100 Years Ago in The Auk

From "Notes and News" (1886, Auk 3: 288):

"The A.O.U. Code and Check-List was published March 20. It forms a volume of 400 pages, and is sold at a price so low as barely to meet the cost of publication. The Committee having the work in hand are at last through with what proved a very auduous [sic] task, which they spared no pains to thoroughly perform."
