We are seeking a person to prepare the next **10-year index to *The Auk***. The index is a special publication of the American Ornithologists' Union. The next index will cover Volumes 98-107 (1981-1990).

Ideally, the person who prepares the index should have access to a PC. Currently, none of the annual indices are on disk, so the compiler can choose the software system. We are prepared to supply an appropriate package.

If you are interested or know someone who is, please **contact the Editor of *The Auk***.

The **Deutsche Ornithologen-Gesellschaft** will hold its **100th annual meeting** as the "International 100th Annual Meeting" from **24 September through 1 October 1988** at the Museum Alexander Koenig in Bonn, West Germany. The key themes will be Zoogeography and systematics and Behavioral ecology. All interested in participating should contact **Dr. K.-L. Schuchmann, Museum Alexander Koenig, Adenauerallee 150-164, D-5300 Bonn, Federal Republic of Germany.**

Publications of the International Council for Bird Preservation are now available in North America from **Princeton University Press**. These include ICBP/IUCN Red Data Books and ICBP Technical Publications. All have been reviewed in *The Auk* (1986, Auk 103: 445, 446, 643, 645; 1987, Auk 104: 586). For information contact the **Order Department, Princeton University Press, 3175 Princeton Pike, Lawrenceville, New Jersey 08648** (phone 609-869-1344).
