ILLUSTRATED LECTURES ON
BIRDS, BEASTS, AND BLOSSOMS

Dr. John B. May, Cohasset, Mass.

A small girl said "There were three whole schools there and you could have heard a pin drop."

The secretary of a Bird Club wrote "The lecture proved to be interesting and instructive to both adults and children."

The Park Museum of Providence has crowded its lecture hall on three different occasions.

ILLUSTRATED CIRCULAR ON REQUEST

The "Higgins" Line of Traps

Made of 3 mesh wire 8" x 12" x 8"
Automatic balanced feed-tray (B) releases door (A).

No. 1 "Auto-trip" trap for birds only.

No. 1 "Sure-trip" trap for Rodents and Birds.

The "Sure-trip" Mammal trap is metal lined and will rid your station of all rodents—from Mice to Squirrels. Can be used as a bird trap also.

(A bander in Cleveland, Ohio, caught 12 rats in two days with one of these traps)

Higgins Cat Trap, 29" x 9" x 9", a three in one trap—an automatic bird trap—also a pull string bird trap, and fitted with an automatic entrance for birds, all for \$5.00, plus express charges.

All traps painted dirt color to blend with the ground, excepting No. 5 Warbler trap, which is painted green.

(A bander in Massachusetts, using "Higgins" traps exclusively, has taken nearly 1,000 birds—new, returns and repeats—the past year—12 different species)
