The American Naturalist

A Monthly Journal Devoted to the Natural Sciences in Their Widest Sense.

Since its foundation in 1867 by four of the pupils of Louis Agassiz, **THE AMERICAN NATURALIST** has been a representative American magazine of Natural History and has played an important part in the advancement of science in this country.

The journal aims to present to its readers the leading facts and discoveries in the fields of Anthropology, General Biology, Zoology, Botany, Paleontology, Geology and Mineralogy, and the various subdivisions of those subjects.

Annual subscription, \$4.00 net in advance. Single copies, 35 cents. Foreign subscription, \$4.60.
