ABOUT ORNITHOLOGICAL MONOGRAPHS**

ORNITHOLOGICAL MONOGRAPHS

MONOGRAPH No. 1. *A Distributional Study of the Birds of British Honduras*, by Stephen M. Russell. 195 pp., 2 color plates. Price \$4.50 (\$3.60 to AOU members).

MONOGRAPH No. 2. *A Comparative Study of Some Social Communications Patterns in the Pelecaniformes*, by Gerard Frederick van Tets. 88 pp., 49 text figures. Price \$2.00 (\$1.60 to AOU members).

MONOGRAPH No. 3. *The Birds of Kentucky*, by Robert M. Mengel. Cloth-bound, 581 pp., 4 color plates plus text figures and vignettes. Price \$10.00 (\$8.00 to AOU members).

MONOGRAPH No. 4. *Evolution of Some Arctic Gulls (Larus): an Experimental Study of Isolating Mechanisms*, by Neal Griffith Smith. 99 pp., 62 text figures. Price \$2.50 (\$2.00 to AOU members).

MONOGRAPH No. 5. *A Comparative Life-history Study of Four Species of Woodpeckers*, by Louise de Kiriline Lawrence. 156 pp., 33 text figures. Price \$3.75 (\$3.00 to AOU members).

MONOGRAPH No. 6. *Adaptions for Locomotion and Feeding in the Anhinga and the Double-crested Cormorant*, by Oscar T. Owre. 138 pp., 56 text figures. Price \$3.50 (\$2.80 to AOU members).

MONOGRAPH No. 7. *A Distributional Survey of the Birds of Honduras*, by Burt L. Monroe, Jr. 458 pp., 2 color plates, 28 text figures. Price \$9.00 (\$7.20 to AOU members).

MONOGRAPH No. 8. *An Approach to the Study of Ecological Relationships of Grassland Birds*, by John A. Wiens. 93 pp., 30 text figures. Price \$2.50 (\$2.00 to AOU members).

MONOGRAPH No. 9. *Mating Systems, Sexual Dimorphism, and the Role of Male North American Passerine Birds in the Nesting Cycle*, by Jared Verner and Mary F. Willson. 76 pp. 1969. Price \$2.50 (\$2.00 to AOU members).

MONOGRAPH No. 10. *The Behavior of Spotted Antbirds*, by Edwin O. Willis. vi + 162 pp., 3 color plates, 27 text figures. 1972. Price \$6.00 (\$4.75 to AOU members).

MONOGRAPH No. 11. *Behavior, Mimetic Songs and Song Dialects, and Relationships of the Parasitic Indigobirds (Vidua) of Africa*, by Robert B. Payne. vi + 333 pp., 2 color plates, 50 text figures, 40 audiospectrographs. 1973. Price \$8.00 (\$6.40 to AOU members).

MONOGRAPH No. 12. *Intra-island Variation in the Mascarene White-eye Zosterops borbonica*, by Frank B. Gill. vi + 66 pp., 1 color plate, 31 text figures. 1973. Price \$2.00 (\$1.60 to AOU members).

MONOGRAPH No. 13. *Evolutionary Trends in the Neotropical Ovenbirds and Woodhewers*, by Alan Feduccia. iv + 69 pp., 20 text figures. 1973. Price \$2.00 (\$1.60 to AOU members).

Like all other AOU publications, *Ornithological Monographs* are shipped prepaid. Make checks payable to "The American Ornithologists' Union." For the convenience of those who wish to maintain complete sets of *Monographs* and to receive new numbers immediately upon issue, standing orders will be accepted.

Order from: **Burt L. Monroe, Jr., Treasurer, American Ornithologists' Union, Box 23447, Anchorage, Kentucky 40223**

»TANAGERS« - A Monograph of the Thraupidae - Volume I by E. Nørgaard-Olesen

»Tanagers« Vol. I has now been published in English. This book is undoubtedly the most outstanding and up-to-date work of its kind in modern avicultural literature. Besides being the most complete and comprehensive monograph of the Thraupidae or family of Tanagers, with full descriptions and distribution i. e., it is also a complete guide to the breeding, feeding and general management of Tanagers in captivity. This gives a book that ought to be owned by all fanciers of soft-billed birds. Besides the 256 pages of knowhow, it contains 53 illustrations on 18 color-plates, line-drawings and distribution maps.

The price of the book is \$17.50 postpaid.

CURASSOWS AND RELATED BIRDS

The American Museum of Natural History is pleased to announce the publication of **CURASSOWS AND RELATED BIRDS**, by Jean Delacour and Dean Amadon.

Curassows, guans, and chachalacas are intriguing, colorful birds that roam the jungles and mountains of tropical America. The authors write in detail of the biology and habits of these gamebirds, a group about which little is known and less has been published. The book is based on several field trips and extensive research, and its authoritative text will be of great value to all students and lovers of birds.

CURASSOWS AND RELATED BIRDS is also a very beautiful book. Its 268 pages contain thirty color plates of the birds in their habitats, painted by Albert Earl Gilbert, George Miksch Sutton, and David Reid-Henry. There are also seventy drawings, maps, and photographs.

CURASSOWS AND RELATED BIRDS has been produced in a limited edition and is available through the Museum for the special price of \$20.00, plus \$1.00 for postage and handling. To order, please send check or money order to:
The American Museum of Natural History, Curassow Book,
77 West 77th Street, New York, New York 10024

Maynard Reece

Wood Ducks / Maynard Reece

Maynard Reece is the only five time winner of the Federal Duck Stamp design competition. He has also received the honor of being named *Ducks Unlimited Artist of the Year* — 1973.

Limited to only 550 prints, signed and numbered, this remarkable painting has been faultlessly reproduced using twelve different color inks on special B.F.K. Rives all rag content paper.

This is the first Maynard Reece painting reproduced by the unmatched and very expensive Collotype Process which builds up to a depth and richness of color that is true to the original. All prints shipped flat, exceedingly well-protected and insured. Plate size, 19" x 27" with ample margins. \$125 each.

THE AUK

A Quarterly Journal of Ornithology

ORGAN OF THE AMERICAN ORNITHOLOGISTS' UNION

THE AUK is edited at the Florida State Museum, University of Florida, Gainesville, Florida 32611, by the following staff:

Editor, OLIVER L. AUSTIN, JR.; *Assistant Editor*, FLORENCE A. PETTIS

Associate Editors, JOHN P. HUBBARD (Reviews), HERBERT W. KALE, II (Periodical Literature), and JAMES J. DINSMORE (Index)

THE AUK welcomes original articles and short notes, not published elsewhere, containing significant new knowledge about birds, or new interpretation of existing knowledge. Address all articles and notes intended for publication and all books intended for review to the editor. For longer articles (ca. 10,000 words or over) a charge for all printed pages above 20 is assessed at actual costs, currently \$42.00 per page.

SUGGESTIONS TO CONTRIBUTORS.—Submit all MSS *in duplicate*. They must satisfy the following minimal requirements: *MSS should be typewritten, double-spaced (especially tables and "literature cited"), on one side of numbered sheets of standard (8½ × 11 in.) bond paper, with at least 1-inch margins all around. Tables (which should be unruled) and figure legends should be typed on separate sheets. Drawings should be in india ink on good board or drafting paper and lettered by lettering guide or the equivalent. Photographs should be clear, of good contrast, on glossy paper. Illustrations should allow (with particular regard to lettering) for reduction to their final width (usually 4½ in.). Illustrations larger than 8½ × 11 in. are not acceptable and should be reduced photographically to that size or smaller. Designate top of each illustration and identify (on the back with soft pencil) by author's name, title, and figure number. Submit a duplicate or readable copy of each figure for use of reviewers.*

Titles should be short and descriptive. MSS should follow the conventions of form observed in articles, general notes, and reviews in THE AUK, with minor variations, since 1970. Avoid footnotes. If more than five works are cited, references in text should relate to a terminal list of "literature cited" (*include no titles not cited*). Where critical matter is cited from longer works, indicate the pertinent pages, e.g. (Lack 1947: 96-97). Citations in text should be parenthetical, e.g. (Austin 1971, Families of birds, New York, Golden Press, pp. 44-49) or (Sauer 1972, Auk 89: 717). *Verify all citations from original sources unless impossible, in which case so indicate.* For spellings, abbreviations, and general conventions of form and style, Auk follows WNI, third ed.; the Columbia Lippincott Gazetteer; the CBE Style Manual, third ed.; and the GPO Style Manual.

For bird weights and measurements use metric units. Other measurements should be in the form usual to the discipline of the paper as practiced in the United States. The 24-hour clock (08:00 and 20:30) and "continental" dating (1 July 1971) are preferred. Scientific and (if any) vernacular names of birds should be given upon first mention thereof and should follow the A.O.U. Check-list, fifth ed., or the appropriate equivalent unless departures are explained and defended. Articles more than 10 pages long should include a summary that should not exceed 10 percent of the length of the article.

Proofs of all articles and notes will be sent to authors. Reprints of articles, notes, and other items are to be paid for by the author. These must be ordered from Allen Press Inc. on the blanks sent with the proof.

CONTENTS

NOTES ON THE BEHAVIOR OF THE WHITE BELLBIRD. <i>Barbara K. Snow</i>	743
EDWARD JENNER, PIONEER STUDENT OF TWO MAJOR ORNITHOLOGICAL PROBLEMS. <i>Lawrence Kilham</i>	752
TURNOVER AND ECOLOGICAL RELEASE IN THE AVIFAUNA OF MONA ISLAND, PUERTO RICO. <i>John Terborgh and John Faaborg</i>	759
MATE FAMILIARITY AND THE REPRODUCTIVE BEHAVIOR OF RINGED TURTLE DOVES. <i>Carl J. Erickson</i>	780
INTERSPECIFIC FEEDING ASSEMBLAGES OF MARINE BIRDS OFF BRITISH COLUMBIA. <i>Spencer G. Sealy</i>	796
TIME-BASED RESPONDING IN PIGEONS AND CROWS. <i>Robert W. Powell</i>	803
RELATION OF EIDERS AND GULLS NESTING IN MIXED COLONIES IN PENOBSCOT BAY, MAINE. <i>André A. Bourget</i>	809
REGIONAL VARIATION IN THE FOOD OF NESTLING CATTLE EGRETS. <i>Donald A. Jenni</i> ..	821
HABITAT PARTITIONING BY FORAGING GULLS IN MAINE AND NORTHWESTERN EUROPE. <i>George L. Hunt, Jr. and Molly W. Hunt</i>	827
