

# The Auk

reaches 3,700 ornithologists and  
900 institutional libraries.

## Rates and Space Dimensions for Advertisements in THE AUK

Space	Dimensions	Per Year (4 issues)	Per Issue
Full page	4½" × 7½"	\$525	\$180
½ page	4½" × 3⅝"	300	100
¼ page	4½" × 1⅜"	150	50

These are list prices; agencies receive the usual 15 percent commission. This price list supersedes all previous price lists.

*Publication dates:* 1 January, 1 April, 1 July, and 1 October.

*Closing dates:* Eight weeks in advance of publication date.

*Columns to page:* One, 26 picas wide.

*Column size:* 4½" × 7".

*Printing process:* Letterpress.

*Size of half-tone screen:* 133.

Address inquiries and space orders to:

**John A. Wiens, Treasurer, The American Ornithologists' Union,  
Department of Zoology, Oregon State University, Corvallis, Oregon 97331.**

### *Books on Birds Bought and Sold*

An extensive collection of ornithological material is available at all times for research, reference and investment.

Whether your interest lies in the Nearctic species or those belonging to the other great regions of the world, it will ensure satisfaction by contacting the only ornithological literary specialist.

Bird books are purchased either as single items, small collections or complete libraries. Please offer any that are surplus to your requirements.

## Publications of the AOU

**Check-list of North American birds.** Fifth ed. 1957 (reprinted 1975). Cloth-bound, 691 pages, \$13.00 (includes 32nd Supplement, 1973).

**Thirty-second supplement to the American Ornithologists' Union check-list of North American birds** (1973, Auk 90: 411-419) and **Corrections and additions to the "Thirty-second supplement to the check-list of North American birds"** (1973, Auk 90: 887). \$1.50 each.

**Report of the American Ornithologists' Union *ad hoc* committee on scientific and educational use of wild birds** (1975, Auk 92 [3, Suppl.]: 1A-27A). \$1.00 each.

**Proceedings of the 13th International Ornithological Congress, 1963.** Two volumes, 1250 pages, clothbound, \$10.00 per two-volume set.

**Bird collections in the United States and Canada** (1973, Auk 90: 136-170). \$1.25 each, two or more for \$1.00 each.

**Ten-year indexes to The Auk.** 1901-1910, paperbound \$4.00. 1921-1930, paperbound \$4.00. 1931-1940, paperbound \$4.00. clothbound \$5.00. 1941-1950, paperbound \$8.00, clothbound \$10.00. 1951-1960, paperbound \$10.00, clothbound \$12.50. 1961-1970, paperbound \$10.00, clothbound \$12.50.

**Biographies of members of the American Ornithologists' Union, 1954.** Paperbound, \$4.00 each.

**The American Ornithologists' Union, membership list, 1974.** \$1.50 each.

**Career opportunities in ornithology** (1974, American Birds 28: 741-746). Single copies free from the Secretary of the AOU—include stamped, addressed envelope. Order multiple copies from Assistant to the Treasurer AOU—5 copies \$1.00, 30 copies \$5.00, 75 copies \$10.00.

### ORNITHOLOGICAL MONOGRAPHS

No. 1. *A Distributional Study of the Birds of British Honduras*, by Stephen M. Russell. 195 pp., 2 color plates. 1964. Price \$7.00 (\$5.50 to AOU members).

No. 2. *A Comparative Study of Some Social Communications Patterns in the Pelecaniformes*, by Gerard Frederick van Tets. 88 pp., 49 text figures. 1965. Price \$3.50 (\$2.50 to AOU members).

No. 3. *The Birds of Kentucky*, by Robert M. Mengel. Clothbound, 581 pp., 4 color plates plus text figures and vignettes. 1965. Price \$15.00 (\$12.50 to AOU members).

No. 4. *Evolution of Some Arctic Gulls (Larus): an Experimental Study of Isolating Mechanisms*, by Neal Griffith Smith. 99 pp., 62 text figures. 1966. Price \$4.00 (\$3.00 to AOU members).

No. 5. *A Comparative Life-history Study of Four Species of Woodpeckers*, by Louise de Kiriline Lawrence. 156 pp., 33 text figures. 1967. Price \$6.00 (\$4.50 to AOU members).

No. 6. *Adaptions for Locomotion and Feeding in the Anhinga and the Double-crested Cormorant*, by Oscar T. Owre. 138 pp., 56 text figures. 1967. Price \$6.00 (\$4.50 to AOU members).

No. 7. *A Distributional Survey of the Birds of Honduras*, by Burt L. Monroe, Jr. 458 pp., 2 color plates, 28 text figures. 1968. Price \$14.00 (\$11.00 to AOU members).

# Avian Biology

VOLUME 5

edited by DONALD S. FARNER and JAMES R. KING

taxonomic editor: KENNETH C. PARKES

From Reviews of Published Volumes:

"This is a long awaited collection of papers on bird biology and I am sure that many are eagerly awaiting the publication of the subsequent volumes."  
—*Quarterly Review of Biology*

"All chapters are well done and offer rewarding reading to the advanced student. . . . The volume should be on the shelf of every serious investigator."  
—*Journal of Wildlife Management*

CONTENTS: *C. J. Pennycuik*, Mechanics of Flight. *P. Berthold*, Migration: Control and Metabolic Physiology. *S. T. Emlen*, Migration: Orientation and Navigation. *E. Gwinner*, Circadian and Circannual Rhythms in Birds. *F. Nottebohm*, Vocal Behavior in Birds. *R. Drent*, Incubation. *F. Vuilleumier*, Zoogeography.

VOLUME 5/1975, 568 pp., \$49.50/£24.75; subscription price, \$42.00/£21.00

VOLUME 1/1971, 605 pp., \$43.00/£20.65; subscription price, \$36.00/£17.30

VOLUME 2/1972, 634 pp., \$36.00/£17.30; subscription price, \$30.00/£14.40

VOLUME 3/1973, 573 pp., \$44.00/£21.10; subscription price, \$37.00/£17.75

VOLUME 4/1974, 528 pp., \$37.00/£17.75; subscription price, \$31.45/£15.10

*A brochure listing complete contents of all volumes is available upon request.*

Symposia of The Zoological Society of London Number 35

# Avian Physiology

edited by MALCOLM PEAKER

The considerable advances which have been made in the study of avian physiology and the obvious openings for further research in this field have, in recent years, captured the attention of zoologists, physiologists and ornithologists the world over.

This book is the proceedings of a symposium held in November 1973, in which current, and in some cases dramatic, advances made in our knowledge of the physiology of birds were considered. The papers presented fell into four loose categories: those associated with the physiological aspects of the organization of birds; adaptations which overcome some of these basic limitations and enable birds to exploit such a wide variety of habitats; interactions of the external environment with physiological mechanisms; and the physiology of flight.

1975, 398 pp., \$25.50/£9.80

N.B.: Postage plus 50¢ handling charge on all orders not accompanied by payment. *Prices subject to change without notice.*

## 1976 TOURS

INDIA & CEYLON . . . PANAMA . . .  
BELIZE, GUATEMALA & COSTA RICA  
COLOMBIA . . . CALIFORNIA . . .  
TEXAS . . . FLORIDA . . . MINNESOTA  
. . . WASHINGTON . . . NEW GUINEA  
. . . ETHIOPIA . . . ZAMBIA . . . OUR  
TOUR OF THE YEAR WILL VISIT PERU.

Our tour leaders include such outstanding birders as Ben King, Ted Parker, Dan Gibson, Terry Hall, John Edscorn, Terry Wahl, Steve West, Bob Janssen, Dora Weyer, Steve Hilty, Rich Stallcup and Jim Tucker.

Birders with experience who have taken other tours praise BIRD BONANZAS' tours as the best:

*"I've been on several organized tours in the past and yours far and away surpassed the others for showing the birds and showing them well. Virtually all the birds were seen by all the group and really seen to one's satisfaction for good lifelist identification. The leadership was superb and the group was most congenial and eager."*

*Dr. Robert Pittell,  
Ft. Lauderdale, Fla.*

*"I took a fair number of birding tours with other agencies before I took my first BIRD BONANZAS tour in January, 1974. Since then I have taken five BIRD BONANZAS tours. They consistently find more birds than the others, and I recommend them to enthusiastic birders."*

*Norman Chesterfield  
Wheatley, Ontario*

If you have an enthusiastic interest in birds, there is no better way to see them than on a BIRD BONANZAS tour.

North Miami, Florida 33181

## *Bird Bonanzas* TOUR OF THE YEAR 1976 **PERU**

June 4 — July 2, 1976

Will this be the most fantastic birding tour ever? Tour leader Ted Parker thinks it will. Ted feels that 700 species are possible on this tour, including a great number of spectacular and exotic species, some only recently discovered and known by only a couple specimens.

This will not be the ordinary nature tour to Peru, but a unique adventure designed for avid birders who want to see as much as possible when they take a birding trip. We will visit every conceivable habitat from Amazonian rainforest to tundra high in the Andes, from arid desert to open ocean. The group will be limited to a small number of participants, so that each person will have the opportunity to see all the birds.

It is a known fact, even conceded by many of our rival agencies, that BIRD BONANZAS' Tour of the Year has been the finest ornithological tour each year. If you've missed the others, you have no idea how spectacular a birding tour can be. Would you like to know more about it?

For additional details write:

**BIRD BONANZAS, INC.**

12550 Biscayne Boulevard, Suite 501  
North Miami, Florida 33181

Plate by John Henry Dick from  
 "A Field Guide to the Birds of India."  
 (Actual plate is in full color.)

Several agencies will be offering birding tours to India in 1976. How will they compare?

**BIRD BONANZAS'** itinerary will be the most extensive in terms of distance, areas and habitats visited. Each of our previous India tours recorded over 500 species of birds, and we expect as many on our 1976 tour.

Our tour group will be limited to eight participants. A larger group would mean that not all participants would be able to see almost every species in many of the habitats we will visit.

Some of the same agencies offering tours in 1976 to India offered them in 1975. We're happy to have you compare us with them. Ask them if they had to cancel their 1975 tour (we didn't), what is the maximum number of people they will take, and how many species they recorded on previous India tours.

After all, if you're going to invest in a tour that will take you halfway across the world, you ought to select the tour that will offer you the most.

12550 Biscayne Boulevard, Suite 501  
 North Miami, Florida 33181

*Would  
 you like  
 to see a  
 Quetzal?*

On **BIRD BONANZAS'** last tour to Costa Rica in April, we had eleven Quetzal sightings in four different localities, including one on a nest.

If you're dying to see what has been called "the world's most beautiful bird," we'll be happy to provide a guide to take you to our best Quetzal spot. We'll make all arrangements for you to fly down on your own. Our guide will pick you up at your hotel and take you to the spot. Cost is very reasonable. It is only about \$160 to fly to Costa Rica from Miami. While you're down there, if you want to do some additional birding, you'll find birds abundant. We saw over 400 species in two weeks.

We are trying to impress our Costa Rican friends that a live Quetzal is worth far more to them than one that has been shot.

# THE AUK

## A Quarterly Journal of Ornithology

### ORGAN OF THE AMERICAN ORNITHOLOGISTS' UNION

THE AUK is edited at the Florida State Museum, University of Florida, Gainesville, Florida 32611, by the following staff:

*Editor*, OLIVER L. AUSTIN, JR.; *Assistant Editor*, FLORENCE A. PETTIS

*Associate Editors*, WALTER BOCK (Reviews), HERBERT W. KALE, II (Periodical Literature), and JAMES J. DINSMORE (Index)

THE AUK welcomes original articles and short notes, not published elsewhere, containing significant new knowledge about birds, or new interpretation of existing knowledge. Address all articles and notes intended for publication and all books intended for review to the editor. For longer articles (ca. 6000 words or over) a charge for all printed pages above 12 is assessed at actual costs, currently \$53.00 per page.

**SUGGESTIONS TO CONTRIBUTORS.**—Submit all MSS *in duplicate*. They must satisfy the following minimal requirements: *MSS should be typewritten, double-spaced (especially tables and "literature cited"), on one side of numbered sheets of standard (8½ × 11 in.) bond paper, with at least 1-inch margins all around. Tables (which should be unruled) and figure legends should be typed on separate sheets. Drawings should be in india ink on good board or drafting paper and lettered by lettering guide or the equivalent. Photographs should be clear, of good contrast, on glossy paper. Illustrations should allow (with particular regard to lettering) for reduction to their final width (usually 4½ in.). Illustrations larger than 8½ × 11 in. are not acceptable and should be reduced photographically to that size or smaller. Designate top of each illustration and identify (on the back with soft pencil) by author's name, title, and figure number. Submit a duplicate or readable copy of each figure for use of reviewers.*

Titles should be short and descriptive. MSS should follow the conventions of form observed in articles, general notes, and reviews in THE AUK, with minor variations, since 1973. Avoid footnotes. If more than five works are cited, references in text should relate to a terminal list of "literature cited" (*include no titles not cited*). Where critical matter is cited from longer works, indicate the pertinent pages, e.g. (Lack 1947: 96–97). Citations in text should be parenthetical, e.g. (Austin 1971, Families of birds, New York, Golden Press, pp. 44–49) or (Sauer 1972, Auk 39: 717). *Verify all citations from original sources unless impossible, in which case so indicate.* For spellings, abbreviations, and general conventions of form and style, Auk follows WNI, third ed. (1967); the Columbia Lippincott Gazetteer (1962); the CBE Style Manual, third ed. (1972); and the GPO Style Manual (1973).

For bird weights and measurements use metric units. Other measurements should be in the form usual to the discipline of the paper as practiced in the United States. The 24-hour clock (0800 and 2030) and "continental" dating (1 July 1971) are preferred. Scientific and (if any) vernacular names of birds should be given upon first mention thereof and should follow the A.O.U. Check-list, fifth ed. (1957), including the 32nd Supplement (1973, Auk 90: 411–419), or the appropriate equivalent unless departures are explained and defended. Articles more than 10 pages long should include a summary that should not exceed 10% of the length of the article.

Proofs of all articles and notes will be sent to authors. Reprints of articles, notes, and other items are to be paid for by the author. These must be ordered from Allen Press Inc. on the blanks sent with the proof.
