

IMPORTANT MANAGER'S NOTICE

The Management of THE CONDOR is always open to suggestions from members of the Cooper Club, and welcomes criticism. We want you to help us, and we want to help you. Don't hesitate to write, as all letters are appreciated and carefully answered.

We further want to cement interest among club members by opening up an "exchange" and "for sale" column. This used to be a regular feature of THE CONDOR; but in late years it has been neglected or forgotten.

Now we want to get it running in full blast again and offer free to each and any member of the Club one notice of about 35 words in each issue of THE CONDOR. If you have any odd magazines to exchange or sell, you may have just what the other fellow wants. If you want any particular sets for your collection or have any sort of specimens for exchange let it be known. But under no condition will we allow the advertising of birds' eggs for sale, as the Cooper Club does not believe in selling eggs as a business.

For this department, address:

W. LEE CHAMBERS, SANTA MONICA, CAL.

The Guide to Nature

Edited by Edward F. Bigelow

A Profusely Illustrated Monthly Magazine for
Adults Devoted to Commonplace Nature
with Uncommon Interest

EDUCATION AND RECREATION

For all students and lovers of nature.

For people who see and think.

For those who enjoy life in the country or suburbs.

For growers of plants and pets.

For amateur astronomers and all who "look up
to the stars."

For users of the microscope peering into the
wonders of minute life.

For portrayrs of nature interests and beauties
on the sensitive plate.

For members of The Agassiz Association.

For readers of the best nature literature.

Not Emotional and Sensational but Thorough In-
formational and Practical. Definite
Guidance for Those Who
Wish to Know
