORNITHOLOGISTS' UNION

Manuscripts should be typewritten if possible. As an aid in bibliography, titles should be brief. References to literature, if few, may be inserted in parenthesis at the appropriate places in the text, or listed at the end of the paper rather than in footnotes. Roman numerals and extensive tables are to be avoided. Line drawings intended for text illustrations should be in India ink; half-tones cannot be printed in the text since the paper is unsuitable. Longer articles should have a brief summary at the end. Except on request, no proofs of 'General Notes' or short communications will be submitted to authors.

Twenty-five copies of leading articles are furnished to authors free of charge. Reprints from 'General Notes,' 'Correspondence,' etc., must be ordered from the Editor when the manuscript is submitted.

All articles and communications intended for publication and all books and publications intended for review should be sent to the Editor,

THE AMERICAN ORNITHOLOGISTS' UNION

Office of the Treasurer:

Field Museum of Natural History,

Chicago, Illinois

A recent survey of the stock of back numbers of 'The Auk' available from the Treasurer's Office has been made with the result that the status of certain hitherto rare or unobtainable issues is somewhat changed. The Council, at the annual meeting in Boston, authorized the present scale of prices which supersedes all others published, as of October 1, 1940. Orders will be filled in the order in which they are received.
