THE AUK

A Quarterly Journal of Ornithology

ORGAN OF THE AMERICAN ORNITHOLOGISTS' UNION

For publication in 'The Auk,' articles or notes must present material that is of significance to ornithologists and that has not been published elsewhere. All manuscripts should be typewritten, double spaced, with wide margins. Titles should be brief. Terminal bibliographies are used as a rule for long articles. Only works actually cited in the text are to be included in these bibliographies; works not so cited will be deleted by the editors. Where fewer than five references to literature are made, they may be inserted in parentheses in the text. References in manuscript for 'General Notes' should be in the text. Consult issues of 'The Auk' since January, 1949, for style of citation. Long articles should be summarized briefly. Footnotes, Roman numerals, and ruled tables are to be avoided. Acknowledgments belong in the text. Line drawings must be in India ink on white paper or drawing board; usually these should be planned for at least one-half reduction when printed. Thus, details and lettering must be correspondingly large. Legends must be brief. Photographs must be hard, glossy prints of good contrast. Common and scientific names of North American birds should follow the A.O.U. Check-List (Fifth Edition), except in taxonomic papers giving critical discussions and in justified special cases.

Proofs of all articles and notes will be sent to authors. Reprints from articles, notes, and other items are to be paid for by the author. These must be ordered from the Editor on the blanks sent with the proof and must be returned with the proof. Printed covers can be furnished at additional cost.

All articles and notes submitted for publication and all books and publications intended for review should be sent to the Editor:

DONALD S. FARNER, *Department of Zoology, Washington State University, Pullman, Washington.*

All persons interested in ornithology are invited to join the American Ornithologists' Union. Application may be made to the Treasurer; dues for Members are \$5.00 per year. 'The Auk' is sent without charge to all classes of members not in arrears for dues.

Send changes of address, claims for undelivered or defective copies of 'The Auk,' and requests for information relative to advertising, subscriptions, back numbers of 'The Auk,' as well as for other publications of the Union, to the Treasurer:

CHARLES G. SIBLEY, *Fernow Hall, Cornell University, Ithaca, New York.*

OFFICERS OF THE AMERICAN ORNITHOLOGISTS' UNION

President: GEORGE H. LOWERY, JR., *Museum of Zoology, Louisiana State University, Baton Rouge, Louisiana.*

First Vice-President: DEAN AMADON, *American Museum of Natural History, New York 24, N. Y.*

Second Vice-President: AUSTIN L. RAND, *Chicago Natural History Museum, Chicago 5, Illinois.*

Editor: DONALD S. FARNER, *Department of Zoology, Washington State University, Pullman, Washington.*

Secretary: HERBERT G. DEIGNAN, *U. S. National Museum, Washington 25, D. C.*

Treasurer: CHARLES G. SIBLEY, *Fernow Hall, Cornell University, Ithaca, N. Y.*

ALLAN S. KLONICK
President, Federation of New York
State Bird Clubs

Says:

"These are busy days for the bird spotter or trained ornithologist. *Audubon Field Notes* provides an invaluable accurate and organized means of country-wide dissemination and analysis of bird information. I find each issue number one on my list of reading, because of its excellent coverage of all areas from Maine to California. I certainly recommend it to everyone from the part-time birder to the trained field man, for in addition to the national migration picture trends, the annual Christmas Bird Count, and the Breeding-bird Census are most informative and enlightening."

**A NEW KEYSTONE
for the ornithologist's library**

**Funda-
mentals
of
Orni-
thology**

by **JOSELYN VAN TYNE**, Late Curator of Birds,
University of Michigan, and Past President,
American Ornithologists' Union; and **ANDREW
J. BERGER**, University of Michigan, and Fellow,
American Ornithologists' Union. With 168 pen
drawings by **GEORGE MIKSCH SUTTON**.

Birds of the whole world are covered in this new and basic book; no other treatment is as thorough or accurate. Material in one chapter, "Classification of World Birds by Families," appears nowhere else, having been the particular interest of Dr. Van Tyne.

Four of the many features

1. Each chapter presents comparative data, and illustrates representative birds of every family
2. Covers anatomical features used in classifying birds—the only book to do this with such scientific accuracy
3. Contains a most thorough treatment of the breeding biology of birds
4. Over 150 drawings by famous illustrator George Miksch Sutton, plus many other illustrations
