MINUTES OF COOPER CLUB MEETINGS.....		

Entered as second-class matter February, 1908, at the post office at Los Angeles (Hollywood Station), California, under Act of Congress of March 3, 1879.
Issued from the Office of The Condor, First National Bank Building, Hollywood, Cal.

Avifauna Number 9 is now ready for distribution. Avifauna Number 10 is in press.

In the past it has been customary for the management to send all Avifaunas free to members in good standing. This worked nicely enough until we began to print so many that it became a serious drain upon the pocket-books of the few members who were called upon each time for donations.

From now on we will sell publications according to the plan given below.

We are not going to refuse any donations even now, and, occasionally, will seek them. To any one caring to make a donation to the Avifauna fund, we can give assurance that it will be carefully used for the good of the cause and will be very much appreciated.

We are going to adopt the following policy:

Avifaunas will be sold to members at **ONE-HALF THE REGULAR** advertised selling prices.

Back volumes of **THE CONDOR** will be sold to Cooper Club members at 25% discount from the regular advertised selling prices.

The proceeds of the sale of these back publications will constitute a fund for the printing of more Avifaunas.

We believe this plan will work out with a fairness to all concerned, and we expect our Club members to complete their files of the Club's publications while these are obtainable. Some are very scarce now and will soon be out of print.
