

The Secretary-General,  
International Ornithological Congress,  
c/o Department of Zoology,  
Parks Road,  
Oxford, England.

(Applications for the Study Cruise will be dealt with in the order in which they arrive.)

The costs of the Congress are as follows:

CONGRESS FEE:

Full Members:	£10	This entitles members to attend all functions and to receive the Proceedings.
Associate Members:	£ 7	Wives or husbands of full members can register as Associate Members at this reduced fee, which entitles them to attend all functions, but not to receive the Proceedings.

CRUISE:

From: approximately £30 for dormitory passengers,

To: approximate £75 for 1-berth cabin accommodation.

(The train fare from Edinburgh to Oxford will be an additional cost)

ACCOMMODATION IN OXFORD:

The cost, to be paid by individual members, will be approximately 50/- per day for full board in the Colleges. Hotels are, in general, more expensive.

N. Tinbergen  
Secretary-General

ATTENTION SPARROW HAWK BANDERS

I am currently writing a paper on migration and population dynamics of the Sparrow Hawk (*Falco sparverius*). Migration data are being extracted from a machine listing of Sparrow Hawk banding recoveries provided by the Bird Banding Laboratory. I would appreciate receiving prompt notification from anyone preferring that I do not use their Sparrow Hawk recoveries in the above mentioned paper. The machine listing of recoveries prevents me from acknowledging contributions of individual banders.—Donald S. Heintzelman, 629 Green St., Allentown, Pa., 18102.

NOTES AND NEWS

Instituut voor Oecologisch Onderzoek (Kempensbergweg 11, Arnhem, Holland) would like to obtain three back issues of *Bird-Banding*: Vol. 12, No. 1; Vol. 19, Nos. 2 and 4. If any reader can spare these, or knows of any for sale, please get in touch with the Instituut (or with NEBBA's Treasurer, Mrs. Downs). Mrs. Downs has in stock many back issues (list from her upon request).

The facilities of the Bowdoin Scientific Station on Kent Island, Grand Manan, New Brunswick, Canada are available to scientists wishing to field research on an offshore island, unique in North America in providing investigation facilities at a large sea-bird breeding station. Other visitors are welcome at the station, space permitting. Details may be obtained from Prof. Charles E. Huntington, Dept. of Biology, Bowdoin College, Brunswick, Me. 04011.
