## ORNITHOLOGICAL MONOGRAPHS

MONOGRAPH No. 1. *A Distributional Study of the Birds of British Honduras*, by Stephen M. Russell. 195 pp., 2 color plates. Price \$4.50 (\$3.60 to AOU members).

MONOGRAPH No. 2. *A Comparative Study of Some Social Communications Patterns in the Pelecaniformes*, by Gerard Frederick van Tets. 88 pp., 49 text figures. Price \$2.00 (\$1.60 to AOU members).

MONOGRAPH No. 3. *The Birds of Kentucky*, by Robert M. Mengel. Cloth bound, 581 pp., 4 color plates plus text figures and vignettes. Price \$10.00 (\$8.00 to AOU members).

MONOGRAPH No. 4. *Evolution of Some Arctic Gulls (Larus): an Experimental Study of Isolating Mechanisms*, by Neal Griffith Smith. 99 pp., 62 text figures. Price \$2.50 (\$2.00 to AOU members).

MONOGRAPH No. 5. *A Comparative Life-history Study of Four Species of Woodpeckers*, by Louise de Kiriline Lawrence. 156 pp., 33 text figures. Price \$3.75 (\$3.00 to AOU members).

MONOGRAPH No. 6. *Adaptions for Locomotion and Feeding in the Anhinga and the Double-crested Cormorant*, by Oscar T. Owre. 138 pp., 56 text figures. Price \$3.50 (\$2.80 to AOU members).

MONOGRAPH No. 7. *A Distributional Survey of the Birds of Honduras*, by Burt L. Monroe, Jr. 458 pp., 2 color plates, 28 text figures. Price \$9.00 (\$7.20 to AOU members).

Like all other AOU publications, *Ornithological Monographs* are shipped prepaid. Make checks payable to "The American Ornithologists' Union." For the convenience of those who wish to maintain complete sets of *Monographs* and to receive new numbers immediately upon issue, standing orders will be accepted.

Order from: **Burt L. Monroe, Jr., Treasurer, American Ornithologists' Union, Box 23447, Anchorage, Kentucky 40223**

## OVERSEAS ORNITHOLOGICAL FIELD TRIPS

For 8 years we've been putting together bird observation trips in all 6 continents. They are slanted toward serious amateurs, and some tours have a side interest in botany and other forms of natural history. In fact, we try for an experience-in-depth of each country and its people. Tours are 3 weeks in length to utilize low-cost travel (2 weeks in North America), and are set up in pairs or chains of three or four.

We'd be grateful for the assistance of fellow A.O.U. members in developing meaningful itineraries, and in commending the trips to appropriate friends. Or if you enjoy field ornithology, and can find a region in which you are not already an expert, join us yourself!

We use the title "CROWDER NATURE TOURS," but the operation is not profit-seeking, and is slated to become a world association in 1969. Do let us put you on our mailing list. Here is the program for 1968:

### EUROPE

Seven European tours this year permit many fine combinations, including a thrilling North-with-the-Spring adventure:

**NORTH TOUR:** No. Germany, Denmark, & the length of Sweden; June.

**NORWAY:** Our most popular tour, and magnificent; late June.

**BRITAIN:** The bird highlights; June.

**BALKANS:** Seldom-visited Jugoslavia, Romania, Hungary areas; June.

**U.S.S.R.:** Fine coverage; late June.

**ICELAND:** Popular 2-wk. trip with Greenland extension; June or July.

### JAPAN

Fine 3-week coverage of entire archipelago, Kyushu to Hokkaido, with expert local leadership. May. Optional continuation, under leadership, across Siberia to join the U.S.S.R. trip (see above).

### AFRICA

We pioneered African bird trips and cover the continent in 6 fascinating regional tours, 3 of which go in 1968: South Africa in July, East Africa in August, Central Africa-Madagascar in September.

### SOUTH PACIFIC

We pioneered this area, too. The 1968 program: MELANESIA from Fiji to New Guinea, Sept. AUSTRALIA, in two 3-wk. trips, Oct.

**NEW ZEALAND,** 3 weeks for birds, followed by 2-wk. botany trip; Nov.-Dec.

### ALASKA

The 1967 tours were a success beyond expectations. In 1968 we do 3 successive 2-week trips, from Ketchikan to the Aleutians, Pribilofs, and Point Barrow. Start June 1, with a break at Fairbanks for the A.O.U. meeting.

### LATIN AMERICA

We operate a regular program in Middle and South America: Seven routes in Mexico, several in Central America and the West Indies, and a fine South America program. Two especially fine areas—Yucatan (2 wks.) and Colombia (3 wks.)—are visited twice a year, in February and in August.

### U.S.A.

We do a bit of species-chasing at home, too: Winter in Florida, spring in Arizona and on the Texas coast, and beginning in 1969, a north-with-spring series in the West.

### OTHER PLACES

There is quite a program in India, Malaysia, Indonesia, and the Philippines; next departures in early 1969. And we haven't mentioned the Galapagos, Tierra del Fuego, or the proposed "re-enactment" of the Peterson-Fisher Wild America trip.

Unannounced tours and request tours that often materialize are a feature, too: What interests you?

# PICTORIAL CHECKLIST

OF

## COLORADO BIRDS

with brief notes on the  
status of each species in neighboring  
states of Nebraska, Kansas, New Mexico, Utah, and Wyoming.

One volume, four hundred sixteen pages (9" × 12"), with introductory chapters, checklist of birds, color section, bibliography, index, and map.

by

ALFRED M. BAILEY and ROBERT J. NIEDRACH

This *Pictorial Checklist*, condensed from the Denver Museum's monumental two-volume *Birds of Colorado*, has been published so that nature-minded observers may have in one volume a beautifully illustrated reference to the birds of colorful Colorado and adjacent states.

Included are 23 of the more than 400 black and white photographs used in the original work, and all of the 124 color plates painted by twenty-three outstanding bird artists of Britain, Canada, and the United States. Illustrated are 420 (more than 700 individual birds) of the 441 species recorded from Colorado.

Introductory chapters of this checklist cover Topography, Life Zones, and Migration in Colorado, followed by 130 pages of text recording briefly recognition marks, general range, and status of each of the 441 species and 64 additional races of Colorado birds in this and neighboring states—a vast region sometimes referred to as the *Rocky Mountain Empire*.

Alfred M. Bailey, Director, and Robert J. Niedrach, Curator of Birds, of the Denver Museum of Natural History have been field companions for more than forty years. Their field studies throughout the state often have been from photographic blinds, and as a consequence much of the data summarized in this *Pictorial Checklist* from the extensive records and life history narratives published in *Birds of Colorado* are based on first hand information.

### BIRDS OF COLORADO

Volume I, pp. i-xxii, 1-454, inserts 136 pp. (612 pp.)

Volume II, pp. i-x, 455-895, inserts 112 pp. (563 pp.)

Total pages 1175 (9" × 12"): \$35 postpaid

### PICTORIAL CHECKLIST OF COLORADO BIRDS

## NUMBER 1

ECOLOGY OF THE GOLDEN EAGLE. <i>Jerry McGahan</i> .....	1
BODY CHARACTERISTICS OF PALM WARBLERS FOLLOWING AN OVER- WATER FLIGHT. <i>David W. Johnston</i> .....	13
THERMAL SOARING BY MIGRATING STARLINGS. <i>Clarence D. Cone, Jr.</i> ..	19
IN MEMORIAM: HARRY CHURCH OBERHOLSER. <i>John W. Aldrich</i> ....	25
WEIGHT RECESSION IN NESTLING BIRDS. <i>Robert E. Ricklefs</i> .....	30
HOMING IN LEACH'S PETREL. <i>Susan M. Billings</i> .....	36
FEEDING OF NESTLING AND FLEDGLING EASTERN KINGBIRDS. <i>Elmer L. Morehouse and Richard Brewer</i> .....	44
THE SIZE OF THE OLFATORY BULB IN 108 SPECIES OF BIRDS. <i>B. G. Bang and Stanley Cobb</i> .....	55
DUAL SINGING BY NEW GUINEA BIRDS. <i>Jared M. Diamond and John W. Terborgh</i> .....	62
ANTIPHONAL CALLING IN QUAIL. <i>A. W. Stokes and H. W. Williams</i> ..	83
PROLONGED PARENTAL CARE IN ROYAL TERNS AND OTHER BIRDS. <i>N. Philip Ashmole and Humberto Tovar S.</i> .....	90
PROCEEDINGS OF THE EIGHTY-FIFTH STATED MEETING OF THE AMER- ICAN ORNITHOLOGISTS' UNION. <i>L. Richard Mewaldt, Secretary</i> ..	101
REPORT OF COMMITTEE ON CONSERVATION, 1967 .....	117
<b>GENERAL NOTES</b>	
The cotypes of <i>Zosterops E. Newtoni</i> Hartlaub. <i>Robert W. Storer</i> .....	127
Young Curve-billed Thrasher attended by adult Brown Towhee. <i>George     Miksch Sutton</i> .....	127
A third specimen of the Brown Thrasher from California. <i>John Davis</i> ....	128
Feeding interaction between Bonaparte's Gulls and Horned Grebes. <i>Julian     L. Dusi</i> .....	129
Aberrant Wilson's Petrel on the Newfoundland Grand Banks. <i>Benjamin     Trimble</i> .....	130
An egret observed on St. Paul's Rocks, equatorial Atlantic Ocean. <i>Vaughan     T. Bowen and Geoffrey D. Nicholls</i> .....	130
On the size of the auditory nuclei in some Apodiformes and Caprimulgi- formes. <i>Stanley Cobb</i> .....	132
Peregrine Falcon and Purple Gallinule of late Pleistocene age in the Su- danese Aswan Reservoir area. <i>Eitan Tchernov</i> .....	133
The "two-egg clutch" in the Laysan Albatross. <i>Harvey I. Fisher</i> .....	134

Head-scratching in wood warblers. <i>Millicent S. Ficken and Robert W. Ficken</i> .....	136
Observations on the nesting of <i>Sporophila obscura</i> in association with wasps. <i>Francisco Contino</i> .....	137
Notes on hoarding nesting material, display, and flycatching in the Gray Jay ( <i>Perisoreus canadensis</i> ). <i>Louise de Kiriline Lawrence</i> .....	139
Nesting of the Black Guillemot at Point Barrow, Alaska. <i>S. F. MacLean, Jr. and N. A. M. Verbeek</i> .....	139
Kingfishers eating bullfrog tadpoles. <i>John K. Terres</i> .....	140
The Red-whiskered Bulbul in Florida. <i>Richard C. Banks and Roxie C. Laybourne</i> .....	141
REVIEWS. <i>Edited by Kenneth C. Parkes</i> .....	142
SPECIAL REVIEW: HOW MANY BIRDS BELONG IN AFRICA? <i>Paul S. Martin</i> .....	155
PERIODICAL LITERATURE. <i>Edited by Glen E. Woolfenden</i> .....	159

# THE AUK

## A Quarterly Journal of Ornithology

### ORGAN OF THE AMERICAN ORNITHOLOGISTS' UNION

THE AUK is edited at the Florida State Museum, University of Florida, Gainesville, Florida 32601, by the following staff:

*Editor*, OLIVER L. AUSTIN, JR.; *Assistant Editor*, FLORENCE A. PETTIS  
*Associate Editors*, JOHN W. HARDY (Reviews) and GLEN E. WOOLFENDEN  
(Periodical Literature)

*The Auk* welcomes original articles and short notes, not published elsewhere, containing significant new knowledge about birds, or new interpretation of existing knowledge. Address all articles and notes intended for publication and all books intended for review to the editor.

*Suggestions to contributors.*—Submit all MSS in duplicate. They must satisfy the following minimal requirements: MSS should be typewritten, double-spaced (especially tables and "literature cited"), on one side of numbered sheets of standard ( $8\frac{1}{2} \times 11$  in.) bond paper, with at least one inch margins all around. Tables (which should be unruled) and legends should be typed on separate sheets. Drawings should be in india ink on good board or drafting paper and lettered by lettering guide or the equivalent. Photographs should be clear, of good contrast, on glossy paper. Illustrations should allow (with particular regard to lettering) for reduction to their final width (usually  $4\frac{1}{2}$  in.). Designate top of each illustration and identify (on the back with soft pencil) by author's name, title, and figure number.

Titles should be short and descriptive. MSS should follow the conventions of form observed in articles, general notes, and reviews in *The Auk*, with minor variations, since 1965. Avoid footnotes. If more than 5 works are cited, references in text should relate to a terminal list of "literature cited" (include no titles not cited). Where critical matter is cited from longer papers, indicate the pertinent pages, e.g. (Lack, 1947: 96-97). Citations in text should be parenthetical, e.g. (Lack, Darwin's finches, Cambridge, England, Cambridge Univ. Press, 1947: 96-97) or (Auk, 79: 208-233, 1962). Verify all citations from original sources unless impossible, in which case so indicate. For abbreviations in a terminal list of references, authors should use forms stipulated by the Style Manual for Biological Journals (Washington, D. C., Amer. Inst. Biol. Sci., 1964). In other matters of form *The Auk* frequently relies on the dicta of the GPO Style Manual.

For bird weights and measurements use metric units. Other measurements should be in the form usual to the discipline of the paper as practiced in the United States. The 24-hour clock (08:00 and 20:30) and "continental" dating (1 July 1968) are preferred.

Scientific and (if any) vernacular names of birds should be given upon first mention thereof and should follow the A.O.U. Check-list (1957) or the appropriate equivalent unless departures are explained and defended.

Articles more than 10 pages long should include a summary that should not exceed 10 per cent of the length of the article.

Proofs of all articles and notes will be sent to authors. Reprints of articles, notes, and other items are to be paid for by the author. These must be ordered from Allen Press Inc. on the blanks sent with the proof.

# CONTENTS

THE GIANT SWIFTLET, <i>COLLOCALIA GIGAS</i> HARTERT AND BUTLER. <i>Soekarja Somadikarta</i> .....	549
OVERLAP IN FEEDING HABITS OF REDWINGED BLACKBIRDS AND COMMON GRACKLES NESTING IN A CATTAIL MARSH. <i>John C. Snelling</i> .....	560
THE RELATIONSHIPS OF SPARROWS IN THE GENERA <i>AMMODRAMUS</i> , <i>PASSER-HERBULUS</i> , AND <i>AMMOSPIZA</i> WITH A DESCRIPTION OF A HYBRID LE CONTE'S X SHARP-TAILED SPARROW. <i>Bertram G. Murray, Jr.</i> .....	586
APPENDICULAR MYOLOGY OF KIRTLAND'S WARBLER. <i>Andrew J. Berger</i> .....	594
PREMIGRATORY BEHAVIOR AND ORIENTATION IN BLUE-WINGED TEAL ( <i>ANAS DISCORS</i> ). <i>Ray B. Owen, Jr.</i> .....	617
NOTES ON THE WING AND TAIL MOLT OF THE SCREAMERS, THE SUNBITTERN, AND IMMATURE GUANS. <i>Jürgen Haffer</i> .....	633
ANALYSIS OF SPRING MIGRATION OF LAPLAND LONGSPURS TO ALASKA. <i>George C. West, Leonard J. Peyton, and Laurence Irving</i> .....	639
THE RELATIONSHIP OF PURPLE MARTINS TO MOSQUITO CONTROL. <i>Herbert W. Kale II</i> .....	654
BILL COLOR CHANGES IN ADULT ROSEATE TERNS. <i>Grace Donaldson</i> .....	662
REPORT OF COMMITTEE ON CONSERVATION, 1968 .....	669
 GENERAL NOTES	
Tongue-flicking by a feeding Snowy Egret. <i>P. A. Buckley and F. G. Buckley</i> .....	678
The natal plumage of the Lesser Prairie Chicken. <i>George M. Sutton</i> .....	679
The 1966 status of 24 nest sites of the Bald Eagle ( <i>Haliaeetus leucocephalus</i> ) in east-central Florida. <i>J. C. Howell</i> .....	680
Encounters between Bald Eagles and other birds in winter. <i>Anthony J. Erskine</i> .....	681
Nesting performance and pesticide residues in Alaskan and Yukon Peregrines in 1967. <i>James H. Enderson, David G. Roseneau, and L. G. Swartz</i> .....	683
A hybrid Eastern Bluebird X Mountain Bluebird. <i>John Lane</i> .....	684
Lack of association among duck broodmates during migration and wintering. <i>R. K. Martinson and A. S. Hawkins</i> .....	684
The incubation period of the Knot. <i>David N. Nettleship</i> .....	687
Aggressive behavior in inexperienced young Ringed Turtle Doves ( <i>Streptopelia risoria</i> ). <i>Erich Klinghammer</i> .....	687
Population increase in the King Penguin, <i>Aptenodytes patagonica</i> , at Heard Island. <i>G. M. Budd</i> .....	689
Winter molt in the Acadian Flycatcher, <i>Empidonax vireescens</i> . <i>Melvin A. Traylor</i> .....	691
Additional bird records for southern Nevada. <i>George T. Austin</i> .....	692
Sharp-tailed Sandpiper collected in Florida. <i>John C. Ogden</i> .....	692
A nest of the Rufous-breasted Hermit with three eggs. <i>F. Haverschmidt</i> .....	693
Note on the mating behavior of the Least Tern, <i>Sterna albifrons</i> . <i>Katherine von Schmidt</i> .....	694
What is <i>Pionus reichenowi</i> (Heine)? <i>Charles E. O'Brien</i> .....	694
<i>Parus rufescens levyi</i> a nomen novum for <i>P. r. caliginosus</i> Burleigh. <i>Thomas D. Burleigh</i> .....	695
Robins feeding on hairy caterpillars. <i>Eugene S. Morton</i> .....	696
Nest-robbing by Cooper's Hawks. <i>R. Wayne Nelson</i> .....	696
A Brant specimen from Alabama. <i>Thomas Z. Atkeson, Jr.</i> .....	697
Egg puncturing behavior in Laughing Gulls. <i>Salvatore F. Borgiorno</i> .....	697
 REVIEWS. <i>Edited by John William Hardy</i> .....	 700
SPECIAL REVIEW: AN ORNITHOLOGICAL TREASURE AWAITS RESURRECTION. <i>E. R. Kalmbach</i> .....	703
PERIODICAL LITERATURE. <i>Edited by Glen E. Woolfenden</i> .....	707
CORRESPONDENCE .....	728
INDEX TO VOLUME 85. <i>Compiled by Willetta Lueshen</i> .....	730
