

Incorporated December 6, 1934

## COOPER ORNITHOLOGICAL SOCIETY

### Objectives

The observation and cooperative study of birds  
The spread of interest in bird study  
The conservation of birds and wildlife in general  
The publication of ornithological knowledge

### Membership (Includes THE CONDOR)

\$18.00 (\$12.00 students) Advance Payment in U.S. Dollars Required  
Subscriptions are entered for the calendar year.

Subscription Address: Ornithological Societies of North America  
Sandra L. L. Gaunt—EA  
P.O. Box 21618  
Columbus, OH 43221 USA

### Publications

#### THE CONDOR

A Quarterly Journal of Ornithology Established in 1899.

#### STUDIES IN AVIAN BIOLOGY

Devoted to Papers of Unusual Length. Supersedes Pacific Coast Avifauna, Established in 1900:

- STATUS AND DISTRIBUTION OF ALASKA BIRDS. By BRINA KESSEL and DANIEL D. GIBSON. 100 pp. SAB No. 1, November 1978 \$9.00
- SHOREBIRDS IN MARINE ENVIRONMENTS. Edited by FRANK A. PITELKA. 261 pp. SAB No. 2, June 1979 \$12.00
- BIRD COMMUNITY DYNAMICS IN A PONDEROSA PINE FOREST. By ROBERT C. SZARO and RUSSELL P. BALDA. 66 pp. SAB No. 3, October 1979 \$6.50
- THE AVIFAUNA OF THE SOUTH FARALLON ISLANDS, CALIFORNIA. By DAVID F. DeSANTÉ and DAVID G. ANLEY. 104 pp. SAB No. 4, April 1980 \$10.00
- ANNUAL VARIATION OF DAILY ENERGY EXPENDITURE BY THE BLACK-BILLED MAGPIE: A STUDY OF THERMAL AND BEHAVIORAL ENERGETICS. By JOHN N. MUGAAS and JAMES R. KING. 78 pp. SAB No. 5, May 1981 \$8.00
- ESTIMATING NUMBERS OF TERRESTRIAL BIRDS. Edited by C. JOHN RALPH and J. MICHAEL SCOTT. 630 pp. SAB No. 6, October 1981 \$25.00
- POPULATION ECOLOGY OF THE DIPPER (*Cinclus mexicanus*) IN THE FRONT RANGE OF COLORADO. By FRANK E. PRICE and CARL E. BOCK. 84 pp. SAB No. 7, November 1983 \$9.00
- TROPICAL SEABIRD BIOLOGY. Proceedings of an International Symposium of the Pacific Seabird Group. Edited by RALPH W. SCHREIBER. 114 pp. SAB No. 8, December 1983 \$12.00

Prices above include postage and handling. PREPAYMENT IN U.S. DOLLARS ONLY IS REQUIRED

Make checks payable to *Cooper Ornithological Society*

Department of Biology  
University of California  
Los Angeles, CA 90024 USA

## INSTRUCTIONS TO CONTRIBUTORS

All articles and notes should be submitted to the editor in duplicate, typed, double-spaced throughout (including tables, literature cited, etc.), and on one side only of good quality paper. Dot-matrix printers associated with home computers generally **do not** produce copy suitable for submission to the *Journal of Field Ornithology*. Xerographic copies are acceptable as long as they are not on heavy, slick paper. **Paper** on which manuscripts are typed and any **figures** submitted with the manuscript **must not exceed** 21.5 × 28 cm (8½ × 11 in). Figures are best submitted as glossy 13 × 18 cm (5 × 7 in) prints.

**Manuscripts submitted to the *Journal of Field Ornithology* must be original and should not have been published, nor submitted for publication elsewhere, even in part.**

*Preparation of manuscript text.*—Use a short, descriptive title. Leave ample margins on all sides, number each page, and do not use footnotes. Manuscripts with fewer than 5 literature citations should include citations within the text in abbreviated form; those with 5 or more citations should include a Literature Cited section at the end of the manuscript. The scientific name of an organism should be given the first time that the organism is mentioned and should be underlined—do not use italic type. Metric measurement units should be used. Measurement unit abbreviations should be those given in the fourth edition of the Council of Biology Editors Style Manual (1978). Each table title should be concise and should appear at the top of the table. All figure captions should be typed double-spaced one after another on a page or pages preceding the figures. Do not indicate figure number or print the caption on the face of the figure. The author's name and the figure number should be printed on the back of each figure.

*Preparation of figures.*—Figures should be uncluttered but should convey a maximum amount of information. They should not duplicate information presented in text or tables. In preparing figures, use "thin" rather than "fat" letters such that reduction of the figure will not result in the closure of spaces in letters such as "e" and "p." Lettering on a figure should not be typed.

*Preparation of literature citations.*—Literature citations should follow the styles used in the *Journal of Field Ornithology* beginning in the Autumn issue, 1980. Journal names should be abbreviated using the abbreviations found in *BIOSIS*. Unpublished papers or reports not generally available should not be cited unless a copy has been deposited in the van Tyne Library at the Museum of Zoology, University of Michigan, where they may be obtained for use by other researchers. Do not cite manuscripts that are in preparation.

## CONTENTS

RELIABILITY OF COUNTS OF MIGRATING RAPTORS: AN EXPERIMENTAL ANALYSIS By <i>Gene Sattler and Jonathan Bart</i> .....	415
FIELD INVESTIGATIONS OF THE BIOLOGY OF COMMON TERNS WINTERING IN TRINIDAD By <i>Hans Blokpoel, Ralph D. Morris, and Gaston D. Tessier</i> .....	424
DECLINE IN BREEDING RED-WINGED BLACKBIRDS IN THE DAKOTAS, 1965-1981 By <i>Jerome F. Besser, John W. DeGrazio, Joseph L. Guarino, Donald F. Mott, David L. Otis, Blake R. Besser, and C. Edward Knittle</i> .....	435
NATAL DISPERSAL IN HOUSE SPARROWS: POSSIBLE CAUSES AND CONSEQUENCES By <i>Robert C. Fleischer, Peter E. Louther, and Richard F. Johnston</i> .....	444
AN EXPERIMENTAL STUDY OF NEST SITE SELECTION IN COMMON TERNS By <i>Miriam H. Richards and Ralph D. Morris</i> .....	457
CRITERIA FOR DETERMINING AGE AND SEX OF NESTLING BALD EAGLES By <i>Gary R. Bortolotti</i> .....	467
GENERAL NOTES	
USE OF WOOD DUCK NEST BOXES BY COMMON GRACKLES By <i>Veit M. Spero and T. David Pitts</i> .....	482
ADDITIONAL COMMENTS ON THE MIGRATION OF NORTHERN IDAHO AND EASTERN WASHINGTON OSPREYS By <i>Wayne E. Melquist and Donald R. Johnson</i> .....	483
LONGEVITY RECORD FOR THE SANDERLING By <i>J. S. Boates and R. McNeil</i> .....	485
ROSE UNDERWINGS IN FEMALE ROSE-BREASTED GROSBEAKS By <i>Robert C. Leberman</i> .....	486
RATE AND TIMING OF PREBASIC MOLT OF ADULT BOREAL CHICKADEES By <i>Jeffrey D. Cherry and Peter F. Cannell</i> .....	487
ALTRUISM IN THE HORNED LARK? By <i>Robert C. Beason</i> .....	489
PILEATED WOODPECKER NEST IN NATURAL CAVITY By <i>W. N. Johnson, Jr. and Kevin McGarigal</i> .....	490
