

**Handbook of the Birds of India and Pakistan, Vol. 3. Stone Curlews to Owls.**—Salim Ali and S. Dillon Ripley. 1969. Oxford Univ. Press, 200 Madison Ave., New York, New York 10016. 325 p. \$12.95. (See advertisement in this issue for information on this and other volumes of the series.)—This third volume of a projected 10 covers the remainder of the Charadriiformes, the Columbiformes, Psittaciformes, Cuculiformes, and Strigiformes. Species (or subspecies) accounts are presented for 231 forms. Keys, maps, and illustrations (including 43 color plates) are included as aids to identification.

**A Portfolio of Australian Birds**—William T. Cooper. 1968. Text by Keith Hindwood. Charles E. Tuttle Co., Rutland, Vermont 05701. 60 p. \$17.50.—Truly beautiful paintings of representatives of 25 species of Australian birds are the principal feature of the folio. Facing each plate is a summary of some of the features of the natural history of each species.

**Birds of the Churchill Region, Manitoba**—Joseph R. Jehl, Jr., and Blanche A. Smith. 1970. Manitoba Museum of Man and Nature, Winnipeg. 87 p. \$2.50. Order from Bookshop, Manitoba Museum of Man and Nature, 190 Rupert Avenue, Winnipeg 2, Manitoba, Canada.—This paperback describes the ecology and geography of the Churchill Region and an individual account treats status and distribution of each species. An appendix gives data on clutch size.

**Animals in Migration**—Robert T. Orr. 1970. The Macmillan Co., 866 Third Ave., New York, New York 10022. 303 p. \$10.00.—This semi-popular book deals comprehensively with a variety of kinds of movements by a variety of groups of animals. It discusses routes, timing, proximate and ultimate factors, physiology, orientation, and other facets of the subject. Readers interested in birds will find satisfaction in the treatment of this group and will receive a bonus in the sections on mammals, fishes, and invertebrates.

## THE BULLETIN BOARD

Every member of the Society may publish free of charge one short advertising notice (six lines or less) in any issue of *The Condor*. Members will be charged 50 cents per line for any excess over six lines. This service is reserved for the convenience of members and is not available for regular commercial purposes. Send advertising copy to the Editorial Office, Department of Biology, New Mexico State University, Las Cruces, New Mexico 88001.
