

FRED J. PIERCE has been editor of Iowa Bird Life for 24 years, and is head of the Pierce Book Company which deals in Natural History books. He is author of hundreds of articles on birds, and editor of Althea Sherman's book, "Birds of an Iowa Door-yard." He has been a student of birds for 37 years, and his contributions to the field have been honored by his election (one of 200 in America) to "Member" of the American Ornithologists' Union.

"A bird student is judged by the binocular he uses"

WRITES FRED J. PIERCE: "A field trip is usually an integral part of a bird convention (and the conventions or meetings are among the most important activities of bird societies). When bird students get together and go on field trips, there is an array of various makes of binoculars. The alert bird student, who wants to see the most birds and enjoy a sharp, clearly defined picture of the individual bird, chooses a Bausch & Lomb. It is surprising how many Bausch & Lomb binoculars are present at every gathering of bird students. The old saying that 'a man is judged by the company he keeps' could be paraphrased into 'a bird student is judged by the binocular he uses'."

CORRIGENDA

Page 85, line 43: for 'McCable,' read 'McCabe.'

Pages 111 and 112: credit for discovering the nest of the Surf-bird should go to George M. Wright. See 'The Condor,' 29:9, 1927.

Page 178, line 29: for 'Camparative,' read 'Comparative.'

Plate 13, legend, line 2: for 'Machias Seal Island, Maine,' read 'Machias Seal Island, New Brunswick, Canada.'

THE AUK

A Quarterly Journal of Ornithology

ORGAN OF THE AMERICAN ORNITHOLOGISTS' UNION

For publication in 'The Auk,' articles or notes must present material that is of significance to ornithologists and that has not been published elsewhere. All manuscripts should be typewritten, double spaced, with wide margins. Titles should be brief. Terminal bibliographies are used as a rule for long articles. Only works actually cited in the text are to be included in these bibliographies; works not so cited will be deleted by the editors. Where fewer than five references to literature are made, they may be inserted in parentheses in the text. References in manuscript for 'General Notes' should be in the text. Consult issues of 'The Auk' since January 1949, for style of citation. Long articles should be summarized briefly. Footnotes, Roman numerals, and ruled tables are to be avoided. Acknowledgments belong in the text. Line drawings must be in India ink on white paper or drawing board; usually these should be planned for at least one-half reduction when printed. Thus, details and lettering must be correspondingly large. Legends must be brief. Photographs must be hard, glossy prints of good contrast. Common and scientific names of North American birds should follow the A.O.U. Check-List and supplements except in taxonomic papers giving critical discussions.

Proofs of all articles and notes will be sent to authors. Reprints from articles, 'General Notes,' and 'Correspondence' are to be paid for by the author. These must be ordered from the Editor on the blanks sent with the proof and must be returned with the proof. Printed covers can be furnished at additional cost.

All articles and notes submitted for publication and all books and publications intended for review should be sent to the Editor.

ROBERT W. STORER, *Museum of Zoology, University of Michigan, Ann Arbor, Michigan.*

All persons interested in ornithology are invited to join the American Ornithologists' Union. Application may be made to the Treasurer; dues for Associates are \$4.00 per year. 'The Auk' is sent without charge to all classes of members not in arrears for dues.

Send changes of address, claims for undelivered or defective copies of 'The Auk,' and requests for information relative to advertising, subscriptions, back numbers of 'The Auk,' as well as for other publications of the Union, to the Treasurer.

CHARLES G. SIBLEY, *Fernow Hall, Cornell University, Ithaca, New York.*

OFFICERS OF THE AMERICAN ORNITHOLOGISTS' UNION

President: ALDEN H. MILLER, University of California, Museum of Vertebrate Zoology, Berkeley 4, California.

First Vice-President: LUDLOW GRISCOM, Harvard University, Museum of Comparative Zoology, Cambridge 38, Massachusetts.

Second Vice-President: ERNST MAYR, Harvard University, Museum of Comparative Zoology, Cambridge 38, Massachusetts.

Editor: ROBERT W. STORER, University of Michigan, Museum of Zoology, Ann Arbor, Michigan.

Secretary: HAROLD F. MAYFIELD, 2557 Portsmouth Avenue, Toledo 13, Ohio.

Treasurer: CHARLES G. SIBLEY, Cornell University, Fernow Hall, Ithaca, New York.

JOSEPH J. HICKEY
Associate Professor,
University of Wisconsin

Says:

"What one magazine regularly summarized the magnificent sweep of bird migration up and down a continent? What but the Christmas Bird Count has—for half a century—epitomized the exciting sport of bird study? What other periodical annually carries exacting censuses of our birdlife on a habitat basis? And where else each year could one regularly follow the spectacular ebb and flow of North America's bird populations?

It is *Audubon Field Notes*, of course. Your subscription to it is an ornithological guarantee of interesting reading."

Subscription: One year \$3.00 Two years \$5.50 Three years \$7.50

Separate copies of April issue—Christmas Bird Count—\$2.00
