Bird Study

The Official Journal of the British Trust for Ornithology

Edited by **J.J.D. Greenwood** *Department of Biological Sciences, The University, Dundee DD1 4HN, U.K.*

Bird Study is the official journal of the British Trust for Ornithology, a body which has been a prime contributor to the field of ornithological research in Great Britain for many years. Published since 1954, the journal is noted for its original papers on all aspects of ornithology, especially distribution, status censusing, migration, population, habitat and breeding ecology. These include the results of BTO surveys, and occasional invited review papers; book reviews appear regularly. While the journal concentrates on the birds of Western Europe, significant papers from elsewhere are also welcomed. *Bird Study* caters for the professional and serious amateur alike and aims at the middle ground, eschewing both the frankly popular and the esoteric.

Subscription Information

Bird Study is published three times a year. Subscription rates for 1986 are £19.50 (UK), \$35.00 (USA & Canada), £23.50 (elsewhere) post free. Subscriptions and free specimen copies are available from the publishers at the address below.

All orders and requests for sample copies should be sent to Blackwell Scientific Publications Ltd, P.O. Box 88, Oxford, England.
