

The Auk

reaches 3,300 ornithologists and
900 institutional libraries.

Rates and Space Dimensions for Advertisements in THE AUK

| Space | Dimensions | Per Year (4 issues) | Per Issue |
|-----------|------------|------------------------|-----------|
| Full page | 4½" × 7½" | \$375 | \$125 |
| ½ page | 4½" × 3⅝" | 225 | 75 |
| ⅓ page | 4½" × 2⅝" | 150 | 50 |
| ¼ page | 4½" × 1¾" | 120 | 40 |

These are list prices; agencies receive the usual 15 percent commission. This price list supersedes all previous price lists.

Publication dates: 1 January, 1 April, 1 July, and 1 October.

Closing dates: Eight weeks in advance of publication date.

Columns to page: One, 26 picas wide.

Column size: 4½" × 7".

Printing process: Letterpress.

Size of half-tone screen: 133.

Address inquiries and space orders to:

ABOUT ORNITHOLOGICAL MONOGRAPHS**

ORNITHOLOGICAL MONOGRAPHS

MONOGRAPH No. 1. *A Distributional Study of the Birds of British Honduras*, by Stephen M. Russell. 195 pp., 2 color plates. Price \$4.50 (\$3.60 to AOU members).

MONOGRAPH No. 2. *A Comparative Study of Some Social Communications Patterns in the Pelecaniformes*, by Gerard Frederick van Tets. 88 pp., 49 text figures. Price \$2.00 (\$1.60 to AOU members).

MONOGRAPH No. 3. *The Birds of Kentucky*, by Robert M. Mengel. Cloth-bound, 581 pp., 4 color plates plus text figures and vignettes. Price \$10.00 (\$8.00 to AOU members).

MONOGRAPH No. 4. *Evolution of Some Arctic Gulls (Larus): an Experimental Study of Isolating Mechanisms*, by Neal Griffith Smith. 99 pp., 62 text figures. Price \$2.50 (\$2.00 to AOU members).

MONOGRAPH No. 5. *A Comparative Life-history Study of Four Species of Woodpeckers*, by Louise de Kiriline Lawrence. 156 pp., 33 text figures. Price \$3.75 (\$3.00 to AOU members).

MONOGRAPH No. 6. *Adaptions for Locomotion and Feeding in the Anhinga and the Double-crested Cormorant*, by Oscar T. Owre. 138 pp., 56 text figures. Price \$3.50 (\$2.80 to AOU members).

MONOGRAPH No. 7. *A Distributional Survey of the Birds of Honduras*, by Burt L. Monroe, Jr. 458 pp., 2 color plates, 28 text figures. Price \$9.00 (\$7.20 to AOU members).

MONOGRAPH No. 8. *An Approach to the Study of Ecological Relationships of Grassland Birds*, by John A. Wiens. 93 pp., 30 text figures. Price \$2.50 (\$2.00 to AOU members).

MONOGRAPH No. 9. *Mating Systems, Sexual Dimorphism, and the Role of Male North American Passerine Birds in the Nesting Cycle*, by Jared Verner and Mary F. Willson. 76 pp. 1969. Price \$2.50 (\$2.00 to AOU members).

MONOGRAPH No. 10. *The Behavior of Spotted Antbirds*, by Edwin O. Willis. vi + 162 pp., 3 color plates, 27 text figures. 1972. Price \$6.00 (\$4.75 to AOU members).

MONOGRAPH No. 11. *Behavior, Mimetic Songs and Song Dialects, and Relationships of the Parasitic Indigobirds (Vidua) of Africa*, by Robert B. Payne. vi + 333 pp., 2 color plates, 50 text figures, 40 audiospectrographs. 1973. Price \$8.00 (\$6.40 to AOU members).

MONOGRAPH No. 12. *Intra-island Variation in the Mascarene White-eye Zosterops borbonica*, by Frank B. Gill. vi + 66 pp., 1 color plate, 31 text figures. 1973. Price \$2.00 (\$1.60 to AOU members).

MONOGRAPH No. 13. *Evolutionary Trends in the Neotropical Ovenbirds and Woodhewers*, by Alan Feduccia. iv + 69 pp., 20 text figures. 1973. Price \$2.00 (\$1.60 to AOU members).

MONOGRAPH No. 14. *A Symposium on the House Sparrow (Passer domesticus) and European Tree Sparrow (P. montanus) in North America*, S. Charles Kendeigh, chairman. vi + 121 pp., 25 text figures. 1973. Price \$3.50 (\$2.80 to AOU members).

MONOGRAPH No. 15. *Functional Anatomy and Adaptive Evolution of the Feeding Apparatus in the Hawaiian Honeycreeper Genus Loxops (Drepanididae)*, by Lawrence P. Richards and Walter J. Bock. vii + 173 pp., 14 text figures + 26 plates. 1973. Price \$6.00 (\$4.75 to AOU members).

Like all other AOU publications, *Ornithological Monographs* are shipped prepaid. Make checks payable to "AOU." For the convenience of those who wish to maintain complete sets of *Monographs* and to receive new numbers immediately upon issue, standing orders will be accepted.

Order from: **Glen E. Woolfenden, Assistant to the Treasurer AOU, Department of Biology, University of South Florida, Tampa, Florida 33620.**

Bird Bonanzas...

1974 FEATURE TOUR — ARGENTINA

October 13 to November 3, 1974

Roger Kniss is going to Argentina on his second **BIRD BONANZAS** tour. Roger has taken tours before with other leading nature tour agencies, but after his first **BIRD BONANZAS** tour he wrote, "Just a short note to let you know how much I enjoyed my first **BIRD BONANZAS** trip. I thought that all phases of the tour were excellent. I saw more species of birds better than I ever imagined possible."

Five nature tour agencies will visit Argentina this fall.

- ▶ one will record the largest number of birds
- ▶ one will have as a leader an ornithologist who is a lifelong resident of Argentina
- ▶ one will have a small group (only ten people)
- ▶ one will have the lowest cost
- ▶ one will operate it as the "Feature Tour of the Year"

The one agency is **BIRD BONANZAS**. Each year we select one tour as the high point of our annual program and spare no effort to make it the finest ornithological tour in the entire world for that year.

Examples of previous Feature Tours are:

| | | |
|-------------------|-------|-------------|
| Australia, 1973 | | 494 species |
| Southeast | | |
| Asia, 1972 | | 540 species |
| East Africa, 1970 | | 664 species |

We run them in such manner for small enough groups to permit everyone to see nearly all of the birds. For a vacation in which you will see a large number of birds, the natural beauty of a large portion of Argentina in the company of a small group of enthusiastic birders — the guidance of an experienced Argentinian ornithologist who knows the birds, the country and its customs, this is the tour for you.

For additional information or reservations, mail the attached coupon.

BIRD BONANZAS, INC.
12550 Biscayne Boulevard, Suite 501
North Miami, Florida 33161

I am interested in the finest ornithological tour of 1974.
 Please send additional details.

"WE SHOW PEOPLE BIRDS"

Bird Bonanzas . . .

If you compare, you'll see that in most cases the cost of our tours is lower, and in every case, the number of birds you'll see is larger. If you like to travel and look for birds, why not get the most value for your dollar?

WASHINGTON — May 18 to 27, 1974. This tour is led by Terry Wahl, co-author of "A Guide to Finding Birds in Washington" and organizer of many pelagic trips. Will visit many habitat areas, including a pelagic trip and show you a large number of the state's birds.

DRY TORTUGAS BOAT TRIP — May 31 to June 2, 1974. On last year's trips, in addition to the Sooty and both noddy terns, Cave Swallow and White-tailed Tropicbird were seen. Something unusual always turns up.

AUSTRALIA — August 18 to September 7, 1974. An abbreviation of our 1973 tour which recorded 494 species of birds, timed to coordinate with the International Ornithological Congress in Canberra. As long as you go that far, why not see as much as you can?

ECUADOR-PERU — One of the world's richest areas for birds with well over 500 species expected. One of the highlights is an excursion of a few days on the western Amazon and its tributaries on a private launch.

1974 FEATURE TOUR — ARGENTINA — Each year we concentrate on one tour to make it **the finest ornithological tour in the world that year.** For example, our 1973 Feature Tour to Australia recorded 494 species; in 1972 in Southeast Asia we recorded 540 species; in East Africa in 1970 we recorded 664 species. We invite comparison with any other tours.

What do these numbers mean? They mean that you can expect to see more for your money with BIRD BONANZAS. How do we do it? First, we use **the most expert local leader available** in each area, people who know the birds and where to find them far better than the visiting birders that lead most tours. Second, we keep our groups small so that everyone has a better opportunity to see the birds. Some agencies that advertise "small groups" take 15 or 20 people. We usually take 5 to 10.

The following letter is typical of those we receive from participants after our tours:

"I've been on several organized tours in the past, and your far and away surpassed the others for showing the birds and showing them well. Virtually all the birds were seen by all the group and really seen to one's satisfaction for good lifelist identification. The leadership was superb and the group was most congenial and eager."

Dr. Robert Pittell,
Fort Lauderdale, Fla.

We also have fine tours to many other areas. Send for our brochure.

CROWDER NATURE TOURS

... resuming after a lapse. The original overseas Nature Tours; started in 1961 several years before the first others joined the field. Still have an amazing world coverage. Do you have our famous "Tour Book"?

Emphasis principally birds, under expert leadership, but non-birders also find our offbeat routes of extraordinary interest. A non-profit operation.

PROGRAM FOR COMING MONTHS

(No. Am. trips 2 wks; all others 3 weeks)

- ¹ Tropical America: March-April-May (5 hours)
- ² Europe: June-July (5 tours)
Africa: East Africa June 29; Madagascar July 20
- ³ South Pacific: July-October (7 tours)
Himalayas: Sept. 7 (Nepal-Bhutan-Brahamaputra Valley)
South America: September (Colombia; Venezuela-Guianas)

¹ Tropical America series now firming up: Florida March 23; Yucatan April 6; Texas-Northern Mexico April 20; California May 4; Arizona May 25.

² Europe: Scottish Islands June 6; Mediterranean June 6; Norway June 29; Middle East June 29; USSR (six weeks, all 15 Soviet Republics, plus Outer Mongolia and around the world) July 20.

³ South Pacific: Very heavy coverage; if at all interested, do write.

NOTE: *Unannounced tours often run; what is your interest?*

THE AUK

A Quarterly Journal of Ornithology

ORGAN OF THE AMERICAN ORNITHOLOGISTS' UNION

THE AUK is edited at the Florida State Museum, University of Florida, Gainesville, Florida 32611, by the following staff:

Editor, OLIVER L. AUSTIN, JR.; *Assistant Editor*, FLORENCE A. PETTIS

Associate Editors, WALTER BOCK (Reviews), HERBERT W. KALE, II (Periodical Literature), and JAMES J. DINSMORE (Index)

THE AUK welcomes original articles and short notes, not published elsewhere, containing significant new knowledge about birds, or new interpretation of existing knowledge. Address all articles and notes intended for publication and all books intended for review to the editor. For longer articles (ca. 10,000 words or over) a charge for all printed pages above 20 is assessed at actual costs, currently \$51.00 per page.

SUGGESTIONS TO CONTRIBUTORS.—Submit all MSS *in duplicate*. They must satisfy the following minimal requirements: *MSS should be typewritten, double-spaced (especially tables and "literature cited"), on one side of numbered sheets of standard (8½ × 11 in.) bond paper, with at least 1-inch margins all around. Tables (which should be unruled) and figure legends should be typed on separate sheets. Drawings should be in india ink on good board or drafting paper and lettered by lettering guide or the equivalent. Photographs should be clear, of good contrast, on glossy paper. Illustrations should allow (with particular regard to lettering) for reduction to their final width (usually 4½ in.). Illustrations larger than 8½ × 11 in. are not acceptable and should be reduced photographically to that size or smaller. Designate top of each illustration and identify (on the back with soft pencil) by author's name, title, and figure number. Submit a duplicate or readable copy of each figure for use of reviewers.*

Titles should be short and descriptive. MSS should follow the conventions of form observed in articles, general notes, and reviews in THE AUK, with minor variations, since 1973. Avoid footnotes. If more than five works are cited, references in text should relate to a terminal list of "literature cited" (*include no titles not cited*). Where critical matter is cited from longer works, indicate the pertinent pages, e.g. (Lack 1947: 96-97). Citations in text should be parenthetical, e.g. (Austin 1971, Families of birds, New York, Golden Press, pp. 44-49) or (Sauer 1972, Auk 39: 717). *Verify all citations from original sources unless impossible, in which case so indicate.* For spellings, abbreviations, and general conventions of form and style, Auk follows WNI, third ed. (1967); the Columbia Lippincott Gazetteer (1962); the CBE Style Manual, third ed. (1972); and the GPO Style Manual (1973).

For bird weights and measurements use metric units. Other measurements should be in the form usual to the discipline of the paper as practiced in the United States. The 24-hour clock (0800 and 2030) and "continental" dating (1 July 1971) are preferred. Scientific and (if any) vernacular names of birds should be given upon first mention thereof and should follow the A.O.U. Check-list, fifth ed. (1957), including the 32nd Supplement (1973, Auk 90: 411-419), or the appropriate equivalent unless departures are explained and defended. Articles more than 10 pages long should include a summary that should not exceed 10% of the length of the article.

Proofs of all articles and notes will be sent to authors. Reprints of articles, notes, and other items are to be paid for by the author. These must be ordered from Allen Press Inc. on the blanks sent with the proof.
