GLENHAVEN SPARROW TRAP

This is the old Government Sparrow trap simplified and improved. Made from No. 2 hardware cloth. Made in two sizes: one 10 by 14 by 28 inches for the larger birds up to Bob-white; and one 8 by 12 by 24 inches for the birds from sparrow size down. These are ideal for flock feeding species but not quite so safe for the birds as the door-type traps. Large size, \$5.00. Small size, \$3.50. F.O.B. Clayton.

GLENHAVEN TREE TRAP. One-cell, \$1.50; two-cell, \$3.00; four-cell, \$4.50	
GLENHAVEN. Four-cell \$5.00	GLENHAVEN. Swift trap.... \$8.00
GLENHAVEN. D-3..... 4.00	GLENHAVEN. Creeper trap 5.00
GLENHAVEN. Chardonneret 4.00	

We make any trap described in the Manual. Write for trap folder.

GLENHAVEN BIRD SANCTUARY

Russell S. Davis, Clayton, Ill.

New W. B. B. A. Government Sparrow Trap

The advantages of the Government Sparrow Trap are many. It is always set, and when birds come in flocks will trap them to the limit of its capacity.

Our trap is strongly made of hardware cloth, with a bottom of the same material to the inner chamber, so that birds are perfectly safe from the attacks of hawks, cats and other predatory animals.

The dimensions are 10" x 14" x 28"; the low height makes it difficult for birds to injure themselves by flying up from the bottom of the trap and striking their heads against the top.

In the United States, west of the Mississippi River—\$4.50
East of the River and in Canada—\$5.00 postpaid

W. B. B. A. Two-compartment Trap

This trap, measuring 7½" x 8" x 10" is divided into two compartments, each provided with a drop door and automatic treadle. Adjustable feet are attached so that the trap will rest firmly on any approximately plane surface. The trap is very strong, being welded throughout, and is painted with a good green enamel.

In the United States, west of the Mississippi River—\$1.50 postpaid
East of the River and in Canada—\$1.75 postpaid
With wire bottom, as trap and gathering cage, add \$0.25

All articles and notes should be submitted to the editor. Manuscripts should be double-spaced and written on only one side of the paper. It is desirable that they reach the editor by the first of the month preceding the month of publication.

Subscription price, \$1.50 per year. Single number, 50 cents. Subscriptions should be sent to Charles B. Floyd, 95 South Street, Boston, Massachusetts.

Applications for membership in any of the three Associations should be sent to their respective secretaries. The annual membership dues are \$2.00 per year in the Northeastern and Eastern Associations, and \$2.50 in the Inland Association. Each member receives *Bird-Banding* free.

Publications for review should be sent to Dr. John B. May, Cohasset, Massachusetts.

Bound reprints of articles may be had at nominal prices. Fifty copies of four to six printed pages cost about five dollars. Reprints should be ordered early by writing to the editor, preferably when manuscripts are submitted for publication. Any number may be ordered.
