

BIBLIOGRAPHY OF LOYE HOLMES MILLER

HILDEGARDE HOWARD

Los Angeles County Museum of Natural History
900 Exposition Boulevard
Los Angeles, California 90007

- 1893a. A taxidermist's gun. *Ornithol. Oöl.* 18:99.
1893b. Notes from Riverside, California. *Ornithol. Oöl.* 18:104.
1895. From a naturalist's notes. *Occident* 28:143.
1897. A chemist on Pegasus. Riverside Press, June, 1897.
1899. A contribution to the life history of *Autodax lugubris* Hollow, a Californian salamander. *Amer. Natur.* 33:691-704. (With W. E. Ritter)
1902. Chemical fertilization of *Ptychodira* eggs. Honolulu "Advertiser," 1902.
1904. Birds of the John Day region, Oregon. *Condor* 6:100-106.
1906a. On the occurrence of *Autodax lugubris* in Los Angeles, California. *Amer. Natur.*, 1906.
1906b. A plan for nature in the public schools. *Publ. Los Angeles Normal School*, 1906. (With E. B. Babcock)
1906c. Suggestions for the school garden. *Normal "Exponent,"* May, 1906, p. 16-20.
1906d. The age of tortoises. *Nature Study Rev.* 2: 287.
1907. On deafness in wild animals. *Science*, n. s. 25(628):67.
1908a. The place of nature study in the Normal School. *Nature Study Rev.* 4:141-143.
1908b. Louisiana Water-Thrush in California. *Condor* 10:236-237.
1909a. *Pavo californicus*, a fossil peacock from the Quaternary asphalt beds of Rancho La Brea. *Univ. Calif. Publ. Bull. Dept. Geol.* 5:285-289.
1909b. *Teratomis*, a new avian genus from Rancho La Brea. *Univ. Calif. Publ. Bull. Dept. Geol.* 5:305-317.
1909c. Sparrow hawk nesting in a bird box. *Condor* 11:174.
1910a. Fossil birds from the Quaternary of southern California. *Condor* 12:12-15.
1910b. Wading birds from the Quaternary asphalt beds of Rancho La Brea. *Univ. Calif. Publ. Bull. Dept. Geol.* 5:439-448.
1910c. The condor-like vultures of Rancho La Brea. *Univ. Calif. Publ. Bull. Dept. Geol.* 6:1-19.
1911a. A fossil story: Conservation, Bird, and Arbor Day suggestions for schools. *Los Angeles State Normal School "Exponent,"* 1911.
1911b. Additions to the avifauna of the Pleistocene deposits at Fossil Lake, Oregon. *Univ. Calif. Publ. Bull. Dept. Geol.* 6:79-87.
1911c. A series of eagle tarsi from the Pleistocene of Rancho La Brea. *Univ. Calif. Publ. Bull. Dept. Geol.* 6:305-316.
1911d. Avifauna of the Pleistocene cave deposits of California. *Univ. Calif. Publ. Bull. Dept. Geol.* 6:385-400.
1911e. A synopsis of our knowledge concerning the fossil birds of the Pacific Coast of North America. *Condor* 13:117-118.
1912. Contributions to avian palaeontology from the Pacific Coast of North America. *Univ. Calif. Publ. Bull. Dept. Geol.* 7:61-115.
1913a. A specimen of Bendire Thrasher in the San Diegan region. *Condor* 15:41.
1913b. Late fall occurrence of the Black-headed Grosbeak. *Condor* 15:92.
1914a. Some notes on sea birds from Los Angeles County, California. *Condor* 16:40-41.
1914b. Bird remains from the Pleistocene of San Pedro, California. *Univ. Calif. Publ. Bull. Dept. Geol.* 8:31-38.
1915a. Dwarf cowbird in the San Diegan region. *Condor* 17:165.
1915b. A striking plumage of the Western Tanager. *Condor* 17:165.
1915c. Bluebird breeding in Los Angeles. *Condor* 17:166.
1915d. Pinyon Jays in Los Angeles. *Condor* 17:166.
1915e. A walking eagle from Rancho La Brea. *Condor* 17:179-181.
1915f. A convenient collecting gun. *Condor* 17: 226-228.
1915g. The fauna of California. In *Eldridges' History of California*, Vol. 5. Century History Co., New York. (Reprinted, *Los Angeles State Normal School Mag.* 1(2):3-15, 1916).
1916a. A review of the species *Pavo californicus*. *Univ. Calif. Publ. Bull. Dept. Geol.* 9:89-96.
1916b. The owl remains from Rancho La Brea. *Univ. Calif. Publ. Bull. Dept. Geol.* 9:97-104.
1916c. Two vulturid raptors from the Pleistocene of Rancho La Brea. *Univ. Calif. Publ. Bull. Dept. Geol.* 9:105-109.
1916d. Spiritual adolescence; a word of counsel. *Los Angeles State Normal School "Exponent,"* 1916.
1918a. The Eastern Kingbird in California again. *Condor* 20:44-45.
1918b. A surprising trait in the Black-necked Stilt. *Condor* 20:126.
1918c. Hail and farewell. *State Normal School Publ.*, 1918.
1918d. The Keading Petrel in California. *Condor* 20:211.
1918e. First flights of a young Golden Eagle. *Condor* 20:212.
1919a. The Wilson Phalarope in the San Diegan region. *Condor* 21:39.
1919b. Western Golden-crowned Kinglet in Los Angeles. *Condor* 21:42.
1919c. On explaining Mendelian phenomena. *Science*, n. s. 49, Feb. 7, 1919.
1919d. The marital tie in birds. *Condor* 21: 77.
1919e. The walking eagle of California. *Overland Monthly* 73:427.
1919f. The Summer Tanager in California. *Condor* 21:129.
