

NEWS AND NOTES

With this first issue of the 100th volume, we have redesigned the cover of *The Condor* to offer authors the opportunity to showcase their papers with a rele-

vant photograph. The editorial staff invites authors of accepted papers to submit photographs for possible use in subsequent issues.

ERRATUM

The caption to Figure 3 in the News and Notes section of the last issue (vol. 99, p. 1022) misidentified one of the participants. The caption should read:
