ROBERT J. NEWMAN **Says:**
TREASURER, AMERICAN ORNITHOLOGISTS' UNION

"Though frequently called 'bird watchers,' most American bird enthusiasts concentrate on bird-finding, a fascinating pursuit that is particularly fascinating on this continent and an activity at which they are especially adept. *Audubon Field Notes* provides the most up-to-date and comprehensive news regarding bird-finding and is therefore a 'must' for every such enthusiast. At the same time, the journal is accumulating a wealth of data about the distribution of birds with vast potentialities for scientific analysis. As a result, *Audubon Field Notes* is one bird periodical that neither the specialized student of bird ranges nor the average amateur can afford to miss."

ICELAND

ORNITHOLOGISTS' PARADISE . . . EASY TO REACH BY AIR

European and arctic birdlife right in their native habitat—the Common Puffin, Common Eider, Barrow's Goldeneye and over 70 other interesting species to look for in Iceland. (See Sewall Pettingill's article in *Audubon Magazine*, March–April 1959, also Sutton's book "Iceland Summer.") Fly New York–Reykjavik on ICELANDIC AIRLINES at lowest fares of any scheduled airline.

Accommodations and transportation in Iceland are reasonable. Special excursions by car, boat or air to famous nesting grounds.

Still Wanted: Back Auks

To complete sets of the journal for college, university, and other libraries, the AOU will have a long-continuing need for the following issues:

Vol. 79 (1962) January, April, July; Vol. 70 (1953) January; Vol. 69 (1952) January; Vol. 66 (1949) January, April; Vol. 65 (1948) January, October; Vol. 64 (1947) all; Vol. 63 (1946) all; Vol. 62 (1945) January; Vol. 57 (1940) January; Vol. 56 (1939) all; Vol. 54 (1937) all; Vol. 53 (1936) April, July, October; Vol. 47 (1930) January.

Many earlier numbers are also needed.

If you have any of the specified issues, or older ones, consult with the Treasurer's office before disposing of them. Complete mimeographed lists have been prepared for the convenience of members who wish to arrange for the eventual transfer of *Auks* to the Union.

Birds of New Guinea

BY TOM IREDALE

The only comprehensive work on the subject, in which some 650 species are described and 1,500 sub-species are indicated. Illustrated by Lilian Medland with 35 plates in color figuring 347 birds.

In 2 volumes. Now available at £12. 12. 0 Australian (\$30.00 including postage)

Very few copies still available of *BIRDS OF PARADISE AND BOWER BIRDS*, by the same author, with 33 plates in color figuring 138 birds. £6/6/-Australian (\$15.00 including postage).

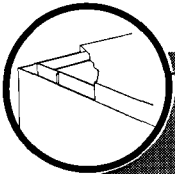

Obtainable from booksellers or from the publishers

Now ready for delivery:

***The Proceedings of the
XIIIth International
Ornithological Congress***

This latest publication in a distinguished series is a two-volume work, of more than 1,250 pages, bound in hard covers and illustrated by a colored frontispiece.

It contains 110 of the papers presented or read by title at the 1962 International Ornithological Congress, the first such congress held in America.

The result is a broad cross-section of contemporary world research on birds, with several articles representing each of the following subject areas: Taxonomy, Paleontology, and Systematics; General Studies of Behavior; Life History and Breeding Biology; Migration and Orientation; Phylogeny and Evolution; Birds and Arthropod-borne Viruses; Breeding Seasons and Adaptations; Mortality and Reproductive Rates; Population Studies; General Biology and Miscellaneous Studies; Annual Cycles and Migration; Endocrinology, Morphology, and Metabolic Studies; Zoogeography and Distribution.

\$20.00 per two-volume set
(postpaid, if remittance accompanies order)

Other publications of the AOU

"Check-list of North American Birds," 1957, bound, 691 pp., \$8.00 postpaid.

"Ten-year Index to The Auk 1941-1950," bound \$10.00, unbound \$8.00, postpaid.

Other Ten-year Indexes to The Auk available as follows: 1876-1900, bound or unbound; 1901-1910, unbound; 1911-1920, bound or unbound; 1921-1930, unbound; 1931-1940, bound or unbound. Bound volumes \$5.00, unbound volumes \$4.00, postpaid.

Order from: The Treasurer, American Ornithologists' Union, Museum of Zoology, Drawer MU, Louisiana State University, Baton Rouge, Louisiana 70803.

THE AUK

A Quarterly Journal of Ornithology

ORGAN OF THE AMERICAN ORNITHOLOGISTS' UNION

THE AUK is edited at the Museum of Natural History, The University of Kansas, Lawrence, Kansas 66045, by the following staff:

Editor, ROBERT M. MENGEL; *Assistant Editor*, J. KNOX JONES, JR..

Editorial Assistants, ERWIN E. KLAAS, LINDA T. KLAAS, and GARY C. PACKARD.

The Auk welcomes original articles and short notes, not published elsewhere, containing significant new knowledge about birds, or new interpretation of existing knowledge. Address all articles and notes intended for publication and all books intended for review to the editor.

Suggestions to contributors.—The efficient and economical transmission of knowledge by means of the printed word requires effective participation of author, editor, and printer. In order to facilitate the task of the printer, the editor should receive from authors MSS satisfying the following minimal requirements: *MSS should be typewritten, double-spaced (especially tables and "literature cited"), on one side of numbered sheets of standard (8½ × 11 in.) bond paper, with at least one inch margin all around. Tables (which should be unruled) and legends should be typed on separate sheets. Drawings should be in India ink on good board or drafting papers and lettered by lettering guide or the equivalent. Photographs should be clear, of good contrast, on glossy paper. Illustrations should allow (with particular regard to lettering) for reduction to ½ their original dimensions (final width will usually be 4¼ in.).*

Scientific and (if any) vernacular names of birds should be given upon first mention thereof and should follow the A. O. U. Check-list (1957) or the appropriate equivalent unless departures are explained and defended.

For bird weights and measurements, use metric units; for environmental and other precise measurements, metric units are recommended but English equivalents may be supplied parenthetically. The 24-hour clock and "continental" dating (e.g., 1 July 1758) are likewise recommended.

Titles should be short and descriptive. MSS should follow the conventions of form observed in articles, general notes, and reviews in *The Auk*, with minor variations, since 1950. If more than 10 works are cited, references in text should relate to a terminal list of "literature cited" (see *Auk*, vols. 78 or 79 for form; *include no titles not cited*) except in general notes, where citation should normally be in text. Avoid footnotes. *Where critical matter is cited from longer papers, indicate the pertinent pages*, e.g. "(Lack, 1947: 96-97)." Citations in text should be parenthetical, e.g. "(D. Lack. 1947. *Darwin's finches*. Cambridge Univ. Press)" or "(*Auk*, 79: 251, 1962)." *Verify all citations from original sources unless impossible, in which case so indicate.*

Articles more than 10 pp. long should include a summary that should not exceed 10 per cent of the length of the article.

For abbreviations and minor matters of form see recent issues of *The Auk*. The *Style manual for biological journals* (Washington, D. C., Amer. Inst. Biol. Sci. 1960) is generally useful also. In controversial matters of form *The Auk* frequently relies finally on the dicta of *A manual of style* (Chicago, Univ. Chicago Press, 1949).

Proofs of all articles and notes will be sent to authors. Reprints of articles, notes, and other items are to be paid for by the author. These must be ordered from the editor on the blanks sent with the proof and to be returned therewith. Printed covers can be furnished at additional cost.
