

FOREIGN RINGED WADERS REPORTED IN BRITAIN AND IRELAND IN 1976

by A.J. Prater

The following system has been used in this section:- the first two letters denote the country involved and the third identifies the individual scheme. The symbols used to identify country are as follows:-

Be = Belgium	Br = Britain	Cz = Czechoslovakia
Dd = German Democratic Republic	De = Denmark	Fi = Finland
Fr = France	Ge = West Germany	Ic = Iceland
Ne = Netherlands	No = Norway	Po = Poland
Sw = Sweden

COLOUR MARKING SCHEMES

by Tony Prater

Although 'Euring' has requested that colour ringing schemes should be notified centrally and co-ordinated to prevent duplication, there has been very little progress on this aspect. As a result there is a steady stream of reports of colour ringed or colour dyed waders. No doubt the ones that I learn about form only a small percentage of the total.

'Euring' are now making a new effort to gather all information together and Chris Mead of the BTO is responsible for this. So can all ringers who are undertaking colour ringing, colour dyeing or wing tagging schemes on waders please send a summary of their project to Tony Prater (BTO, Beech Grove, Tring, Herts.). I will then pass on the details to Chris Mead.

Below is a list of reports that I have received which have not yet been identified. If any of the birds are yours could you please let me know and I will send you full details.
