

Publications of the AOU

Check-list of North American birds. Fifth ed. 1957 (reprinted 1975). Clothbound, 691 pages, \$13.00 (includes 32nd Supplement, 1973).

Thirty-second supplement to the American Ornithologists' Union check-list of North American birds (1973, Auk 90: 411-419) and **Corrections and additions to the "Thirty-second supplement to the check-list of North American birds"** (1973, Auk 90: 887). \$1.50 each.

Proceedings of the 13th International Ornithological Congress, 1963. Two volumes, 1250 pages, clothbound, \$10.00 per two-volume set.

Bird collections in the United States and Canada (1973, Auk 90: 136-170). \$1.25 each, two or more for \$1.00 each.

Ten-year indexes to The Auk. 1901-1910, paperbound \$4.00. 1921-1930, paperbound \$4.00. 1931-1940, paperbound \$4.00, clothbound \$5.00. 1941-1950, paperbound \$8.00, clothbound \$10.00. 1951-1960, paperbound \$10.00, clothbound \$12.50. 1961-1970, paperbound \$10.00, clothbound \$12.50.

Biographies of members of the American Ornithologists' Union, 1954. Paperbound, \$4.00 each.

The American Ornithologists' Union, membership list, 1974. \$1.50 each.

Career opportunities in ornithology (1974, American Birds 28: 741-746). Single copies free from the Secretary of the AOU—include stamped, addressed envelope. Order multiple copies from Assistant to the Treasurer AOU—5 copies \$1.00, 30 copies \$5.00, 75 copies \$10.00.

Order from Glen E. Woolfenden, Assistant to the Treasurer AOU, Department of Biology, University of South Florida, Tampa, Florida 33620. Make checks payable to "AOU." Invoices will include mailing costs.

OF ORNITHOLOGICAL MONOGRAPHS**

ORNITHOLOGICAL MONOGRAPHS

New prices effective 1 February 1975

MONOGRAPH No. 1. *A Distributional Study of the Birds of British Honduras*, by Stephen M. Russell. 195 pp., 2 color plates. Price \$7.00 (\$5.50 to AOU members).

MONOGRAPH No. 2. *A Comparative Study of Some Social Communications Patterns in the Pelecaniformes*, by Gerard Frederick van Tets. 88 pp., 49 text figures. Price \$3.50 (\$2.50 to AOU members).

MONOGRAPH No. 3. *The Birds of Kentucky*, by Robert M. Mengel. Cloth-bound, 581 pp., 4 color plates plus text figures and vignettes. Price \$15.00 (\$12.50 to AOU members).

MONOGRAPH No. 4. *Evolution of Some Arctic Gulls (Larus): an Experimental Study of Isolating Mechanisms*, by Neal Griffith Smith. 99 pp., 62 text figures. Price \$4.00 (\$3.00 to AOU members).

MONOGRAPH No. 5. *A Comparative Life-history Study of Four Species of Woodpeckers*, by Louise de Kiriline Lawrence. 156 pp., 33 text figures. Price \$6.00 (\$4.50 to AOU members).

MONOGRAPH No. 6. *Adaptions for Locomotion and Feeding in the Anhinga and the Double-crested Cormorant*, by Oscar T. Owre. 138 pp., 56 text figures. Price \$6.00 (\$4.50 to AOU members).

MONOGRAPH No. 7. *A Distributional Survey of the Birds of Honduras*, by Burt L. Monroe, Jr. 458 pp., 2 color plates, 28 text figures. Price \$14.00 (\$11.00 to AOU members).

MONOGRAPH No. 8. *An Approach to the Study of Ecological Relationships of Grassland Birds*, by John A. Wiens. 93 pp., 30 text figures. Price \$4.00 (\$3.00 to AOU members).

MONOGRAPH No. 9. *Mating Systems, Sexual Dimorphism, and the Role of Male North American Passerine Birds in the Nesting Cycle*, by Jared Verner and Mary F. Willson. 76 pp. 1969. Price \$4.00 (\$3.00 to AOU members).

MONOGRAPH No. 10. *The Behavior of Spotted Antbirds*, by Edwin O. Willis. vi + 162 pp., 3 color plates. 27 text figures. 1972. Price \$9.00 (\$7.50 to AOU members).

MONOGRAPH No. 11. *Behavior, Mimetic Songs and Song Dialects, and Relationships of the Parasitic Indigobirds (Vidua) of Africa*, by Robert B. Payne. vi + 333 pp., 2 color plates, 50 text figures, 40 audiospectrographs. 1973. Price \$12.50 (\$10.00 to AOU members).

MONOGRAPH No. 12. *Intra-island Variation in the Mascarene White-eye Zosterops borbonica*, by Frank B. Gill. vi + 66 pp., 1 color plate, 31 text figures. 1973. Price \$3.50 (\$2.50 to AOU members).

MONOGRAPH No. 13. *Evolutionary Trends in the Neotropical Ovenbirds and Woodhewers*, by Alan Feduccia. iv + 69 pp., 20 text figures. 1973. Price \$3.50 (\$2.50 to AOU members).

MONOGRAPH No. 14. *A Symposium on the House Sparrow (Passer domesticus) and European Tree Sparrow (P. montanus) in North America*, S. Charles Kendeigh, chairman. vi + 121 pp., 25 text figures. 1973. Price \$6.00 (\$4.50 to AOU members).

MONOGRAPH No. 15. *Functional Anatomy and Adaptive Evolution of the Feeding Apparatus in the Hawaiian Honeycreeper Genus Loxops (Drepanididae)*, by Lawrence P. Richards and Walter J. Bock. vii + 173 pp., 14 text figures + 26 plates. 1973. Price \$9.00 (\$7.50 to AOU members).

MONOGRAPH No. 16. *The Red-tailed Tropicbird on Kure Atoll*, by Robert R. Fleet. vi + 64 pp., 34 text figures, 5 tables. 1974. Price \$5.50 (\$4.50 to AOU members).

Order from: **Glen E. Woolfenden, Assistant to the Treasurer AOU, Department of Biology, University of South Florida, Tampa, Florida 33620.**

Make checks payable to "AOU." For the convenience of those who wish to maintain complete sets of *Monographs* and to receive new numbers immediately upon issue, standing orders will be accepted.

*reaches 3,300 ornithologists and
900 institutional libraries.*

Rates and Space Dimensions for Advertisements in THE AUK

Space	Dimensions	Per Year (4 issues)	Per Issue
Full page	4½" × 7½"	\$375	\$125
½ page	4½" × 3⅝"	225	75
⅓ page	4½" × 2⅝"	150	50
¼ page	4½" × 1⅓ ¹⁶ "	120	40

These are list prices; agencies receive the usual 15 percent commission. This price list supersedes all previous price lists.

Publication dates: 1 January, 1 April, 1 July, and 1 October.

Closing dates: Eight weeks in advance of publication date.

Columns to page: One, 26 picas wide.

Column size: 4½" × 7".

Printing process: Letterpress.

Size of half-tone screen: 133.

Address inquiries and space orders to:

**John A. Wiens, Treasurer, The American Ornithologists' Union,
Department of Zoology, Oregon State University, Corvallis, Oregon 97331.**

Books on Birds Bought and Sold

An extensive collection of ornithological material is available at all times for research, reference and investment.

Whether your interest lies in the Nearctic species or those belonging to the other great regions of the world, it will ensure satisfaction by contacting the only ornithological literary specialist.

Bird books are purchased either as single items, small collections or complete libraries. Please offer any that are surplus to your requirements.

OXFORD

Handbook of the Birds of India and Pakistan Together with Those of Bangladesh, Nepal, Sikkim, Bhutan and Sri Lanka

SALIM ALI, author of *The Book of Indian Birds*, and
S. DILLON RIPLEY, Secretary, the Smithsonian Institu-
tion, Washington, D.C.

The *Handbook*, which will be completed in ten volumes, de-
scribes the 1200 species of birds which are to be seen or
are known to have occurred in India, Pakistan and other In-
dian countries. Detailed life histories and feather-by-feather
descriptions are not attempted, but the handbook records
distribution, habit, breeding, biology, diet and voice of 210
birds. The finished set will contain 113 color plates, some
specifically prepared for these volumes. Systematic keys in
the text help the bird-watcher and the scientific ornithologist
to identify most of the birds that they see and all those that
they handle. Maps show the distribution of many migratory
and spatially restricted forms, and a number of line draw-
ings illustrate diagnostic features such as bills and feet.

What the Critics say of the *Handbook*:

"The *Handbook* presents considerable solid new life history
information, definite banding records to document migrants,
the color pictures of practically every species (many never
before rendered) and up-to-date taxonomy—by which I
mean larger genera than in Stuart Baker's day. The account
of behavior and ecology of each bird is of especial value.
Written in vigorous, animated style, compressed into that
paragraph is a wealth of observation. . . ."—Joe Marshall in
The Auk

"This monumental work, undertaken by the two distinguished
ornithologists best qualified for the assignment. . . . When
completed, the *Handbook* will admirably represent the plug-
ging of a notable gap in the ornithological literature, for the
Indian region, with its extreme diversity in climate and en-
vironment, is one of the world's richest birdlife areas. . . .
The distribution maps, which include the ranges of sub-spe-
cies are especially helpful."—*Quarterly Review of Biology*

"The finished work will prove useful to all professional
ornithologists. It belongs in all good reference libraries, for
it will not be improved upon for many years."—*Defenders of
Wildlife News*

THE FENSMAN PORTABLE BLIND

This all-purpose blind is fully portable and measures 50" X 36" X 36", weighs approx. 7 lb., folded measures only 22" X 7", and is supplied in a carrying grip. Manufactured from camouflaged water resistant canvas, held rigid by four interlocking hardwood poles supported by adjustable guy ropes. The 'Fensman' can be used for photography or general ob-

servation. There are four 2½" X 7" observation slits suitable for binoculars (one on each side), which (a) can be secured with the built-in storm flaps, (b) left fully open, or (c) partially obscured by a fine nylon mesh blind which renders the observer unseen from outside, yet offers an almost unrestricted view from inside. A special feature of the 'Fensman' hide is the camera funnel which can be seen in the photograph.

The hide is being used by the Wild Life Film Units, The Nature Conservancy, etc. and has been well proven in the field.

The bottom of the hide is a double thickness skirt forming an all-round pocket, which, if necessary, can be filled with any material such as sand, beach or earth to give added anchorage in high wind areas, or is useful for the storage of items like note pads, etc. Price (includes carrying grip, all pegs, poles, ropes, etc. and carriage paid): \$40 by surface mail, \$50 by air mail.

**THERE WILL BE NO FINER ORNITHOLOGICAL TOUR IN 1975 THAN
BIRD BONANZAS' "TOUR OF THE YEAR" TO SOUTH AFRICA.**

Our leader has more field experience and greater knowledge of the birds of South Africa than any other person.

Our itinerary will cover a spectacular assortment of fascinating habitats and offer opportunities to see vast numbers of mammals and magnificent natural scenery as well as a phenomenal number of birds.

The size of the group will be limited to the optimum number to find the greatest possible number of birds and provide every participant with the chance to see them all.

Areas visited will include Victoria Falls, Wankie National Park, Kruger National Park, Ndumu, Royal Natal National Park, Tsitsikama, Kalahari Gemsbok National Park and the Etosha Pan.

Though all of our tours are known for outstanding birding, our "Tour of the Year" is the finest birding tour anywhere in the world. If you would like additional information, send the following coupon.

BIRD BONANZAS, INC.

12550 Biscayne Boulevard, Suite 501
North Miami, Florida 33181

Please send additional information about BIRD BONANZAS' "TOUR OF THE YEAR" to SOUTH AFRICA.

Bird Bonanzas ACCEPTS THE INVITATION FOR COMPARISON

We think the two agencies that offer the best tours available for birders are BIRD BONANZAS and Massachusetts Audubon Tours. But BIRD BONANZAS Tours are so outstanding that no others can compare.

NATURAL HISTORY

Tours

MASSACHUSETTS AUDUBON TOURS..

...are designed to see birds in exciting habitats throughout the world. We invite comparison with any other tours as to the number and quality of species seen, as well as to the quality of travel and leadership. Join Peter Alden, Chris Leahy.

For example, compare tours conducted to Argentina in 1974:

	BIRD BONANZAS	Massachusetts Audubon
Cost (Miami to Miami)	\$2,007	\$3,150
Number of species of birds	414	320
Number of days	22*	21
Number of participants	11	8
Accommodations	First class	First class

*BIRD BONANZAS' itinerary included a one-day birding stopover in Rio de Janeiro, Brazil.

We will be happy to offer a comparison of any of our other tours with their tours to comparable areas, and we think anyone who is considering taking a Massachusetts Audubon Tour should accept their invitation by writing BIRD BONANZAS and comparing what we have to offer before making a selection.

BIRD BONANZAS, INC.
 12550 Biscayne Boulevard, Suite 501
 North Miami, Florida 33181

Please send additional information about BIRD BONANZAS' TOURS.

THE AUK

A Quarterly Journal of Ornithology

ORGAN OF THE AMERICAN ORNITHOLOGISTS' UNION

THE AUK is edited at the Florida State Museum, University of Florida, Gainesville, Florida 32611, by the following staff:

Editor, OLIVER L. AUSTIN, JR.; *Assistant Editor*, FLORENCE A. PETTIS

Associate Editors, WALTER BOCK (Reviews), HERBERT W. KALE, II (Periodical Literature), and JAMES J. DINSMORE (Index)

THE AUK welcomes original articles and short notes, not published elsewhere, containing significant new knowledge about birds, or new interpretation of existing knowledge. Address all articles and notes intended for publication and all books intended for review to the editor. For longer articles (ca. 8000 words or over) a charge for all printed pages above 16 is assessed at actual costs, currently \$51.00 per page.

SUGGESTIONS TO CONTRIBUTORS.—Submit all MSS *in duplicate*. They must satisfy the following minimal requirements: *MSS should be typewritten, double-spaced (especially tables and "literature cited"), on one side of numbered sheets of standard (8½ × 11 in.) bond paper, with at least 1-inch margins all around. Tables (which should be unruled) and figure legends should be typed on separate sheets. Drawings should be in india ink on good board or drafting paper and lettered by lettering guide or the equivalent. Photographs should be clear, of good contrast, on glossy paper. Illustrations should allow (with particular regard to lettering) for reduction to their final width (usually 4⅓ in.). Illustrations larger than 8½ × 11 in. are not acceptable and should be reduced photographically to that size or smaller. Designate top of each illustration and identify (on the back with soft pencil) by author's name, title, and figure number. Submit a duplicate or readable copy of each figure for use of reviewers.*

Titles should be short and descriptive. MSS should follow the conventions of form observed in articles, general notes, and reviews in THE AUK, with minor variations, since 1973. Avoid footnotes. If more than five works are cited, references in text should relate to a terminal list of "literature cited" (*include no titles not cited*). Where critical matter is cited from longer works, indicate the pertinent pages, e.g. (Lack 1947: 96-97). Citations in text should be parenthetical, e.g. (Austin 1971, Families of birds, New York, Golden Press, pp. 44-49) or (Sauer 1972, Auk 39: 717). *Verify all citations from original sources unless impossible, in which case so indicate.* For spellings, abbreviations, and general conventions of form and style, Auk follows WNI, third ed. (1967); the Columbia Lippincott Gazetteer (1962); the CBE Style Manual, third ed. (1972); and the GPO Style Manual (1973).

For bird weights and measurements use metric units. Other measurements should be in the form usual to the discipline of the paper as practiced in the United States. The 24-hour clock (0800 and 2030) and "continental" dating (1 July 1971) are preferred. Scientific and (if any) vernacular names of birds should be given upon first mention thereof and should follow the A.O.U. Check-list, fifth ed. (1957), including the 32nd Supplement (1973, Auk 90: 411-419), or the appropriate equivalent unless departures are explained and defended. Articles more than 10 pages long should include a summary that should not exceed 10% of the length of the article.

Proofs of all articles and notes will be sent to authors. Reprints of articles, notes, and other items are to be paid for by the author. These must be ordered from Allen Press Inc. on the blanks sent with the proof.
