

GLENHAVEN BIRD TRAPS

Proven designs that are
guaranteed to give
satisfaction

Durably made from heavily galvani-
zed materials.

Joints interlocked.

Openings and doors reinforced.

GLENHAVEN TREE TRAP. Potter principle. A feed shelf and trap combined. Trapped birds in perfect safety. Will catch anything that can be attracted to a feed shelf. Four cell size, \$4.50. Two cell, \$3.00. One cell, \$1.50. F.O.B. Clayton.

GLENHAVEN FOUR CELL. Best door trap yet devised for ground feeders. Same principle as Tree trap. Equally efficient for birds of all sizes. \$5.00. Two cell, \$2.50.

GOVERNMENT SPARROW TRAP. Simplified and improved. Large size for birds up to Bob White, 10 x 14 x 28 inches, \$4.50. Small size 8 x 12 x 24 inches, \$3.50.

WARBLER TRAP. Chardonneret type. Four cell, \$4.00. Two cell, \$2.50.

GLENHAVEN D-3. Best of the everset top opening traps. For warblers and sparrows. \$4.00

GLENHAVEN SWIFT TRAP. Stoddard type. 100% efficient. \$8.00.

CREEPER TRAP. Inland type. \$5.00.

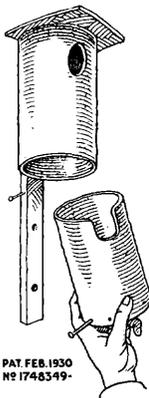

COLLECTING CAGES. One cell, \$5.00. Two cell, \$1.00. Four cell, \$2.00.

Can furnish any trap described in the Manual for Bird Banders. Write for folder.

MENTION BIRD-BANDING

W. B. B. A. GOVERNMENT SPARROW TRAP

The advantages of the Government Sparrow Trap are many. It is always set, and when birds come in flocks will trap them to the limit of its capacity.

Our trap is strongly made of hardware cloth, with a bottom of the same material to the inner chamber, so that birds are perfectly safe from the attacks of hawks, cats and other predatory animals.

The dimensions are 10" x 14" x 28"; the low height makes it difficult for birds to injure themselves by flying up from the bottom of the trap and striking their heads against the top.

In the United States, west of the Mississippi River—\$4.50 postpaid
East of the River and in Canada—\$5.00 postpaid

W. B. B. A. TWO-COMPARTMENT TRAP

This trap, measuring 7½" x 8" x 10" is divided into two compartments, each provided with a drop door and automatic treadle. It has a wire bottom, and may be used as a gathering cage. The trap is very strong, being welded throughout, and is painted with a good green enamel.

In the United States, west of the Mississippi River—\$1.75 postpaid
East of the River and in Canada—\$2.00 postpaid

W. B. B. A. WARBLER (Water) TRAP—TOP OPENING

Like our two-compartment trap, it is made of vertical wires, is strong, and is painted green.

In the United States, west of the Mississippi River—\$3.00 postpaid
East of the River and in Canada—\$3.25 postpaid

All articles and notes should be submitted to the editor. Manuscripts should be double-spaced and written on only one side of the paper. It is desirable that they reach the editor by the first of the month preceding the month of publication.

Subscription price, \$2.00 per year. Single number, 50 cents. Subscriptions should be sent to Charles B. Floyd, 95 South Street, Boston, Massachusetts.

Applications for membership in any of the three Associations should be sent to their respective secretaries. The annual membership dues are \$2.00 per year in the Northeastern Association, \$2.50 in the Eastern Association and \$3.00 in the Inland Association. Each member receives *Bird-Banding* free.

Publications in English and foreign languages for review should be sent to Mrs. Margaret M. Nice, 156 West Patterson Avenue, Columbus, Ohio.

Bound reprints of articles may be had at nominal prices. Fifty copies of four to six printed pages cost about five dollars. Reprints should be ordered early by writing to the editor, preferably when manuscripts are submitted for publication. Any number may be ordered.
