

A Guide to North American Waterfowl

By Paul A. Johnsgard

Addresses the needs of waterfowl enthusiasts who want a source of ready identification of all the ducks, geese, and swans that breed in North America as well as some basic biological data not usually found in field guides. 288 pages, 44 maps, over 60 drawings, 90 head profiles, 16-page color insert \$15.95

Waterfowl of North America

By Paul A. Johnsgard

"... not just another superficial bird book filled with occasional notes on interesting avian habits and exquisite color photos. . . . A major research work." —*High Country News* "... a definitive work on waterfowl . . . well worth the price." —*The Loon*

624 pages, drawings, maps, photos, 32 in color \$27.50

Indiana Birds and Their Haunts

A Checklist and Finding Guide

By Charles E. Keller, Shirley A. Keller, and Timothy C. Keller

Both a finding guide and a comprehensive, annotated checklist of all the birds found in Indiana, from permanent inhabitants and frequent visitors to species that make occasional, rare, or accidental appearances.

224 pages, 14 maps cloth \$12.50 paper \$6.95

Enjoying Indiana Birds

By Alfred (Bud) Starling

Drawings by Donna L. McCarty

"... reflects a lifetime of experience on the part of a man obviously at one with nature and at home in the field. This book should have a readership well beyond the borders of Indiana."

—Roger Tory Peterson

384 pages, 112 line drawings

\$17.50

The Bluebird

How You Can Help Its Fight for Survival

By Lawrence Zeleny

"... should inspire all Americans who seek to preserve their natural heritage and increase their conservation efforts to rescue a species from extinction."

—*Biology Digest* "... a fine work." —*The Canadian Field Naturalist*

192 pages, 25 b & w photos, 7 color plates paper \$4.95

Available at bookstores or send \$1.50 postage and handling for first book, 25¢ for each additional book, to order from publisher.

Birds of the Great Plains
Breeding Species and Their Distribution

By Paul A. Johnsgard

Birds of the Great Plains is the first book to describe systematically all of the species of birds known to have bred or to breed at present in the Great Plains. Emphasizing breeding status, or abundance, and distribution, the book is intended to serve as a predictive guide to birds that are likely to breed in a given locality; to aid in the location and identification of nests; to provide a nucleus of information on the species ecology and behavior, particularly as it relates to breeding; and to furnish detailed information about the distribution of each species.
xlvii, 553 pages, 30 color plates, 53 line drawings, 316 distribution maps.

Sr. Museum Scientist
UCLA Department Of Biology

Curatorial work entailing responsibility for care and use of a major collection of bird and mammal specimens, and to some extent a vertebrate paleontology collection. Duties include collection and preparation, identification, cataloging, care of equipment and materials, processing specimen loans, aid to researchers and instructors, care of film and book reference libraries. Individual research is not included among the duties, which are expected to require full time.

Qualifications include a Bachelor's degree in Vertebrate Zoology and 4 years of relevant curatorial experience; or an equivalent combination of education and experience. Familiarity with museum curatorial methods and techniques of specimen collection and preparation. Knowledge of vertebrate systematics, especially birds and mammals. Master's degree in Vertebrate Zoology highly desirable.

PUBLICATIONS OF THE AMERICAN ORNITHOLOGISTS' UNION

Check-list of North American Birds. Fifth Ed. 1957 (reprinted 1975). Clothbound, 691 pages, \$15.00 (includes 32nd Supplement, 1973, and 33rd Supplement, 1976). Supplements sold separately at \$1.50 each.

Proceedings of the 13th International Ornithological Congress. 1963. Two volumes, 1,250 pages, clothbound, \$10.00 per two-volume set. (The best literature buy in ornithology.—G.E.W.!)

Report of The American Ornithologists' Union *ad hoc* Committee on Scientific and Educational Use of Wild Birds. Supplement, Auk 92, No. 3, July 1975, \$1.00 each.

Bird Collections in United States and Canada. Auk 90, No. 1, January 1973 (addenda and corrigenda Auk 93, No. 1, January 1976 included), \$1.50 each.

Career Opportunities in Ornithology (1974, American Birds 28: 741–746). Single copies free from the Secretary of the AOU. Include stamped, addressed envelope. Order multiple copies from Assistant to the Treasurer, AOU. Five copies, \$1.00.

Prepaid orders (including a \$0.50 handling charge per order) should be placed with **Glen Woolfenden, Assistant to the Treasurer, AOU, Department of Biology, University of South Florida, Tampa, Florida 33620.**

JUST PUBLISHED

ORNITHOLOGICAL MONOGRAPHS No. 27

Ecology and Evolution of Lek mating Behavior in the Long-tailed Hermit Hummingbird, by F. Gary Stiles and Larry L. Wolf. viii + 78 pp., 26 text figures. 1979. Price \$8.50 (\$7.50 to AOU members).

THE AUK

A Quarterly Journal of Ornithology

PUBLISHED BY THE AMERICAN ORNITHOLOGISTS' UNION

Editor: JOHN A. WIENS, Department of Biology, University of New Mexico, Albuquerque, New Mexico 87131

Assistant to the Editor: JEAN FERNER

Editorial Board: JAMES R. KING, HELMUT C. MUELLER, WILLIAM L. THOMPSON, RICHARD L. ZUSI

Associate Editors: WALTER BOCK (Reviews), HERBERT W. KALE, II (Periodical Literature)

THE AUK welcomes original reports dealing with the biology of birds, emphasizing the documentation, analysis, and interpretation of laboratory and field studies, theoretical or methodological developments, or reviews of existing information or ideas. Contributions are welcomed from throughout the world, but must be written in English.

SUGGESTIONS TO CONTRIBUTORS. Submit the typewritten original and two copies of the text, tables, illustrations, and all other material to the Editor. *All typewritten material must be double-spaced on one side of numbered 8½ × 11 inch (21½ × 28 cm) good quality bond paper, with at least 1 inch (2½ cm) margins.* Originals typed on erasable, light weight, or mimeo bond will not be considered, but copies may be clear reproductions. Number pages through the Literature Cited. Avoid footnotes. The style of manuscripts should conform to general usage in recent issues. A cover page should contain the full title, a shortened version of the title (not to exceed 35 characters in length) for use as a running head, and your address at the time the research was conducted, followed by your present address, if different. The cover page should also include the name and full address of the individual to whom proof is to be sent.

Each Article should be preceded by an Abstract not exceeding 5% of the length of the paper. The Abstract should recapitulate the findings of the paper, not describe the work done. Acknowledgments should follow the text and precede the Literature Cited. Scientific and English names of birds always should be given where first mentioned in the text, and should follow the A.O.U. Check-list of North American Birds and supplements or the appropriate equivalent unless departures are explained and defended. Metric units should be used in all measurements. In general, abbreviations of statistical terms and mensural units should conform with the Council of Biology Editors (CBE) Style Manual. Use the 24-hour clock (0800 and 2030) and "continental" dating (1 July 1971).

Tables, which must not duplicate material in either the text or illustrations, are typewritten (**double-spaced throughout!**) separately from the text. Each table should contain a short but complete heading, and must not contain vertical rulings.

Illustrations (including labels of coordinates) should be on 8½ × 11 inch (21½ × 28 cm) sheets, and must be mailed flat. The name of the author and the figure number should be penciled on the *back* of each figure. Legends should be typed consecutively (double-spaced) on a separate page. Drawings should be drafted with undiluted india ink, and be large enough to permit ⅓ to ½ reduction to the size that they will appear in print. Graphs may be drafted on coordinate paper ruled with light *blue* lines; do *not* use coordinate paper ruled with *green* lines. Use mechanical lettering, pressure transfer letters, or calligraphy; typewritten lettering is not acceptable. Lettering should be large enough to be easily readable after 50% reduction of the figure, but not overly large. Lettering style should be uniform among all figures for a manuscript, as should the size of lettering following reduction. Photographs should be glossy prints of good contrast and sharpness, and should be approximately the same size as they will appear in print. Letters and arrows on photographs are best applied by pressure-sensitive materials.

In articles containing more than five references, the citations are listed (double-spaced!) in a Literature Cited section following the text and Acknowledgments. For five or fewer references, cite them in the text following these examples: Sauer (1972, *Auk* 39: 717), or (Sauer 1972, *Auk* 39: 717). Text citations should include author and year (e.g. Darwin 1858), or, if more than two authors are involved, the first author and year (Jones et al. 1947). If critical matter is cited or quoted directly from longer works, indicate the pertinent pages (e.g. MacArthur 1972: 204–207). Citations of two or more works on the same topic should be cited in chronological order (e.g. Meanley 1971, Dyer 1975). For abbreviations and forms of titles of serial publications, follow the BIOSIS List of Serials. Consult recent issues of *The Auk* and the CBE Style Manual for additional details.

A more detailed set of instructions for contributors appeared in *The Auk*, Vol. 94, No. 1 (January 1977), copies of which are available from the Editor.

ORNITHOLOGICAL MONOGRAPHS

Order from Glen E. Woolfenden, Assistant to the Treasurer A.O.U., Department of Biology, University of South Florida, Tampa, Florida 33620. All orders must be prepaid and include a \$0.50 handling charge. Prices to AOU members are given in parentheses.

- No. 1. *A Distributional Study of the Birds of British Honduras*, by Stephen M. Russell. 1964. \$7.00 (\$5.50).
- No. 2. *A Comparative Study of Some Social Communication Patterns in the Pelecaniformes*, by Gerard Frederick van Tets. 1965. \$3.50 (\$2.50).
- No. 3. *The Birds of Kentucky*, by Robert M. Mengel. 1965. \$15.00 (\$12.50).
- No. 5. *A Comparative Life-history Study of Four Species of Woodpeckers*, by Louise de Kiriline Lawrence. 1967. \$6.00 (\$4.50).
- No. 6. *Adaptations for Locomotion and Feeding in the Anhinga and the Double-crested Cormorant*, by Oscar T. Owre. 1967. \$6.00 (\$4.50).
- No. 7. *A Distributional Survey of the Birds of Honduras*, by Burt L. Monroe, Jr. 1968. \$14.00 (\$11.00).
- No. 9. *Mating Systems, Sexual Dimorphism, and the Role of Male North American Passerine Birds in the Nesting Cycle*, by Jared Verner and Mary F. Willson. 1969. \$4.00 (\$3.00).
- No. 10. *The Behavior of Spotted Antbirds*, by Edwin O. Willis. 1972. \$9.00 (\$7.50).
- No. 11. *Behavior, Mimetic Songs and Song Dialects, and Relationships of the Parasitic Indigobirds (Vidua) of Africa*, by Robert B. Payne. 1973. \$12.50 (\$10.00).
- No. 12. *Intra-island Variation in the Mascarene White-eye Zosterops borbonica*, by Frank B. Gill. 1973. \$3.50 (\$2.50).
- No. 13. *Evolutionary Trends in the Neotropical Ovenbirds and Woodhewers*, by Alan Feduccia. 1973. \$3.50 (\$2.50).
- No. 14. *A Symposium on the House Sparrow (Passer domesticus) and European Tree Sparrow (P. montanus) in North America*, S. Charles Kendeigh. 1973. \$6.00 (\$4.50).
- No. 15. *Functional Anatomy and Adaptive Evolution of the Feeding Apparatus in the Hawaiian Honeycreeper Genus Loxops (Drepanididae)*, by Lawrence P. Richards and Walter J. Bock. 1973. \$9.00 (\$7.50).
- No. 16. *The Red-tailed Tropicbird on Kure Atoll*, by Robert R. Fleet. 1974. \$5.50 (\$4.50).
- No. 17. *Comparative Behavior of the American Avocet and the Black-necked Stilt (Recurvirostridae)*, by Robert Bruce Hamilton. 1975. \$7.50 (\$6.00).
- No. 18. *Breeding Biology and Behavior of the Oldsquaw (Clangula hyemalis L.)*, by Robert M. Alison. 1975. \$3.50 (\$2.50).
- No. 19. *Bird Populations of Aspen Forests in Western North America*, by J. A. Douglas Flack. 1976. \$7.50 (\$6.00).
- No. 20. *Sexual Size Dimorphism in Hawks and Owls of North America*, by Noel F. R. Snyder and James W. Wiley. 1976. \$7.00 (\$6.00).
- No. 21. *Social Organization and Behavior of the Acorn Woodpecker in Central Coastal California*, by Michael H. MacRoberts and Barbara R. MacRoberts. 1976. \$7.50 (\$6.00).
- No. 22. *Maintenance Behavior and Communication in the Brown Pelican*, by Ralph W. Schreiber. viii + 78 pp., 38 text figures. 1977. Price \$6.50 (\$5.00 to AOU members).
- No. 23. *Species Relationships in the Avian Genus Aimophila*, by Larry L. Wolf. viii + 220 pp., 17 text figures + 10 plates, long-play phono disc album. 1977. Price \$12.00 (\$10.50 to AOU members).
- No. 24. *Land Bird Communities of Grand Bahama Island: The Structure and Dynamics of an Avifauna*, by John T. Emlen. xi + 129 pp., 38 text figures, appendix. 1977. Price \$9.00 (\$8.00 to AOU members).
- No. 25. *Systematics of Smaller Asian Night Birds Based on Voice*, by Joe T. Marshall. viii + 58 pp., frontispiece, 15 plates, phono disc supplement, appendices I-III. 1978. Price \$7.00 (\$6.00 to AOU members).
- No. 26. *Ecology and Behavior of the Prairie Warbler Dendroica discolor*, by Val Nolan, Jr. xx + 595 pp., color frontispiece, 42 text figures, 8 appendices. 1978. Price \$29.50.
- No. 27. *Ecology and Evolution of Lek Mating Behavior in the Long-tailed Hermit Hummingbird*, by F. Gary Stiles and Larry L. Wolf. viii + 78 pp., 26 text figures. 1979. Price \$8.50 (\$7.50 to AOU members).
